PART I.

Security from Government Officials, Contractors, etc.

No. R. 8527-74—L. R. 405-14-2, DATED 1ST APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 267, dated 1st December 1914, from the Deputy Commissioner of the Shimoga District, forwarding a petition from the shroff of the Taluk Office at Shimoga, praying that the sum of Rs. 500 deposited by him in the Government Savings Bank as security may be taken towards debenture bonds of the same value in the Shimoga District Board Railway Debentures and these bonds accepted as security for his appointment and recommending general sanction to the acceptance of such bonds as security from Government officials, contractors, etc.

Order No. R. 8527-74—L. R. 405-14-2, dated 1st April 1915.

Government are pleased to direct that in all cases where Government of India or Government of Mysore bonds are taken as security from the officials, contractors, etc., in the Revenue or other departments under the existing rules, the District Board Railway Debentures whose interest is guaranteed by Government, be also accepted as security.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. 8738-47—L. R. 10-14-127, dated 6th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5605-14—L. R. 10-14-71, dated 26th December 1914, prescribing a form of register for recording progress of work done under the Village Improvement Scheme by Village Committees.

2. Letter No. 380, dated 26th January 1915, from the Deputy Commissioner, Tumkur District, suggesting slight modifications in column 5 of the form and requesting that arrangements may be made for the supply of printed registers for distribution to Village Committees at cost price.

Order No. R. 8738-47—L. R. 10-14-127, dated 6th April 1915.

The modifications suggested by the Deputy Commissioner, Tumkur District, are approved and the form as revised is printed as an accompaniment to this order.

2. The Superintendent, Government Press, is requested to print on cheap paper and keep in stock for the present 10,000 copies of the register, each containing 50 sheets of the form in duplicate with a perforated line in the middle to facilitate the separation of the duplicate from the counterfoil, and supply copies to the Deputy Commissioners on indent at a cost of three annas per copy. The instructions for filling up the form may be printed inside the cover of each register and need not be repeated on the reverse of each sheet. Each register will last for four years.

3. The Deputy Commissioners are requested to obtain the necessary number of copies of the register from the Superintendent, Government Press, and arrange to supply them to the Village Committees at the price indicated above.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Government Press.

ಗ್ರಾಮೊಳವೈದ್ಧಿಯ ರಿಕಾರ್ಡಿನ ನಮೂನೆಯನ್ನು ಭರ್ತಿ ಮಾಡತಕ್ಕ ಕ್ರಮ

I. ಈ ನಮೂನೆಯಲ್ಲಿ ಒಂದು ರಿಜಿಸ್ಟರನ್ನು ಪ್ರತಿಯೊಂದು ಗ್ರಾಮ ಕಮಿಟಿಯವರೂ ಇಟ್ಟು, ಅವನ್ನು ಕೆಳಗೆ ನಮೂದಿಸಿರುವಂತೆ ಆಗಿಂದಾಗ್ಗೆ ಸರಿಯಾಗಿ ಭರ್ತಿಮಾಡಿ ಜಾಲ್ತಿಯಲ್ಲಿಟ್ಟಿರುವುದಕ್ಕೆ ತಮ್ಮ ಪೈಕಿ ಒಬ್ಬರನ್ನು ಜವಾಬ್ದಾರರನ್ನಾಗಿ ಮಾಡಬೇಕು. ಪ್ರತಿ ಮಾಹೆಯ ರಿಕಾರ್ಡಿನ ಒಂದು ಪ್ರತಿಯನ್ನು ಮುಂದಿನ ಮಾಪೆ ೫ನೆ ತಾರೀಖಿನ ಒಳಗಾಗಿ ಅಮಲ್ದಾರರಿಗೆ, ಆಥವಾ ಡೆಪ್ಯೂಟಿ ಅಮಲ್ದಾರರಿಗೆ ಕಮ್ಮಿಟಿಯವರು ಕಳುಹಿಸಬೇಕು.

II. 1ನೇ ಕಲಂ—ಇದನ್ನು ಕಮಿಟಿ ಮೀಟಿಂಗು ನಡೆದ ಕೂಡ್ಲೆ ಭರ್ತಿ ಮಾಡಬೇಕು.

2ನೇ ಕಲಂ—ಈ ಕಲಂ ವಾರಕ್ಕೆ ಒಂದು ಸಲ ಬರೆಯತಕ್ಕದ್ದಾಗಿದೆ, ಇದರಲ್ಲಿ ವಾರಗಟ್ಲೆ ಮೀಟಿಂಗ್ ನಡಿಸಿದ ತಾರೀಖಿನ ತಪ್ಸೀಲನ್ನೂ, ಮೀಟಿಂಗಿನಲ್ಲಿ ಸೇರಿದ್ದ ಜನಗಳ ಸಂಖ್ಯೆಯನ್ನೂ ಆದೇ ದಿನವೇ ಭರ್ತಿಮಾಡಬೇಕು. ಮತ್ತು ಮೊದಲನೇ ಮೀಟಿಂಗಿನ ವಿಷ್ಯಮೊನವನ್ನು ಮೊದಲನೇ ವಾರದ ಹೆಡ್ಡಿಂಗಿನಲ್ಲಿಯೂ, ಉಳಿದ ಮೀಟಿಂಗುಗಳ ವಿಷ್ಯಮೊನಗಳನ್ನು ಅವುಗಳಿಗೆ ಸಂಬಂಧಪಟ್ಟ ಹೆಡ್ಡಿಂಗುಗಳಲ್ಲಿಯೂ ಬರೆಯಬೇಕು.

3ನೇ ಕಲಂ—ಈ ಪೈಕಿ (1) (2) (3) (4)ನೇ ಕಲಂಗಳ ತಪ್ಸೀಲುಗಳನ್ನು ಮೇಲೆ ಹೇಳಿರುವಂತೆ ವಾರ ಕ್ರಮವನ್ನನುಸರಿಸಿ ಬರೆಯಬೇಕು. ಆದರೆ (5) ಮತ್ತು (6)ನೆ ಕಲಂಗಳನ್ನು ಮಾತ್ರ ಆಫೀಸ್ ತಾರೀಖಿನಲ್ಲಿ ತಾಲ್ಲೂಕಿಗೆ ಪ್ರತಿಯನ್ನು ರವಾನೆ ಮಾಡುವುದಕ್ಕೆ ಮುಂಚಿತವಾಗಿ ಭರ್ತಿಮಾಡಬೇಕು. ಈ ಕಲಂಗಳು ಜಾಲ್ತಿ ತಿಂಗಳಿಗೆ ಮಾತ್ರ ಅನ್ವಯಿಸುತ್ತವೆ.

4ನೇ ಕಲಂ— (1) ಇದರಲ್ಲಿ ಮುಂದಿನ ಮೂರು ತಿಂಗಳುಗಳಲ್ಲಿ ನಡಿಸಬೇಕೆಂದು ತೀರ್ಮಾನಿಸಿರುವ ಕೆಲಸಗಳನ್ನೂ, ಅವುಗಳಿಗೆ ತಗಲಬಹುದಾದ ಖರ್ಚಿನ ಅಂದಾಜನ್ನೂ ಸಂಖ್ಯೆವಾರು ನಮೂದಿಸಬೇಕು.

(2) ಇದರಲ್ಲಿ ಪಾಲಿ ನಡೆಯುತ್ತಿರುವ ಕೆಲಸಗಳನ್ನೂ, ಅವುಗಳ ಜರೀಬು ಎಷ್ಟಾಗ ಬಹುದೆಂಬ ಮೊತ್ತಗಳನ್ನೂ, ತಪ್ಸೀಲಾಗಿ ಭರ್ತಿಮಾಡಬೇಕು. ಮೂರು ತಿಂಗಳಿನ ಕೆಲಸದ ಪಟ್ಟಿಗೆ ಸಂಬಂಧಪಟ್ಟ ವಿವರಗಳನ್ನು ನಮೂದಿಸಬೇಕು.

5ನೇ ಕಲಂ—ಈ ಕಲಂನಲ್ಲಿ ಗ್ರಾಮ ಕಮಿಟಿಯು ಲೆಕ್ಕದ ರಿಜಿಸ್ಟರಿನಿಂದ ಖರ್ಚಾಗಿರುವ ಸಂಖ್ಯೆಗಳನ್ನು ಮಾಪೆ ಆಫೀಸಿಗೆ ಭರ್ತಿಮಾಡಬೇಕು.

6ನೇ ಕಲಂ—ಇದರಲ್ಲಿ ಸಾಲ ಪುರು ಲಾಗಾಯಿತಿನಿಂದ ಆಯಾ ಬಾಬಿನ ಕೆಲಸಗಳು ಯಾವ ಯಾವವು, ಎಷ್ಟೆಷ್ಟು ಖರ್ಚಾಗಿರವು ನಡೆದಿವೆ ಎಂಬ ಸಂಗತಿಗಳನ್ನು ವಿವರಿಸಬೇಕು.

7ನೇ ಕಲಂ—ಇದರಲ್ಲಿ ಅಜಮಾಯಿಷಿ ಬಗ್ಗೆ ಬಂದಿದ್ದ ಪುಸ್ತೀದಾರರುಗಳ ಹೆಸರನ್ನು, ಮತ್ತೇನಾದರೂ ತಿಳಿಸಲರ್ಹವಾದ ವಿಶೇಷ ವಿಷ್ಯಮೊನಗಳನ್ನೂ ನಮೂದಿಸಬೇಕು.

Burrow Pits near Village Sites.

No. R. 8653-60—L. R. 10-14-128, DATED 5TH APRIL 1915.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

CIRCULAR.

No. R. 8653-60—L. R. 10-14-128, dated 5th April 1915.

To—The Deputy Commissioners of Districts.

The digging of burrow pits close to inhabited villages for taking road materials injuriously affects their sanitation by allowing water to collect and stagnate. The vicinity of villages is also thereby rendered unsightly. Instructions have issued to the Public Works Department to prohibit their contractors from burrowing such pits within one furlong of any village. Deputy Commissioners and Presidents of District Boards are requested to issue similar instructions to all other contractors and persons who are in the habit of obtaining materials by scooping out such pits.

2. The draining and gradual filling up of existing pits, close to villages, must be seriously taken up by the Village Committees as part of the programme of work to be done at the weekly gatherings of able-bodied adults.

3. A strip of land 100 feet wide should be marked out round each village or collection of huts, and kept scrupulously clean and free from pits, hollows and rank vegetation.

4. The entrance to every village should be made to look neat and attractive.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Travelling Allowance to Officials undergoing Training for Shekdari.

No. R. 8685-732—L. R. 219-14-8, dated 6th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 9454, dated 4th February 1915, from the Revenue Commissioner in Mysore, requesting instructions regarding the grant of travelling allowances to officials proceeding to Mysore for joining the Shekdari class in the Engineering School there, in accordance with Government Order No. R. 5127- —L. R. 301-12-6, dated 9th January 1914.

Order No. R. 8685-732—L. R. 219-14-8, dated 6th April 1915.

Government are pleased to direct that the officials referred to above be granted half the travelling allowance admissible to them under the Mysore Service Regulations, if they had travelled solely in the interests of the public service.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 8605-52—L. R. 639-13-5, dated 5th April 1915.

To provide a handy book of reference containing reliable statistical information regarding the economic and agricultural conditions of all taluks and sub-taluks, Deputy Commissoners of Districts are requested to arrange for the publication of Taluk Handbooks somewhat on the same lines as District Handbooks. As the Handbook is intended primarily for the use of the residents of the taluk or sub-taluk, arrangements may be made to publish it in Kannada.

2. A few copies of each Taluk Handbook may also be printed in English.

3. To facilitate its compilation, the accompanying form (which has been prepared both in English and Kannada) is suggested. The form is not intended to be exhaustive and the Deputy Commissioners are at liberty to modify or prescribe additional headings. In order to secure uniformity of size, the Handbook should be printed in Crown 16 mo. size. (*Vide* Government Order No. R. 7866-77—L. R. 618-13—30(c), dated the 12th March 1915). It should issue before the end of July next.

4. The necessary number of copies may be printed at private presses and the cost met from the contingencies of the Deputy Commissioner's Office, supplemented, if necessary, by reappropriation.

5. A dozen copies, both English and Kannada, of each Taluk Handbook as it is printed, should be submitted to Government.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Heads of other Departments.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.

No. 8972-82--L. R. 10-14-137, DATED 16TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 8972-82—L. R. 10-14-137, dated 16th April 1915.

The accompanying calendar showing the dates on which the several statements and reports prescribed in connection with the Village Improvement Scheme should be submitted and important items of work to be attended to during the year 1915-16 is forwarded to the Revenue Commissioner and the Deputy Commissioners of Districts for guidance.

2. The formation of Village Committees in villages having a population of not less than 300 in which Committees have not yet been formed if any should be completed by the end of June 1915.

3. The Sub-Division Officers should take necessary action in the matter of appointing new members to the Village Committees for the year 1915-16 in accordance with the instructions contained in Government Order No. R. 6058-107—L. R. 430-13-1, dated the 6th February 1914. This should be completed by the 15th July 1915 and arrangements made to get the record of progress for the month of June 1915 from each Village Committee by the 5th July 1915.

4. The form of Village Statistics prescribed in Government Order No. R. 6058-6107—L. R. 430-13-1, dated the 6th February 1914, and the consolidated return prescribed in Government Order No. R. 371-80--L. R. 10-14-7, dated the 13th July 1914, are revised in consultation with the Revenue Commissioner and the Deputy Commissioners of Districts and issued herewith slightly amended. The Superintendent, Government Press, is requested to print a sufficient number of copies of these forms and supply them to the Deputy Commissioners on indent.

5. The Village Statistics for 1914-15 should be collected in the same way as in the last year, timely arrangements being made by the Deputy Commissioners to obtain and supply the Village Committees or the Village Officers as the case may be with the required number of forms by the 15th May. Copies of the consolidated return should be distributed direct by the Superintendent, Government Press, as indicated in the annexed list before the 15th June 1915.

CONSOLIDATED RETURN OF VILLAGE STATISTICS UNDER THE VILLAGE IMPROVEMENT SCHEME

For the..... DISTRICT / TALUK *for the year 191 —191*

NOTE.

1 For instructions see page 2 of the Village Statistical Form prescribed in Government Order No. R. 6058-6107—L. R. 430-13-1, dated 6th February 1914.

2. Figures for each village should be entered in the hobli return, for each hobli in the taluk return, and for each taluk in the district return.

3. If there are any occupations, industries, or crops more important than those specifically enumerated, particulars regarding them may be given in the column of remarks.

4. In columns 66 to 111, the area should be given correct to the nearest acre (omitting guntas) and the value to the nearest rupee (omitting annas and pies).

No. R. 9034-43—L. R 10-14-139, DATED 19TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Extract from the Proceedings of the Conference of Village Committees in the Maddagiri Taluk, held on the 4th March 1915, received from the Deputy Commissioner, Tumkur District, in the matter of the formation of a Village Common Fund.

Formation of a Village Fund.

The subject of forming a village fund was then discussed, the Taluk Amildar advising the delegates to collect funds as far as lay in their power by contributing on marriage occasions, social or religious gatherings and at the time of harvest. This was unanimously approved by the delegates present. It was also suggested and approved that the sale proceeds of the produce of any communal land in the village and any contribution which the money lenders may make at the time of the settlement of their accounts by their debtors may also be made over to the Village Funds.

It was further resolved that the funds thus collected should be placed in the Government Savings Bank in the name of the Chairman of the Committee and that the Pass Book should be left in the custody of the Amildar, so as to enable the Amildar to scrutinize and control all withdrawals.

G. O. No. R. 9034-43—L. R. 10-14-139, dated 19th April 1915.

Government approve of the proposal made by the delegates that the contributions collected for the Village Common Fund be deposited in the Government Savings Bank in the name of the Chairman of the Committee, the Pass Book being left in the custody of the Amildar to enable him to scrutinize and control all withdrawals.

2. The Deputy Commissioners are requested to issue instructions to the several Village Committees that the Common Fund may be utilized for any work of common benefit to the village with the approval of the villagers as a whole at a meeting convened for the purpose.

3. Deputy Commissioners should arrange to keep Treasury Officers duly informed of changes in the Chairmanship of the Village Committees to obviate risk of payment to persons other than the Chairman for the time being.

READ AGAIN—

Paragraph 7 of Government Order No. R 2201-13, dated the 18th August 1906, regarding the selection of officials from the list of candidates eligible for Amildari and Deputy Amildari for temporary vacancies among Amildars and Deputy Amildars.

READ—

Correspondence ending with letter No 30, dated the 28th July 1914, from the Revenue Commissioner in Mysore, stating that it is not necessary to lay down hard and fast rules for regulating temporary arrangements for charge of Taluks and Sub-Taluks and that the present practice may continue.

Order No. R. 9066-75—L. R. 587-13-3, dated 19th April 1915.

According to paragraph 7 of the Government Order read above, only officials, whose names are included in the list of candidates eligible for Amildari and Deputy Amildari can be placed in charge of Taluks or Sub-Taluks even in cases of temporary vacancies among Amildars or Deputy Amildars. But this rule has been found to be very inconvenient in the case of short vacancies and in order to prevent dislocation of work by temporary transfers of officials, Taluk Sheristadars are frequently placed in charge of Taluks in such cases though their names are not included in the approved list. To obviate this inconvenience, Government are pleased to issue the appended supplementary rules for observance in the case of appointments to the charge of Taluks and Sub-Taluks in temporary vacancies.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Exd.—K. N.

RULES IN REGARD TO TEMPORARY ARRANGEMENTS FOR CHARGE OF TALUKS AND SUB-TALUKS.

Vacancies of one month or less

I. For vacancies of one month's duration or less, the Deputy Amildar of the Sub-Taluk attached to the taluk, if any, may be placed in charge of the current duties of the Amildar. If there is no such Deputy Amildar, the Sheristadar of the taluk may be placed in charge of the current duties of an Amildar whether fully qualified or not for appointment as Amildar. In the case of a Sub-Taluk, the Amildar of the Taluk concerned will be in charge of the Sub-Taluk in addition to his duties.

Vacancies of not exceeding two months.

II. For vacancies among Amildars exceeding one month but not two months' duration, the Deputy Amildar of the adjoining taluk, if any, should be appointed to act and if there is no such Deputy Amildar, the official of the Revenue Department who is first in rank in the approved list in the district concerned may be chosen as Amildar, provided that the local Taluk Sheristadar shall be preferred to such official if his name is included in the list. In the case of a vacancy of Deputy Amildars, the official of the Revenue Department first in the list for the district should be appointed to act.

Vacancies exceeding two months.

III. For vacancies exceeding two months, the official who is first in rank in the approved provincial list will ordinarily be appointed to act as Amildar or Deputy Amildar as the case may be.

Change of the name of Yedahalli into Narasimharajapura.

Village Improvement Scheme Co-operation of Schoolmasters.

No. R. 9324-33—L. R. 10-14-154, DATED 28TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter dated 24th April 1915, from the Inspector-General of Education in Mysore, forwarding a copy of a circular issued by him to all Inspecting Officers and Headmasters of schools in the matter of enlisting the co-operation of Schoolmasters in popularizing the Village Improvement Scheme.

CIRCULAR.

With a view to stimulate economic and other activities in rural areas, Government have set on foot a scheme of village improvement which has been under operation for some time past in a large number of villages. Under the scheme, Village Committees have been organized, on whom devolve functions such as —

(1) improvement of education, including the education of adults and instruction in some industry subsidiary to agriculture;

(2) spreading enlightenment among the masses by means of reading newspapers, delivery of lectures, holding demonstrations, etc.;

(3) opening of Village Libraries and Reading Rooms;

(4) establishment of Co-operative Societies;

(5) providing villages with good water-supply, a village hall, orchards, flower gardens, etc.;

(6) improvement of village sanitation;

(7) improvement in general prosperity of the village by the introduction of better methods of cultivation, reviving industries, providing subsidiary occupations to the poorer agriculturists and encouraging the construction of model houses and the formation of model villages;

(8) collecting funds for works of village improvement.

There is no doubt that individual members of the Village Committees are doing their best towards the achievement of the objects Government have in view. But one of the principal difficulties experienced in making the work of the Committees as a whole effective, is the general lack of intelligent men in villages to act as guides to the Village Committees. It is expected that schoolmasters, wherever they may be, can give material help in popularizing the Village Improvement Scheme and rendering its working efficient. It will be particularly within the sphere of the masters, to give instruction to illiterate adults and to organize continuation classes, to give popular lectures on current topics of interest and on the progress made in the important countries of the world, to organize readings to the people from useful and instructive books and books teaching high ideals of duty and other virtues. The masters may, if they have a desire, also take part in other forms of healthy village activities.

All Inspecting Officers are requested to see that these instructions are properly borne home to the minds of all masters. In their monthly abstract of work and diary, the Inspecting Officers are also requested to note the names of the teachers who interest themselves in the several kinds of work indicated above and shew sustained energy and enthusiasm.

Order No. R. 9324-33—L. R. 10-14-154, dated 28th April 1915.

Recorded and communicated to the Deputy Commissioners of Districts for information.

NOTIFICATION.

No. R. 8906—Ft. 145-14-5, dated 14th April 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from the 1st July 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof :—

District	Taluk, hobli and villages*	Approximate area	Name of block	
Hassan ... *Villages 1. Alavalli 2. Kadagarvalli 3. Kadagarvalli Coffee Estate	Manjarabad : Maranahalli	3·3 square miles	Kenchana-kumri	*Situation.*—It is situated at a distance of ten miles south-west of Saklespur. *Boundaries.* *North.*—Starting from the junction of Hongadihalla and Yathinahalla streams, the line runs north-east along the left bank of the said Yathinahalla

to a point on the west side of survey No. 21, about 18 chains north-west from the north-west corner of survey No. 26 of Alavalli.

East.—Thence south along the west side of survey No. 21 of Alavalli to its south-west corner, then south-west through survey No. 14 of the said village for about 10 chains to a point on the south side of the same survey number about 5 chains south-west from the northernmost corner of survey No. 13 of the same village, then south-west, south, south-west and south-east through survey Nos. 60 and 62 for about 17 chains to a point about 2 chains south-west from the south-west corner of survey No. 13; then south-west for 8 chains through survey No. 62 to a point on its south side about 2 chains south-west from the south-west corner of survey No. 63; then in the same direction through survey Nos. 59 and 60 to a point about 3 chains north-west from the south-west corner of survey No. 57, then west through survey No. 60 for about 6 chains, then south-west through survey No. 60 of Alavalli and survey No. 19 of Kadagarvalli for about 13 chains to a point about 2 chains west from the westernmost corner of survey No. 80 of the latter village; then south-east through survey No. 19 for about 14 chains to a point about 2 chains west from the north-west corner of survey No. 92; then south through survey No. 19 for about 11 chains to a point about 2 chains west from the south-west corner of survey No. 92, then south-east through survey No. 19 for about 12 chains to a point about 2 chains south-west from the south-west corner of survey No. 17, then south-west through the said survey No. 19 for about 17 chains to a point on the south side of the same survey number about 2 chains north-west from the south-west corner of survey No. 13, then south-east through survey No. 1 of Kadagarvalli Coffee Estate for about 7 chains crossing the Cheerahalla to a point about 2 chains west from the north-west corner of survey No. 11 of Kadagarvalli; then south along the left bank of the said Cheerahalla for about 18 chains to a point on the north side of survey No. 22 of Kadagarvalli about 2 chains north-west from the north-west corner of survey No. 23 of the same village; then west along the north side of the said survey No. 22 to its north-west corner, then south along the west side of the same survey number to its south-west corner.

South and west.—Thence along the right bank of the Hongadihalla to the starting point.

Remarks.—A. The following rights of way are admitted within the block throughout the year.

(1) Foot-path from Kadagarvalli to Yedakumari, 6 feet wide and about 19 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 2 chains west from the north-west corner of survey No. 11 of Kadagarvalli, runs south-east and south-west through survey No. 1 of Kadagarvalli coffee estate and quits the forest in its southern boundary at a point about 7 chains north-west from the north-west corner of survey No. 23 of Kadagarvalli.

(2) Foot-path branching from the above foot-path and leading to Bommadevaru temple on the Kotebetta hill in survey No. 20 of Kadagarvalli, 6 feet wide and about 113 chains long, open for men and cattle. It branches from the above foot-path at a point about 2 chains west from the north-west corner of survey No. 11 of Kadagarvalli, runs west and south-west along the left bank of Cheerahalla and south-east along the right bank of Hongadihalla and through survey No. 20 of the same village and reaches the said Bommedevaru temple.

B. The undermentioned concessions are admitted within the block :—

The raiyats of Alavalli (133 cattle) and Kadagarvalli (227 cattle) are entitled to graze their cattle free in the reserve during the prescribed season.

Letter No. 7379, dated 22nd December 1914, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

I have the honour to forward herewith for the orders of Government, letter No. 170, dated the 2nd December 1913, together with its enclosures (in original) from the Forest Settlement Officer, received with Hassan Deputy Commissioner's docket No. 417—R., dated the 16th April 1914, reporting on the conclusion of the settlement of the Kenchannakumari Block in the Manjarabad Taluk and to state that the block in question is situated on the eastern slope of the western ghats, abotut,

No. R. 8902-5—Ft. 145-14-4, dated 14th April 1915.

5 miles to the west of the high road from Saklespur to Heitur It covers an area of 2,117 acres, 36 guntas or about 3·3 square miles, comprising assessed waste, kharab and gomal lands taken from the villages of Alavalli and Kadagaravalli. The abandoned Kadagarvalli Coffee Estate (165 acres, 13 guntas) has also been included in the reserve.

2. Out of the five claims preferred before the Settlement Officer, two were fully admitted and two others were partly admitted, while the fifth was rejected. No appeal was filed to the Deputy Commissioner against the decision of the Forest Settlement Officer.

3. As adequate provision has been made for the pasturage of the cattle of the villages concerned the reservation of the block may be approved and the final notification ordered to be issued.

Letter No. 170—Enclosure 5, dated Bangalore, the 2nd December 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Hassan District

I have the honor to report on the conclusion of the settlement of the Konchankumari Block in the Manjarabad Taluk of the Hassan District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on page 261 of the English issue of the *Mysore Gazette*, Part I, dated the 8th August 1912; and the proclamation under Section 5 of the said Regulation appeared on page 561 of the Kannada issue of the *Mysore Gazette*, dated the 13th October 1912. The proclamatory notices were got served on the villagers concerned through the Amildar of the Manjarabad Taluk.

3. The tract was inspected and perambulated by me in company with the Amildar and the District Forest Officer on the 14th and 15th April 1913

4. The undermentioned five claims were preferred to me during the enquiry :—

(i) One claim to the right of worship.
(ii) One claim to the right of free grazing.
(iii) Three claims to miscellaneous rights.

The claims in (i) and (ii) were admitted. Of the three claims in (iii) two were partly admitted and one rejected.

5. The Deputy Commissioner has intimated in his docket No. 287, dated 9th September 1913. that no appeals have been preferred to him against my decision relating to the settlement of the block in question.

6. The following records are herewith submitted :—

(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kenchankumri State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Puttay Gowda, patel of Alavalli.	14th April 1913	Represents that the lands situated on the other side of the halla known as Yathinahalla are inaccessible to his village cattle owing to the said halla becoming unfordable throughout the rainy season, and that the lands to the east of the village are also inaccessible to his village cattle, and therefore prays that the demarcation line may be shifted so as to exclude the lands up to the ridge of the hills, *viz.*, Hirikuravu Manchinari and Galigandi, for the pasturage of his village cattle.	....	The area set aside for the use of the villagers for grazing their cattle (130) *viz.*, 772 acres, 17 guntas is more than necessary and hence no extra grazing land is required. There are several path ways to the gomal lands. It will be very difficult for the maintenance, inspection, patrol and clearing, if the preliminary demarcation line is laid on the ridge of the hills as prayed for by the Raiyats. The preliminary demarcation line as now laid out may be confirmed as the tract consists of many valuable trees. It is true that the cattle will be exposed to the force of the monsoon if they have to graze in the gomal left on the eastern side, only when rain is actually pouring down while they are grazing. There are trees in patches in these gomal lands to offer protection to the animals.	After deducting the area proposed for the reserve, there will then remain 21 acres, 30 guntas of kharab and 772 acres of gomal for the communal requirements of the Alavalli village, and this area is more than ample for meeting the requirements of the raiyats. But, they represent that the lands situated on the other side of the Yathinahalla are inaccessible to their cattle owing to the said halla becoming unfordable throughout the rainy season and that they cannot stay during the rainy season in the pasture lands situated to the east of the village owing to the monsoon winds. They therefore pray that the preliminary demarcation line which runs at the edge of their paddy fields may be shifted to the ridge of the hills known as Hirikaruvu, Manchinari and Galigundi. On the other hand, it is argued by the District Forest Officer that if the forest boundary be shifted to the ridge of the above hills as prayed for by the raiyats, the annual clearance, maintenance and inspection of the demarcation line become extremely difficult and involve extra cost to Government. There is much force in this argument. But on this account, it is not equitable to increase the difficulties of the Malnad raiyats in procuring pasture for their cattle. A margin of 5 chains has to be left between the demarcation line and the paddy fields along which it now runs. If this rule is to be enforced in this case, the line will have to be run horizontally along the middle of the eastern slope of the above hills which are very steep. In that case also, its annual clearance and inspection will become extremely difficult. As the raiyats' prayer relates to the concession of the right of grazing, the only alternative is to shift the line near the cultivated fields to the foot of the said hills and to concede to them the right of free grazing.		

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kenchankumri State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						as otherwise the proximity of the forest boundary to the lands under cultivation will be a standing menace and a source of annoyance to them. Further, any liberal concession to the Malnad raiyats in the matter of grazing, cannot be considered too much, as under the leafy canopy of the ever-green forest the growth of grass is very poor. I accordingly direct that the preliminary demarcation line running from the south-west corner of Survey No. 21 along western side of the paddy fields and the Holeyar huts, be shifted westwards by about 2 chains wherever feasible and that the raiyats of Alavalli be entitled to graze their cattle (133) free in the reserve during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 16th April 1913.		
9	Manjegowda, patel of Kadagarvalli.	14th April 1913	States that the preliminary demarcation line runs at the edge of cultivation, that survey No. 49 which is one of the village gomal lands cannot be resorted to by the village cattle during rainy season as the paddy fields between it and the village will then be under cultivation, and prays that the demarcation line may be shifted so as to exclude from the reserve survey Nos. 19 and 22 (gomal) Kadagarvalli Coffee Estate and the portion of survey No. 20 situated between the Cheerahalla and Hongadihalla.	.....	The extent of lands left for grazing is 430 acres, 31 guntas of gomal and 95 acres, 24 guntas of kharab and this is more than ample. Hence no extra land need be set apart for this purpose.	In the Kadagarvalli village also a portion of the preliminary demarcation line lies between the steep hills and the paddy fields of the village as well as some dwelling houses of the holders. For the foregoing reasons, I direct that it be shifted westwards by about 2 chains, beginning with the north-west corner of Survey No. 80 and ending with south-west corner of Survey No. 19; then across the Cheerahalla and then along the left bank of the said halla till it meets the south-east corner of the Kadagarvalli (Coffee Estate), and that the raiyats of Kadagarvalli be entitled to graze their cattle (227) free in the Reserve during the prescribed season of the year. C. VENKATA RAO, Forest Settlement Officer. 16th April 1913.	.....	

3	Manjegowda, patel of Kadagarvalli.	14th Apl. 1913	Represents that the raiyats go to Kotebetta in Survey No. 20 for worshipping Bommedevaru once a year and that this right may be admitted as usual, as also the right of way to the foot-path leading to it along the Cheerahalla and to the foot-path leading to Yedakumari.	.....	Permission may be given to worship in the Bommedevaru tree in Kotebetta one day in the year in the month of Sravana.	The raiyats have set up a claim to the right to worship once in a year Bommedevaru on the Kotebetta in Survey No. 20 of Kadagarvalli and to the right of way to the foot-path leading to it along the Cheerahalla as well as to the right of way to the foot-path leading to Yedakumari. I decide that O rights be admitted. C. VENKATA RAO, Forest Settlement Officer. 16th April 1913.	.....
4	Do	Do ...	States that the cattle of Kadagarvalli have been grazing in the Bechirak village of Kadagarvalli Coffee Estate, and begs that this right may be conceded to the raiyats.	.....	The raiyats of Kadagarvalli have no right to ask that any portion of Kadagarvalli Coffee Estate should be left for their use, as it forms a separate village and over which they have no right of any kind, being an abandoned Coffee Estate.	Kadagarvalli Coffee Estate is treated as a separate village in the Survey Settlement. As it is Bechirak now, there can be no objection to its inclusion in the proposed State Forest. The village patel has claimed the right to graze the cattle of Kadagarvalli free in the lands of the Bechirak village referred to above. As the right of free grazing in the whole reserve has, as ordered above, been conceded to the raiyats of this village, there is no necessity to record a separate finding with reference to this claim. C. VENKATA RAO, Forest Settlement Officer. 16th April 1913.	.....
5	Nanjegowda, resident of Lingadahalli.	Do ...	States that he applied for purposes of cultivation Survey No. 16 of Alavalli, that in the sale held by the Revenue authorities his bid was accepted as being the highest, that the said sale has not yet been confirmed, that he has paid Rs. 644 and odd, and that the whole of this survey number is included in the reserve, and therefore begs that this survey number may be excluded from the reserve.	.....	As this is valuable bit of jungle it has to be reserved as a State Forest.	One Nanjegowda has advanced a claim to Survey No. 14 of Alavalli, as he has purchased it in the sale held by Revenue authorities. From the correspondence furnished by the Amildar, it is ascertained that the said survey number was applied for for the cultivation of cardamom and that his was the highest bid in the revenue sale held in September 1912, but that the sale has not yet been confirmed. It is not known why the Revenue authorities held a sale of the land in question, when it had been included in the reserve in respect of which the Government Notification under Section 4 of the Forest Regulation dated 2nd August 1912, had been duly published in the *Mysore Gazette*. The proclamation under Section 5 of that Regulation was published on the 19th October 1912. As under Section 6 of the said Regulation, no right of occupancy can be granted in respect of the said land without the previous sanction of Government. I reject the claim in question. C. VENKATA RAO, Forest Settlemet Officer. 16th April 1913.	.....

NOTIFICATION.

No. R. 9261—Ft. 113-14-4, dated 24th April 1915.

The Government of His Highness the Maharaja of Mysore is pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation No. I of 1900, that, from the 1st July 1915, the area, the boundaries of which are given in the Schedule appended to this notification, shall be deemed to be a "State forest," subject to the exercise of rights specified at foot thereof —

SCHEDULE

District— Kolar
Taluk—Chintamani
Hobli—Munganhalli
Villages—1. Billandahalli, 2. Bodampalli 3 Sunnapagutta, 4 Bolagundlahalli, 5. Somakalhalli, 6. Konapura, 7 Bathahalli, 8 Yenamalapadi 9 Hanumagarhalli, 10 Channarayanhalli, and 11 Chimalgutta.

Situation—The block lies in the north of the Chintamani Taluk on the Cuddapah frontier.

Boundaries

North.—Starting from a point on the east side of survey No 346 (tank) of **Billandahalli, about 5 chains south from its northernmost corner**, the line runs north-east through survey No **163** of the same village along a halla for about 37 chains to the top of a ridge, then south-east for **16 chains** through the same survey number meeting its east side where a foot-path crosses it, **then south-east** through survey No 164 for about 35 chains to the south-west corner of survey No **204 (tank)**, then **east through survey No. 164** for about 40 chains to a point on its east side about **15 chains south** from the south-east corner of survey No 188.

East.—Thence south and south east along the Cuddapah District frontier to the **north-west corner of survey No. 138** of Yenamalapadi, then south along its west side for about **50 chains** to a **point about 5 chains north** from the north east corner of survey No. 63 of Yenamalapadi, **then north-west through survey No. 139** of the same village for about 60 chains in a straight line so as **to meet its west side at a point about 28 chains** south from its north-west corner, then west for about **30 chains in a straight line through** survey No 179 to a point about 5 chains north west from the **northernmost corner of survey No 231**, then south-west through survey No. 179, for 16 chains to a **point about 5 chains west** from the south-west corner of the said survey No 231, then south-east **for 23 chains through the said survey No. 179**, to a point about 5 chains south-west **from the south-west corner of survey No. 178**, then south-west through the said survey No 179 **for about 29 chains to the north-west corner** of survey No 175 (tank) of Yenamalapadi **then south-west for about 6** chains along its west side, then in the same direction through survey 181, for about **30 chains to the** north-west corner of survey No 58 of Channarayanhalli, then north-west along the north side of survey No. 86 of the same village for about 20 chains, then south-west through the said survey No. **86 for about 59 chains to a point** on its south side about 5 chains north-west from the north-east corner of survey No. 46 of Bodampalli, then north-west along the north side of survey No. 44 of the said village for about 18 chains to its north-west corner, then south-west along its west side to its south-west corner, then south east through survey No 71 of Konapura for about 20 chains to a point about 14 chains south-west from its north-east corner, then south east through the said survey No. **71** for about 18 chains to meet its east side at a point about 10 chains south-east from its north-east corner, then south east through survey No. 44 of Bodampalli for about 8 chains to a point about **16** chains south from the south west corner of survey No 45 of the latter village, then south east through survey No. 44 of Bodampalli for about 19 chains to the westernmost corner of survey No 138 (tank) of the same village.

South.—Thence west through survey No. 71 of Konapura for about 43 chains in a straight line to a point on its west side about 13 chains north-west from the north-west corner of survey No. 73 of the said village, then north along the east side of survey No 36 of Bathahalli for about 16 chains and north-west through the said survey number for about 11 chains so as to meet its west side at a point about 21 chains south-west from its northernmost corner, then north-west through survey No. 19 of Somakalhalli for about 19 chains meeting its north side at a point about 20 chains west from its north-east corner; then west along the north side of the said survey No. 19 for about 39 chains to the northernmost corner of survey No. 17 of the same village, then north-west along the south side of survey No. 29 of Chimalgutta to its south-west corner, then north-west through survey No. 20 of Chimalgutta for about 29 chains to the north-east corner of survey No. 18 of the same village.

West.—Thence north-east through survey No. 20 of Chimalgutta for about 26 chains to a point 10 chains south-west from the north-west corner of survey No. 29, then east through the same survey number for about 7 chains to meet its east side at a point about 6 chains south from the north-west corner of survey No. 29, then east through the said survey No. 29 for 12 chains to meet its east side at a point about 5 chains south from its north-east corner, then north for 5 chains along its east side to its north-east corner, then south-east through survey No. 65 of Hanumagarhalli for about 42 chains to the south-west corner of survey No. 60, then east along its south side to its south-east corner, then north-east through survey No. 58 for about 20 chains to the south-east corner of survey No. 59 (tank), then in the same direction for about 51 chains to a point on its north side about 6 chains south-east from the south-west corner of survey No. 272 of Sunnapagutta, then north-west through survey number 269 of the same village for about 10 chains to the south-east corner of survey No. 272, then north-west along its east side to its north-east corner, then north-east along the north side of survey No. 271 to its north-east corner then north along the east side of survey No. 274 to its north-east corner, then along north-west along the east side of survey No 193 for about 18 chains so as

No. R. 9261-4—Ft. 143-14-4, dated 24th April 1915.

to meet a halla at a point about 18 chains east from the south-west corner of survey No. 210, then north-east along the said halla through survey No. 219 for about 30 chains so as to meet the south-west corner of a tank, than north-west through the same survey number for about 22 chains to the south-east corner of survey No. 28 of Bodigundlahalli, then west along the south side of the same survey number for about 20 chains, then north through the said survey No. 28 for about 14 chains so as to meet a halla at a point about 8 chains east from the south-east corner of survey No. 48, then north-east through survey No. 28 for about 14 chains to the south-east corner of survey No. 45, then north along its east side to its north-east corner, then north-west through survey No. 28 for about 13 chains to meet its north side at a point about 7 chains north from the north-west corner of survey No. 45, then west along the north side of survey No. 28 for about 12 chains to a point about 11 chains north from the north-west corner of survey No 46, then north-east through survey No. 163 of Billandahalli for about 37 chains in a straight line to the south-east corner of 346 (tank), then north along its east side for 22 chains to the starting point.

Remarks.—A. The undermentioned rights of way are admitted in the block throughout the year:—

1. Foot-path from Billandahalli to Puttagundlahalli, 6 feet wide and about 56 chains long, open for men and cattle. It enters the forest in its western boundary at the south-east corner of survey No. 346 (tank) of Billandahalli, runs north-east through survey No. 163 of the same village and quits the forest in its northern boundary.

2. Foot-path from Bodigundlahalli to Madanapalli (Cuddapah District), 6 feet wide and about 79 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 5 chains south-west from the south-east corner of survey No. 45 of Bodigundlahalli, runs north-east and east through survey No. 28 and the enclosure in the same village, and quits the forest in its eastern boundary at a point about 2 chains north from the south-east corner of survey No. 28.

3. Foot-path from Sunnapagutta to the enclosure in survey Nos. 219 and 269 of the same village, 6 feet wide and about 1 chain long, open for men and cattle. It crosses the demarcation line at a point about 12 chains west from the north-west corner of survey No. 265 of Sunnapagutta.

3. (a) Foot-path from Bodigundlahalli to the Sunnapagutta enclosure, open for men and cattle. It crosses the demarcation line at a point about 5 chains south-west from the south-west corner of survey No. 211 of Sunnapagutta.

4. Cart-track from Sunnapagutta to the enclosure in the same village, 15 feet wide and about 23 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 19 chains east from the southernmost corner of survey No. 210 of Sunnapagutta, goes east through survey No. 219 to the enclosure.

5. Cart-track from Chennarainhalli to Hanumagarhalli, 15 feet wide and about 50 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 4 chains north-east from the north-east corner of survey No. 59 (tank) of Hanumagarhalli, goes south-east through survey No. 58 of Hanumagarhalli and survey No. 86 of Chennarainhalli and quits the forest in its eastern boundary at a point about 11 chains north-west from the north-west corner of survey No. 107 of Chennarainhalli.

6. Cart-track from Konapura to Chimalgutta, 15 feet wide and about 107 chains long, open for men, cattle and carts. It enters the forest in its southern boundary at a point about 5 chains north-west from the northernmost corner of survey No. 17 of Somakalhalli, runs east, north-east and south through survey Nos. 20 and 29 of Chimalgutta, survey No. 65 of Hanumagarhalli and survey No. 71 of Konapura, and quits the forest in its southern boundary at a point about 4 chains north from the north-west corner of survey No. 73 of Konapura.

7. Foot-path from Chimalgutta to the well and the tank in survey No. 29 of the same village, 6 feet wide and about 35 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 5 chains north-west from the northernmost corner of survey No. 17 of Somakalhalli, runs north through survey Nos. 20 and 29 of Chimalgutta and quits the forest in its western boundary at a point about 7 chains south-west from the north-east corner of survey No. 29 of Chimalgutta.

8. Cart-track from Batlahalli to Konaguntla and on to Chennarainhalli, 15 feet wide and about 20 chains long, open for men, cattle and carts. It enters the forest in its southern boundary at a point about 37 chains north from the north-west corner of survey No. 37 of Batlahalli, runs north-east and east through survey No. 36 of Batlahalli and survey No. 71 of Konapura and quits the forest in its eastern boundary at a point about 28 chains north from the north-west corner of survey No. 73 of Konapura.

8. (a) Cart-track from Chennarainhalli to Konaguntla, 15 feet wide and about 5 chains long, open for men and cattle. It branches from the cart-track No. 5 *supra* in survey No. 86 of Chennarainhalli, goes south through the said survey number and quits the forest in its eastern boundary at a point about 8 chains north from the north-west corner of survey No. 46 of Bodampalli.

9. Cart-track from Yenumalpadi to Malali (Cuddapah District) 15 feet wide and about 41 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 24 chains north-east from the north-east corner of survey No. 231 of Yenumalpadi, goes north-east through survey No. 139, and quits the forest in its eastern boundary at a point about 30 chains east from the north-west corner of survey No. 139 of Yenumalpadi.

No. R. 9261-4—Ft. 143-14-4, dated 21th April 1915.

10. Foot-path from Yenumalpadi to Cuddapah District, 6 feet wide and about 39 chains long open for men and cattle. It enters the forest in its eastern boundary at a point about 7 chains south-east from the north-east corner of survey No. 63 of of Yenumalpadi, runs north through survey No. 139 and quits the forest in its eastern boundary at a point about 10 chains south from the north-west corner of survey No. 138 of Yenumalpadi.

11. Foot-path from Yenumalpadi to Cuddapah District, 6 feet wide and about 35 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 16 chains north-east from the north-east corner of survey No. 231 of Yenumalpadi, runs north-west through survey No. 179 and quits the forest in its eastern boundary at a point about 22 chains west from the north-east corner of the said survey No. 179.

12. Foot-path from Yenumalpadi to Sunnapagutta, 6 feet wide and about 92 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 9 chains west from the south-west corner of survey No. 182 of Yenumalpadi goes north-west through survey No. 181 of the said village and survey No. 58 of Hanumagarhalli and quits the forest in its western boundary at a point about 6 chains south-east from the south-west corner of survey No. 272 of Sunnapagutta.

B. The following concessions are admitted in the block :—

(i) Survey Nos. 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, and 42 (tank) of Bodigundlahalli and survey Nos. 215, 216, 214, 213, 212, 217, 211, 218, 224 223, 221, 220, 222, 225, 226, 227, 228, 229, 230, 231, (tank) 232, 233, 234, 235, 236, 237, 238 239, 240, 241, 242, 243 244, 245, 246, 247, 248, 249, 251, 250, 252, 253, 254, [illegible] 256, 257, 258, 259, (tank) 260, 261, 262, 263, 264, 265, 266, 267, and 268 of Sunnapagutta are clubbed together and treated as an enclosure in the block having the following boundary :—

Starting from the north-west corner of survey No. 42 (tank) of Bodigundlahalli, the line runs east along the south side of survey No. 63 of Billandlahalli for about 15 chains to a point about 3 chains west from its south-east corner, then south-east through survey No. 28 of Bodigundlahalli for about 19 chains to the north-west corner of survey No. 218 (tank) of Sunnapagutta, then along its north side to its north-east corner, then north-east and east along the south side of survey No. 28 of Bodigundlahalli for about 55 chains to its south-east corner, then south along the demarcation line for about 50 chains to the south-east corner of survey No. 246 (tank) of Sunapagutta, then along its south side to its south-west corner, then north-west through survey No. 269 for about 18 chains to a point about 5 chains south from the south-east corner of survey No. 252, then south-west through the same survey number for about 10 chains and west, for about 10 chains to the southernmost corner of survey No. 259 (tank), then south-west along the north side of survey No. 269 for about 40 chains, then north through survey No. 219 for about 47 chains to a point on its north side about 5 chains south-west from the south-west corner of survey No. 211, then north along the west side of survey No. 219 for about 17 chains to the north-west corner of survey No. 215, then north-east through survey No. 28 of Bodigundlahalli for about 20 chains to the westernmost corner of survey No. 42 (tank), then north-east along its west side for about 5 chains to the starting point.

(ii) Gerla Byanna's tank in survey No. 28 of Bodigundlahalli is treated as an enclosure in the block, access being along a foot-path branching from foot-path No. 2 *supra*.

(iii) Yeddulolachaluma in survey No. 58 of Hanumagarhalli is treated as an enclosure in the block, with a right of way along a foot-path branching from the cart-track No. 5 *supra*.

(iv) The raiyats of Chennarainhalli are permitted to quarry stones in the quarry situated in survey No. 86 of the same village.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Konaguntlu State Forest, etc.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	B. Ramireddi, patel of Billandahalli.	17th Nov. 1913	States that the lands now left for grazing consist of sheet rocks and are therefore unfit for that purpose, and prays that one-half of the survey Nos. 163 and 164 (northern portion) any be excluded from the reserve for the use of the raiyats.	.....	There still remains 491 acres of gomal and 474 acres of kharab for the use of 634 head of cattle which is five times more than what is required.	*1 and 2* According to the proposal of the Forest Department the village of Billandahalli has to contribute a very large area of kharab lands measuring no less than 810 acres and 29 guntas. As the gomal lands assigned to the village consist of mere sheet rocks, the village cattle have to depend upon the adjoining kharab lands, the pasturage of which is sold annually to the raiyats by the Revenue Department for almost a nominal price. Besides, the hamlet of Puttagundahalli situated in the extreme north-east corner of the village and abutting on the British frontier has hardly any good pasture land, and it will become quite isolated from the asli village if the proposed demarcation line of the forest be confirmed. In these circumstances it is necessary to shift the forest boundary in its neighbourhood so as to have about 250 acres of kharab for the use of the cattle of the asli and the dakle villages. I accordingly direct that the demarcation line at the southernmost corner of survey No. 204 (tank) be shifted and taken in a north-westerly direction on the ridge of the hill, in survey No. 164 for about 35 chains so as to meet its west side at a point about 32 chains south from its north-west corner, then in the same direction for about 16 chains through survey No 163 meeting the ridge of the hill situated in that survey number and then west and south-west along a halla for about 37 chains so as to meet the east side of survey No. 346 (tank) at a point about 5 chains south from its northernmost corner bands By this modification of the boundary the temple of Obleswara to which a claim has been preferred will be excluded from the Reserve as also the cart-track leading to Puttagundahalli hamlet. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913.	.....	
2	Venkatesubba Reddi, patel of Bodigundlahalli.	Do ...	Requests that the temple of Obleswara in survey No. 163 to which the villagers go every week for worship, may be excluded from the reserve.					

3	Byrareddi, patel of Billandahalli	17th Nov. 1913	Requests that right of way to the foot-path leading from survey No. 346 of Puttagundlahalli may be admitted.	.....	May be given ...	Right of way to the foot-path leading from Bikandhalli *via* survey No. 168 to Puttagundlahalli will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913.	... ...
4	Venkatarabba Reddi, acting patel of Bodigundlahalli.	Do ...	Represents that his village tank and the occupied lands under it may be excluded from the reserve with a sufficient margin.	.....	These may be treated as enclosure	The village of Bodigundlahalli is bachirak, and the area of gomal of 80 acres still left for it is more than enough for the cattle owned by the raiyats cultivating its lands. As the preliminary demarcation line touches cultivated land bearing survey No 46, it should be shifted. I accordingly direct that it be deviated and taken along the nor side of survey No 28 for about 12 chains, then south-east for about 13 chains to the eastern corner of survey No. 45, then along its east side to its south-east corner, and then south-west for about 14 chains so as to meet a halla at a point in survey No. 28 about 8 chains east from the easternmost corner of survey No 48. Tank bearing survey No. 42 and the entire ashakut of it consisting of survey Nos 36, 38, 29, 30. 31, 32, 33, 34, 35, 37, 39, 40 and 41 will be demarcated out free from reservation with sufficient margin as shown in the accompanying sketch map. C VENKATA RAO, Forest Settlement Officer 19th November 1913	...
5	Do ...	Do ..	Requests that right of way to the foot-path leading to Madanapalli and to that leading to the pond in the breached tank in survey No. 28 to which the village cattle go for drinking water, may be admitted.		May be admitted	Right of way to the foot-path leading to Madanapalli *via* survey No 28 and to that relating to the foot-path branching from it and leading to the breached tank in survey No. 28, which will be treated as an enclosure, will be admitted C. VENKATA RAO, Forest Settlement Officer 19th November 1913	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Konaguntlu State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
6	Naravanareddi, patel-gumasta of Sunnappagutta.	17th Nov. 1913	States that the proposal includes within the reserve six tanks and their entire atchkat and prays that they may be excluded as also survey No. 219, and a portion of survey No. 269 abutting on survey No. 270, as otherwise there will hardly be any pasture left for grazing.	.. ..	Occupied lands under tanks may be treated as enclosures As the raiyats will have five times the area required for them, their claims are unreasonable.	The block of land proposed from the Sunnapagutta village to be included in the forest is honeycombed with a series of small tanks commanding irrigation of a number of small paddy fields scattered over the place. There is no alternative but to treat them as enclosures. To avoid several ring lines being cut around them for fire protection, and to enable the village raiyats to obtain *soppu* as usual from the honge trees which surround their wet lands and upon which the entirely depend for manure, I would club the above mentioned tanks and achakat under them and form an enclosure in the reserve. I accordingly direct that an enclosure be formed having the following boundary :— Starting from the north-west corner of survey No. 215, the line will run east, and north-east along the southern boundary of the Bodiguntlahalli village to the north-east corner of survey No. 219, then along its east side to the north-east corner of survey No. 246 (tank), then along the east side of the latter survey number to its south-east corner, then along its south side to its south-west corner, then north-west for about 17 chains through survey No. 269 to a point about 6 chains south from the south-east corner of survey No. 252, then south-east for about 11 chains through the said survey No 269 to a point about 6 chains south from the south-east corner of survey No 257, then south-west for about 12 chains to meet the southernmost corner of survey No. 259 (tank), then south-west along the south side of survey No 269 for 40 chains, then north for about 25 chains through survey No. 219 to meet the north-west corner of a tank, then in the same direction for 22 chains to meet the north side of survey No. 219 at a point about 5 chains south-west from the south west corner of survey No. 211, and then north for 17 chains along the southern boundary of the Bodigundlahalli to the starting point.	....	

6	....	.....	...		The abovementioned occupied lands are situated far away from the dwelling houses of the raiyats and separated by a small block of land of about 60 acres adjoining their gomal survey No 193, along which they have to take their plough bullocks. As this plot of ground is well suited for grazing purposes I would exclude it from the reserve and accordingly direct that the preliminary demarcation line touching the north east corner of survey No 193 be deviated and made to run eastwards along the southern boundary of Bodigundlahalli for about 21 chains then south through survey No 219 of Sunnapagutta for 22 chains meeting a hillock and then along the said hillock for about 6 chains to meet the east side of the said survey No 193 at a point about 15 chains east from the easternmost corner of survey No 210 C VENKATA RAO Forest Settlement Officer 19th November 1913
7	Narayanareddi, patel-gumasta of Sunnapagutta.	17th Nov 1913	Requests that right of way to the cart track leading from Sunnapagutta and passing through survey No 219 and to the two foot-paths shown in the village map may be admitted		Right of way to the cart track (15 feet wide) and to the foot path (6 feet wide) leading from Sunnapagutta through survey No 219 will be admitted as also the claim relating to the path from Bodigundlahalla which falls outside the settled boundary C VENKATA RAO Forest Settlement Officer 13th November 1913
8	Siddareddi, patel of Hanumagarahalli.	Do	Represents that as the gomal remaining for the village is stony a portion of survey No 58 as far as the Yaddalola chaluma and the portion of survey No 65 marked by him in pencil in the village map, may be excluded for grazing purposes and the said chaluma treated as an enclosure	Survey Nos 58 and 65 are kharab and only one-half of them has been taken for the forest leaving the other half to the raiyats besides the gomal lands are left undisturbed Therefore the claim is unreasonable The chaluma may not be treated as a enclosure as it does not contain water during summer	In the case of Hanuma aralahalli excluding the area of lands proposed for being taken up for the forest the question there remains for [illegible] and other communal requirements of the raiyats Deducted 102 acres of gomal and 87 acres of kharab which is more than enough The pond known as Yaddulola chaluma in survey No 58 to which the village cattle resort for water will be treated as an enclosure with right of way to it along a foot path branching from the cart track leading to Channanahalli the right of way to which is also admitted C VENKATA RAO Forest Settlement Officer 19th November 1913

B.—Register of claims to lands, rights to forest produce or easements in the proposed Konaguntlu State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
9	Siddareddi, patel of Manumagarahalli.	17th Nov. 1913	Requests that right of way to the foot-path leading to Konaguntlu may be admitted.	.....	May be allowed ...	I reject the claim of the villagers to the foot-path leading to Konaguntlu, as the right of way to the latter may be exercised along the cart-track admitted *supra*. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913.		
10	Ascertained by the Forest Settlement Officer.	Do ...	Right of way to the cart-track leading from Konapur to Chimalgutta and passing through survey No. 65 of Hanumagarhalli may be admitted.	.....	. .	The right of way to the cart-track from Konapur to Chimalgutta passing through survey No. 65 of Hanumagarpalli will be admitted for men, cattle and carts all the year round. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913.	. . . .	
11	Byrareddi, patel of Chimalgutta.	Do ...	States that there is a tank as well as a pond in survey No. 29 known as Madimavida Kunta and Doddabhavi, respectively, and prays that these may be excluded from the reserve, as the water thereof is used both for irrigation and drinking purposes, as also survey No. 20, as the gomal left for the village is in adequate.	.....	This is an insignificant tank not shown in the village map. Survey No. 29 is an assessed waste land and there is no other land in its vicinity which can be irrigated	The extent of kharab and gomal remaining for the village of Chimalgutta is more than adequate and I accordingly reject the villagers' prayer to exclude some lands from the reserve. The claim to the tank and well, situated in survey No. 29 which supply water both for irrigation and drinking purposes, is hereby admitted and the demarcation line will be accordingly modified as described below.— It will be taken south-east from the north east corner of survey No. 29 for 5 chains to a point on its east side, and then west through the said survey number for about 12 chains to meet its	. . . .	

					west side at a point about 7 chains south from its north-west corner and then south west for about 7 chains through survey No 21 to meet a halla there C VENKATA RAO, Forest Settlement Officer 19th November 1913
12	Byrareddi, patel of Chimalgutta	17th Nov 1913	Requests that right of way to the foot path leading to Hanumagarhalli through survey No 29 may be admitted	May be admitted	Right of way to the foot-path leading to the well and the tank mentioned above over survey No 29 and on to Hanumagarhalli will be admitted for men and cattle throughout the year Width to be 6 feet C VENKATA RAO Forest Settlement Officer 19th November 1913
13	Konapareddi, patel of Somakalhalli.	Do	Prays that as the area of gomal remaining for the village is insufficient, the proposed demarcation line may be cancelled and that the kunta known as Seshagirisappanakunta to which the village cattle go for water may be excluded from the reserve with a right of way along the foot path running from Ullurumma temple	There remains 217 acres 19 guntas for 183 head of cattle which is more than enough May be admitted	There is only one gomal land (survey No 19 measuring 174 acres, 37 guntas assigned to the village of Somakalhalli. Out of this it is proposed to include in the reserve 75 acres As the soil is stony the growth of grass in the locality is wretchedly poor The village therefore will stand to be deprived of even the acres of gomal I would therefore exclude about 29 acres by shifting the demarcation line to the foot of the hill situated in the north east corner of the village accordingly direct that the same be deviated and taken along its north side for about 39 chains and then south east through the side survey number for about 19 chains meeting its east side at a point about 22 chains south east from its north-east corner Owing to the above modification of the forest boundary Seshagirisappanakunta to which a claim has been set up by the villagers will also be excluded from the reserve C VENKATA RAO Forest Settlement Officer 19th November 1913

B.—Register of claims to lands, rights to forest produce or easements in the proposed Konaguntlu State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
14	Siddareddi, patel of Batlahalli.	17th Nov. 1913	Prays that, as the gomal left for the village is insufficient, more lands as far as the line marked by him in pencil in the village map, may be excluded and that access may be given to the public to the Konaguntlu temple along a foot-path running through survey No. 71 of Konapura.	.....	The area remaining for the village is 248 acres and 31 guntas. This is sufficient for 297 head of cattle.	The live-stock owned by the raiyats of Batlahalli, *viz.*, 302 head of horned cattle and 321 sheep including goats, has to depend upon only 53 acres of gomal assigned to the village and this is insufficient. I would accordingly run the demarcation line at the foot of the hill, meeting the west side of survey No. 36 at a point about 22 chains south from its northernmost corner and its east side at a point about 26 chains south from the aforesaid corner, and then south for about 16 chains along the said east side meeting the hatte bondhs put up there. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913. *15, 16 and 17.*		
15	Venkatareddi, patel of Konapur.	Do ...	Represents that there is a sacred spot known as Siddaragavi to which the villagers go during Sivaratri, when a jatra will be held, and prays that this may be excluded from the reserve, with a camping ground, and that access may be given to it along the cart-track leading to Konaguntlu. Further, prays that the well known as Thimmanabhavi to which the village cattle go for water, may be treated as an enclosure in the block.	.....	Right of way to the cart-track leading to Siddaragavi may be admitted with a camping ground. Right of way to the well may be given.	There is a large extent of gomal (221 acres) and kharab (808 acres) still remaining for the communal needs of the raiyats concerned, who own at present a live stock consisting of 95 head of horned cattle and 130 sheep.		
16	Burrakonam Naidu, patel of Bodampalli.	Do ...	Requests that the whole of Siddaragavi hill may be excluded from the reserve, as the people who congregate during the big jatra held annually resort to the same, and use it as a camping ground on that occasion, when about 10,000 persons do assemble there, and that the two tamarind trees belonging to the Konaguntlu Venkataramanaswami situated near the Siddaragavi	.....	No doubt, a jatra will be held when 1,000 to 2,000 people will assemble. A camping ground of 10 acres behind the temple may be given. Right to collect the produce of two tamarind trees may be admitted.	At the north-east corner of the village, there is the Siddaragavi where a jatra is held annually on the Sivaratri day, and close to it, is situated the sacred spot known as "Yagasala." Not far from the latter, there are some wells which are used by the pilgrims who come to the place. I would therefore exclude from the reserve, a portion of the hill containing these sacred spots, and the remaining portion situated in the adjoining Bodampalli village where several thousands of people congregate every year to give offerings to deity in the celebrated Venkataramanaswami temple of Konaguntlu. It is in		

17	Venkatanarasappa, Dharmadarsi of Venkataramana-swami temple	Do	on the border of the Konapura village may also be excluded The temple of Lakshmidevi is situated on the said hill and people go there for worship. The entire hill may be excluded	Right of way may be given	evidence that at the foot of the hill several devotees have constructed mantapams where people are fed for some days during the jatra As the hill in the locality consists of sheet rocks of granite, there is no vegetation on it except in the sholas which supply fuel for cooking food for the large concourse of people visiting the temple It is therefore necessary that the devotees should not be deprived of the facilities existing in the matter of water and fuel The Range Officer's argument is that they can obtain fuel from the adjoining District Forest but as these are situated far away I would not trench upon the privileges enjoyed by the people from time immemorial in the immediate neighbourhood of the temple Moreover it serves no purpose to the Forest Department to have the above-mentioned portion of the hill included within the reserve while it only exposes the reserved portion of the forest to the risk of fire during the jatra I therefore direct that a compact block of the hill round the sacred shrines referred to be formed and left for the use of the public by diverting the forest boundary as described below
			States that the jatra will be held in Ashada every year when a large number of pilgrims resort to it that food for different communities is given there and round the temple premises fuel for cooking purposes is obtained from the hill behind the temple and therefore prays that the entire hill may be excluded from the reserve		It will be deviated at a point on the east side of survey No 41 of Bodampalli about 4 chains north west from the north east corner of survey No 46 and taken in a north-easterly direction for about 18 chains along the said east side to the north east corner of the said survey No 41 then south west along its north side to its north-west corner, then south east through survey No 71 of Konapura for about 20 chains to a point about 18 chains south west from the north east corner thereof then east for about 18 chains through the same survey number meeting its east side at a point about 10 chains south-east from the north east corner thereof, and then in the same direction through survey No 44 of Bodampalli for about 8 chains to a point about 20 chains north west from the westernmost corner of survey No 130 (tank) By the above-mentioned alterations in the forest boundary the temples and the ponds to which claims have been advanced will be excluded from the reserve

C VENKATA RAO

Forest Settlement Officer

19th November 1913

B.—Register of claims to lands, rights to forest produce or easements in the proposed Konaguntlu State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
18	Venkatreddi, patel of Batlahalli.	17th Nov. 1913	Requests that a right of way to the cart-track leading from Batlahalli to Konaguntlu may be admitted.	.....	May be admitted	Right of way to the cart-track leading from Batlahalli to Konaguntla will be admitted for men, cattle and carts all the year round. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 11th November 1913.	.....	...
						19 and 20.		
19	Nagappa, patel of Channarainpalli.	Do ...	Requests that the right of removing the stones from the quarry in survey No. 86 may be admitted.	.....	May be admitted, provided they are required for charitable purposes.	I decide that the line as laid out in the village of Channarayanpalli be confirmed as the area of gomal left for the villagers *viz.*, 236 acres, is quite sufficient for the pasturage of 119 head of horned cattle and 128 sheep.	.....	
20	Venkatanarasappa, dharmadarsi of Venkataramana-swami temple.		Requests that the quarry in survey No. 86 of Chennarainpalli from which slabs are removed for constructing mantapams, may be excluded from the reserve.		It is not necessary to exclude it, but right to remove stones may be admitted.	A claim has been set up to the right to quarry stones in the quarry situated in survey No. 86. As there is evidence to support it, I decide it in the affirmative. Right of way to the above quarry will be exercised along the cart-track leading from Channarainpalli to Hanumagarhalli. C. VENKATA RAO, Forest Settlement Officer. 19th November 1913.		
21	Kumariah, patel of Yenumalapadi.	Do ...	Prays that as the area of gomal remaining for the village cattle is insufficient, survey No. 139 to which the village cattle go for grazing may be excluded, that survey Nos. 179 and 231 which are assessed waste lands may be left for cultivation purposes in addition to a portion of survey No. 181 for the benefit of the raiyats of majre Muchtoorpatna, and that the	.....	There will remain for the village after reservation 1,223 acres, 8 guntas for 519 head of horned cattle which is more than enough.	The village of Yenumalapadi has to contribute to the reserve in question as many as 346 acres of gomal and 981 acres of kharab. There still remains for the use of the raiyats 913 acres of gomal and 280 acres of kharab which is quite sufficient to meet their requirements survey Nos. 178 and 231 being small assessed survey numbers are likely to be taken up for	.....	...

			stone quarry in survey No. 179 from which villagers take stones for building purposes may be treated as an enclosure, with a right of way to it Further, prays that the tank in survey No. 175, the Palgangamma temple and the Chelima in survey No. 139 near the Yaddalugutta, may be treated as enclosures and a right of way to them given.		These are lying as waste since the survey settlement, and contain honge and other trees. Hence they may not be given to the raiyats. There are quarries outside the reserve and the raiyats may take stones from them. The temple is situated outside the line and there will be no water in the Chelima in the summer season. Therefore it is not necessary to treat them as enclosures.	cultivation. I would exclude these from the reserve as also the adjoining block of land of about 50 acres which is a quarry from which the villagers remove stone for building purposes. As the preliminary demarcation line touches one survey number which is under cultivation and runs in close proximity to some of the cultivated lands, I would shift it further away. I accordingly direct that the demarcation line be shifted from the north-east corner of survey No. 63 to a point about 5 chains north, and taken in a north westerly direction through survey No. 139 for about 60 chains meeting its west side, then west for about 30 chains through survey No. 179 to a point about 5 chains north-west from the northernmost corner of survey No. 231, then south-west for about 16 chains through the same survey number to a point 5 chains west from the south west corner of survey No. 231 and the south-east for 23 chains to a point 5 chains south- from the south-west corner of survey . 178 Claim admitted Owing to the alteration of the forest boundary as ordered above, the temple of Palgangamma and the 'Chelima' referred to, will be excluded from the reserve. C VENKATA RAO, Forest Settlement Officer, 19th November 1913.	
22	Kumaraih, patel of Yenumalapadi.	Do ...	Requests that right of way to the three foot-paths shown in the village map and to the cart-track passing through survey No. 139 and leading to the British frontier may be admitted.	.....	May be admitted ...	Right of way to the cart-track (15 feet wide) passing through survey No. 139 and leading to Malale, and to the two foot-paths (6 feet wide) leading to the British frontier from survey Nos. 54 and 64 and to the foot-path (6 feet wide) leading to Sannapagutta will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer 19th November 1913.	... ...

Read—

Letter No. 4537—T. A. M 1135, dated the 11th December 1914, from the Comptroller, regarding the purchase at Government cost of soap, towels, etc., for the use of officers in their own rooms.

Order No. Fl. 5768-806- G. F. 81-14-1, dated 12th April 1915.

Government are pleased to direct that the articles, soap and towels, required for the personal use of officers, while working in offices, should be supplied by themselves and not at Government expense.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Ead.— C. R.

No. Fl. 5898-906—G. F. 152-14-3, dated 16th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No Fl 6798-9—G F 52-11-2, dated the 14th August 1911, laying down certain rules about the preparation of the ways and means estimate and directing that arrangements should be made in the Secretariat to have the Fund Budgets submitted to Government in proper time so that the sanctioned figures might be communicated to the Comptroller by the 15th May of each year to enable him to submit the ways and means estimate on the prescribed date *viz.*, 31st May.

(2) Letter No. 6711—B & R 1082, dated the 12th March 1915, from the Comptroller, making certain suggestions for the timely submission of individual estimates.

Order thereon No. Fl. 5898-906 -G. F. 152-14-3, dated 16th April 1915.

According to the Government Order of 14th August 1911 read above the individual estimates under debt heads are required to be sanctioned and communicated to the Comptroller by the 15th May, but in practice it has been found that this could not be done in many cases as the estimates were not received from the officers concerned in time. To ensure the timely submission of the estimates the Comptroller proposes (1) that individual estimates should be prepared by the officers concerned according to the programme appended to this order in duplicate in forms to be furnished by the Comptroller for the purpose and submitted simultaneously to the Government and to the Comptroller on or before the dates indicated therein. (2) that the Presidents of Municipalities and District Boards and of the two City Municipalities may send to the Comptroller an abstract showing the anticipated revenue and expenditure at the time they send their estimates to Government so that he may be kept aware of the figures for receipts and expenditure proposed for these funds.

2. Government accept these proposals and are pleased to direct that they be adopted in future. The programme appended to this order will for the present be regarded as tentative for two years until experience shows if it requires any changes.

3. The Comptroller will submit to Government a brief report on each estimate with reference to the provisions proposed, in the light of actuals of previous years, sanctions of Government bearing on the estimate and other general considerations and the figures accepted by Government will be communicated to him and to the Departments concerned before the 15th May so that the consolidated estimates may be submitted by him before the 31st May.

4. The Comptroller will issue suitable subsidiary instructions for the guidance of officers in preparing the estimates.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The other Heads of Departments and Deputy Commissioners.

Exd.—C. R.

No. Fl. 5898-906—G. F. 152-14-3, dated 16th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read again—

Government Order No 12528-30—P P. 52, dated the 29th January 1902, directing that the pension payment orders in respect of the Sarjapur Jaghir stipends be issued from the Comptroller's Office in accordance with the code rules.

Read—

Correspondence ending with letter No. 1875—236, dated the 7th September 1914, from the Comptroller, Mysore Government, reporting, with reference to the prayer of certain Sarjapur Jaghir stipendiaries, that it is not clear how the existing practice of accepting life certificates granted by shanbhogs and patels came into existence, that objection was taken to such certificates in his office since these pensions are drawn on ordinary pension receipts and it was nowhere laid down that they are exempted from the ordinary rules of the Mysore Service Regulations relating to life certificates of pensioners, and stating that in order to secure uniformity of procedure it is desirable to enforce the ordinary rules in these cases also as in cases of ordinary pensions, but that it is however open to Government to lay down that the code rules need not be enforced in the case of these pensions in their entirety.

Order No. Fl. 5841-2—S. & A. 62-14-4, dated 14th April 1915.

Unlike ordinary service pensions which are life grants and lapse to Government on the death of the pensioner, the Sarjapur pensions are to be continued without deduction to the heirs of the deceased pensioner and Government consider that there is no harm in relaxing the code rules and in allowing the continuance of the existing practice in regard to life certificates in their cases. Government are accordingly pleased to direct that in the case of pension receipts of Sarjapur Jaghir stipendiaries life certificates granted by literate patels and shanbhogs may be accepted in cases where the classes of persons referred in Articles 515 and 516 of the Mysore Service Regulations are not readily available for obtaining such certificates.

GENERAL AND REVENUE DEPARTMENTS.

READ—

letter No. 1946—129, dated the 30th October 1914, from the Registrar, Chief Court, forwarding the Report on the Administration of Criminal Justice for the year 1913-14.

—

Order No. J. 3511-9 Cts. 122-14-3, dated 16th April 1915.

Crime.—The total number of offences reported to the Magistrates during the year was 20,054 as against 19,464 in the previous year, showing an increase of 6.20. There was an increase of 115 cases under Special and Local Laws, chiefly in the Bangalore District. The number of persons brought to trial was 34,497 as against 34,808 in the previous year.

2. *The Result of Cases.*—The percentage of convictions is low, and shows no improvement though it is reported to have been worked out on the method referred to in paragraph 2 of Government Order No. J. 2149-57, dated 31st January 1914, and it indicates that there is still scope for an extensive use of the powers under sections 203 and 250 of the Code of Criminal Procedure.

3. *Witnesses.*—The detention of witnesses in some courts for periods longer than 3 days again calls for comment. This practice of detaining witnesses unnecessarily is noticed with disapproval.

4. *Magisterial Work.*—It is reported that the District Magistrates tried only 26 cases during the year, as against 74 in the previous year. Their attention is drawn to the observations of the Chief Court in paragraph 20 of the Report, and also to those of Government, contained in paragraph 3 of the Government Order referred to above.

The number of first offenders dealt with was only 10 as against 39 in the previous year. Government agree with the observations of the Chief Court in this matter, and would impress on all the Magistrates the desirability of making a more extensive use of these very wholesome provisions in proper cases.

Government note with satisfaction the good work done by the Honorary Magistrates. The number of cases disposed of by them was 1,006 against 560 in the previous year. This increase is apparently due to the extension of their jurisdiction over certain offences under Special and Local Laws.

5. *Inspection.*—Government are glad to observe that a fairly large number of courts were inspected by the Judges of the Chief Court, the Sessions Judges and the District Magistrates.

Order No. 8141-55—L. B. 137-14-32, dated 17th April 1915.

Constitution of Local Boards.— There was no change in the number of the District and the Taluk Boards nor in the constitution of these Boards and of the Kolar Gold Fields Sanitary Board during the year. Nine Panchayets were newly sanctioned and 5 were disestablished.

2. *Meetings and Attendance.*—While the average attendance, both of official and non-official members at the meetings of the District Boards, continued to be fairly satisfactory, Government observe that there are signs of a general lack of interest in the work of Taluk Boards and Union Panchayets. The average attendance of both official and non-official members on the Taluk Boards was only a little over 50 per cent of the total strength. Three of the Taluk Boards and 146 Union Panchayets did not hold the prescribed number of meetings and 14 Panchayets did not meet at all. A part of the insufficient activity now exhibited by Taluk Boards and Union Panchayets is understood to be due to some extent to their not having much scope for initiation of measures independently of the District Board and not being allowed to administer funds. The question of giving enlarged powers to Taluk Boards and Union Panchayets is under consideration ; but before Government can take this step they must have some assurance that these bodies will display more interest in investigating and attending to local needs. The Presidents of District Boards are requested to impress upon all members of Taluk Boards and Union Panchayets the need for more punctual attendance and for some personal exertion, to enhance the usefulness of these local bodies. The attendance of official members of the following Taluk Boards, *viz.*, Holalkere, Jagalur, Harihar, Gudibanda, Bangalore, Dodballapur, Devanhalli, Tumkur, Tiptur, Alur, Nagamangala and French Rocks was unsatisfactory and their attention should be invited to the fact.

3. *New Privileges.*—During the year, the Local Boards and Municipal Councils and certain other bodies were granted the * privilege of voting for the election of four members of the Legislative Council.

* Notification No. J. 2292—Legis. 20-13-2, dated the 13th February 1914.

No. 8141-55—L. B. 137-14-32, DATED 17TH APRIL 1915.

4. *Bye-laws and Rules.*—The Hassan District Board framed bye-laws for the regulation of slaughterhouses and other places where meat and fish are sold and they were sanctioned by Government during the year. Certain rules under Section 5 of the Public Conveyance Regulation were also sanctioned by Government for the regulation of public conveyances on the Kolar Gold Fields.

5. *Finance Committees.*—The Finance Committees in all the districts, except Mysore (the report whereof contains no reference to the work done by the Committee in that district) rendered some help to the District Boards in passing the accounts and framing the budgets, Government trust that in the current year's report, the Presidents of all the District Boards will be able to report that the Finance Committees have discharged fully the duties assigned to them in Rules Nos. 136 and 137 of the Revised Local Boards Rules.

6. *Audit of Accounts.*—The Local Fund Department of the Comptroller's Office audited the accounts of all the Boards. No serious irregularities were brought to light except certain delays in remittance and petty defalcations in the Gandsi Union of the Arsikere Taluk. In view of the long intervals at which local audit is n. le, Government desire to impress on the Local Boards the need for making systematic arrangements to get the accounts checked once a month by a Committee

7. *Income and Expenditure of District Boards.*—A comparative statement of the income and expenditure during the two years 1912-13 and 1913-14 is given below:—

No	Item	1913-14	1912-13	Difference
		Rs	Rs	Rs.
	I. RECEIPTS.			
1	Allotment from local cess	5,49,059	5,48,662	397
2	House tax, etc	1,24,060	1,08,111	15,949
3	Tolls ..	41,925	40,834	1,091
4	Ferries ..	5,545	8,932	—3,387
5	Market collections	49,584	40,308	9,276
6	Fees from travellers' bungalows and musafirkhanas	2,818	3,012	206
7	Fines under Village Sanitation Rules	375	769	—394
8	Interest on investments	10,201	18,362	—8,161
9	Contributions	58,050	49,694	8,356
10	Loans for Railway purposes		3,90,300	—3,90,300
11	Other items	1,09,212	1,09,676	—464
	Total	9,50,929	13,18,360	—3,67,431
	II. EXPENDITURE.			
1	Public works executed by Public Works Department	3,94,509	3,79,823	14,686
2	Do by Civil Department	1,13,689	1,01,173	12,516
3	Administration and collection ..	56,422	52,907	3,515
4	Conservancy and sanitation	1,05,185	99,059	6,126
5	Medical relief ..	84,474	1,10,241	—25,767
6	Accommodation for travellers ...	29,610	26,015	3,595
7	Railway construction ..	3,08,028	..	—3,08,028
8	Interest on loan	14,869	12,344	2,525
9	Investments		2,90,318	—2,90,318
10	Other items	70,051	64,907	5,144
	Total ...	11,76,837	11,36,787	40,050

There are no material variations. The apparent decrease under receipts is due to the collection of the loan raised for the Bowringpet-Kolar Railway during the previous year, while that under expenditure for medical relief is attributable to the large outlay on buildings for the Kolar Gold Fields Maternity Hospital and for construction of quarters for Medical subordinates during 1912-13 and to non-adjustment of charges on account of bedding, clothing and country medicines during 1913-14.

8. *Balances of District Boards.*—All the Boards, except that of the Kolar District, had the prescribed balance at the end of the year. The expenditure incurred on the construction of the Bowringpet-Kolar Railway which had been

advanced in the first instance from State Funds and debited to the Railway Accounts of the State was in the year under review transferred to the accounts of the Kolar District Board and the debit balance of Rs. 2,47,708 against this Board is due to this cause.

9. *Income and expenditure of Unions.*—Out of Rs. 1,30,400 collected in the Unions, only Rs. 66,900 or about 51 per cent was spent during the year. Government have on more than one occasion referred to the desirability of utilising fully, as far as possible, within each Union the funds collected therein and the Presidents of District Boards are requested to see that a suitable programme of works is kept ready for each Union and arrangements made to allot funds and carry out these works to the fullest extent compatible with the resources of each Union.

10. *Demand, Collection and Balance under House Tax in Unions.*—Out of a total demand of Rs. 1,89,600 under house tax in Unions, only Rs. 1,11,400 was collected, leaving an arrear of Rs. 78,200 or 41 per cent at the end of the year. The arrears were heavy in the Bangalore, Mysore and Shimoga Districts.

11. *Local Fund General.*—The financial condition of the fund was as shown below:—

		Rs.
Receipts—		
1. Allotment from local cess		2,06,786
2. Industrial School receipts		14,806
3. Other items		16,939
Total ...		2,38,531
Opening Balance ...		2,56,894
Grand Total ...		4,95,425
Expenditure—		
1. Grant to Local Bodies		12,500
2. Public Works		60,200
3. Technical Instruction		75,000
4. Dasara Exhibition		7,887
5. Miscellaneous		15,068
Total ...		1,70,655
Closing Balance ...		3,24,770
Grand Total ...		4,95,425

The contribution of the 67 per cent of the local cess on Abkari and Miscellaneous items of revenue was, as usual, the principal source of income. Considerable developments of the technical institutions which were heretofore supported out of the Local Fund General have been sanctioned. As this fund with its limited resources could not finance them, the Government have taken* over these institutions, the contribution from Local Fund General being limited to Rs. 60,000, the average net cost to the fund.

*Government Order No. 2190-1—Ed. 328-12-4, dated 22nd August 1913.

12. *Public Works executed by Public Works Department.*—The principal item of expenditure under District Funds consisted of the repair of $3,484\frac{8}{15}$ miles of roads at a cost of about Rs. 2,72,300 (average cost being about Rs. 78 a mile). As the condition of roads within a radius of 15 miles from Bangalore and 10 miles from Mysore required special attention on account of the heavy traffic thereon, and as the District Boards concerned were unable to bear the heavy expenditure required for their improvement, Government sanctioned† the special repairs of these roads at a cost of Rs. 72,049 to be spread over three years, a moiety of the cost being met from State Funds and the remainder from the Local Fund General. The construction of bridges across the Tungabhadra at Honnali and across the Brighu River on Hunsur-Begur road were the only important works in progress undertaken from the Local Fund General.

†Government Order 70-5—P. W. 362-7, dated 15-1-1914.

No. 8111-55 L. B. 137 11-32, dated 17th April 1915.

13. *Public Works executed by Civil Department.*—The expenditure incurred by the Civil Department was Rs. 59,025 on original works and Rs. 48,369 on repairs. The outlay was mainly on the sinking and deepening of wells and improvement of other sources of water-supply and on repair of minor roads. With a view to improve the sources of rural water-supply in the State, Government have decided to make a special grant of Rs. 1 00,000 for sinking wells in addition to the usual allotments from District Funds and the Village Improvement Scheme and the amount has been provided in the State budget for 1914-15. These works will be carried out according to a definite programme in which they will be arranged in the order of their urgency and importance.

14. *Lapses.*—The lapses in the grants made for public works to be executed by the Public Works Department were not heavy, except in the districts of Tumkur and Chitaldrug. The lapses under works to be executed by the Civil Department were considerable except on the Kolar Gold Fields as shown in the following statement :—

District	Grant	Outlay	Lapse		Number of incomplete works at the end of the year 1913-14 out of the sanctioned during			Number of incomplete works at the end of 1912-13
			Amount	Percentage	1913-14	Previous years	Total	
	IN TERMS OF ONE HUNDRED RUPEES							
	Rs		Rs					
Bangalore	102	64	38	38	41	99	140	196
Kolar	165	107	58	35	52	27	79	70
Kolar Gold Fields	170	170	16	9	11		11	11
Tumkur	166	108	57	35	48	21	69	53
Mysore	349	226	73	62	Not received			114
Hassan	286	160	126	44	39	55	80	64
Shimoga	151	74	79	52	14	8	54	62
Kadur	85	54	31	36	14	11	25	28
Chitaldrug	251	124	127	52	22	11	33	27
Total	1 983	1,074	909	46	282 (Except Mysore District)	208	490	587

Only about one-half of the incomplete works of the previous years was completed during the year. The progress in the execution of incomplete works in the Bangalore District was unsatisfactory. Want of suitable contractors to take up the works, scarcity of labour and want of timely rains are the reasons given for the heavy lapses. In the Chitaldrug District all the sanctioned works were carried out in the Molakalmuru Taluk, while the progress in Challakere and Hiriyur also was fair. The Amildars of the Mysore District are stated not to have paid the required amount of attention to the execution of public works. Government are constrained to observe that a state of things under which the amounts allowed to lapse at the end of the year exceed more than 50 per cent of the provision in the budget in three districts and do not fall below 30 per cent, in any district cannot be regarded as creditable to the District Boards concerned. The causes leading to these lapses such as the absence of definite programmes, delay in the preparation and sanction of estimates and want of promptitude in checking works and paying bills are all of a preventable character. Separate orders will issue explaining in detail how these unsatisfactory results may be avoided. Meanwhile Government desire to impress upon Presidents of District Boards that whenever the lapses exceed ten per cent hereafter it will be considered a serious defect in the Administration of the District Funds.

15. *District Board Railway.*—The Bowringpet-Kolar Railway was completed and opened for traffic on the 15th December 1913 by His Highness the Maharaja and it is worked by Government Agency. In view of the costliness of working this small section of 11 miles as an independent line which is ultimately intended to form part of a larger loop, Government have undertaken to guarantee the Kolar District Board against excessive working expenses by not charging them more than the percentage of actual working expenses on the gross earnings of the Mysore State Railway. The Kolar District Board's proposals to extend this line to Chikballapur Town and to raise a further loan of Rs. 4 lakhs were approved by Government during the year and the Government of India have also sanctioned this extension.

No. 8141-55--L. B. 137-14-32, dated 17th April 1915.

16. *Accommodation for Travellers.*—The construction of musafirkhanas at Kolar, Chintamani, Halebid and French Rocks was completed during the year. There are 138, 3rd class travellers' bungalows and 243 musafirkhanas and other buildings which are maintained for the convenience of the travelling public at a cost of Rs. 29,610. The fees realised for the occupation of these buildings amounted to Rs. 2,818 or about 10 per cent of the cost of their up-keep.

17. *Vital Statistics.*—The number of births and deaths registered during the year was 99,768 and 90,866 against 92,595 and 89,047 respectively in the previous year. During the year the rural parts were comparatively free from cholera but small-pox broke out very virulently and caused 14,255 deaths against 3,819 in the previous year. This epidemic committed much havoc in the Districts of Chitaldrug, Shimoga and Tumkur notwithstanding the large number of vaccinations performed in the last two districts. A sum of Rs. 40 was spent by the Tumkur District Board for awarding medals to certain village officers in the Maddagiri Taluk who helped in the inoculation work.

18. *Medical Relief.*—The District Funds contributed towards maintaining 115 Local Fund Dispensaries besides 31 Ayurvedic and Unani Dispensaries and 95 midwives. A Local Fund Dispensary was opened at Melkote during the year and sanction was also accorded towards the close of the year to the establishment, for a period of five years, of a Local Fund Dispensary at Bidare, in the Khandya Hobli of the Chikmagalur Taluk. For the location of this dispensary a Mangalore tiled bungalow has been kindly placed at the disposal of Government by Mr. W. L. Crawford, who has also agreed to meet the pay of the Sub-Assistant Surgeon.

19. *Vaccination.*—The number of persons vaccinated during the year was 106,163 against 80,004 in the previous year, the increase being chiefly in the Bangalore, Tumkur, Mysore, Hassan, Shimoga and Kadur Districts. The Amildars in the Tumkur District are reported to have made special efforts and taken great interest in popularizing vaccination.

20. *Conservancy and Sanitation.*—The expenditure incurred on this account was Rs. 1,05,185, of which Rs. 94,799 was on account of establishment. A sum of Rs. 947 was spent on sanitation during jatras and Rs. 4,575 on the prevention of epidemics. The works usually carried out were the opening out of congested localities, the removal of prickly pear and other rank vegetation and the construction of drains in villages. There is a good deal of scope for greater activity in carrying out these sanitary measures. In order to achieve better results in improving the sanitation of the rural parts, the co-operation of the Village Committees should be enlisted and arrangements made to give them the necessary help and advice in executing the works.

21. *Prosecutions for Breach of Sanitary Rules.*—On the Kolar Gold Fields 47 persons were prosecuted for the breach of Sanitary Rules and 26 were convicted. In the rural parts under the control of the District Boards 445 persons were prosecuted for breach of the Village Sanitation Rules and 245 were convicted.

22. *General.*—Government are glad to be able to record that on the whole the work of all the District Boards has been characterized by much zeal and earnestness and many of the members have evinced special interest. Non-official members should be informed that Government look to them to show more initiative and to assume greater responsibility in the inauguration of measures beneficial to the local areas concerned.

Forms of Quarterly Returns of Inspections of Municipal, District Fund and Local Funds General Works.

No. 8181-93—Ml. 257-14-1, dated 20th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 547-54—L. F. 122-96, dated 11th July 1898, prescribing certain forms in which quarterly returns of works inspected by the Deputy Commissioners of Districts or their Assistants should be submitted to Government.

2. Returns received from the Deputy Commissioners in accordance with the above order.

3. Government Order No. 5248-59—San. 38-12-38, dated the 6th January 1915, passing orders regarding the sinking of draw wells in villages of the State.

Order No. 8181-93—Ml. 257-14-1, dated 20th April 1915.

The returns received disclose that they have not been prepared with the requisite amount of care and attention. The information furnished is in many cases incomplete, and the returns are generally received long after the due dates. The inspections do not appear to be performed according to any well arranged programme or with any definite ideas as to what purpose they are expected to serve. As only the works actually inspected during the quarter are entered in the returns, and not all works sanctioned, and requiring inspection, there is no standard by which the value of the work turned out may be gauged. With a view to rectify these defects, Government are pleased to lay down the following rules regarding the mode of carrying out these inspections, and reporting the results.

1. The appended Forms A and B will, in future, be adopted for the preparation of these returns in supersession of those now in use.

2. As soon as the budget estimates are received sanctioned, the names of the budgetted works and other particulars should be entered in the appropriate columns in both Statements A and B.

3. Estimates for these works if not already prepared should be at once prepared, and sanctioned without delay.

4. Endeavours should be made as far as possible to adhere only to budgetted works. Should for any reasons it become necessary to take up a non-budgetted work in place of a budgetted one, a detailed explanation of the circumstances should be furnished in the last (Remarks) column of the statement.

5. Assistant Commissioners are expected to inspect every work sanctioned within the taluks in their charge, and Deputy Commissioners as many as possible during the course of their tours.

6. Assistant Commissioners should so arrange their programme that all works are inspected within a reasonable time after completion. They should also endeavour to inspect as many works as possible during the course of execution.

7. All works sanctioned should find a place in the returns and not merely those inspected during the quarter.

8. The remarks column is intended for furnishing notes about the interest taken, if any, by non-official members in the supervision of works, explanation for delay in sanctioning or completing a work and other matters of interest or importance, if any.

No. 8181-93—Mi. 257-14-1, dated 20th April 1915.

9. The returns should be submitted on or before the 20th of the month following the quarter to which they relate.

Revision of the Rates of Scholarship to Women Medical Pupils and of the Scale of Pay of Lady Sub-Assistant Surgeons.

No. 7980-1 –Med. 75-12-8, dated 12th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. G. 37, C. S. dated the 17th July 1913, from the Senior Surgeon, in the matter of changing the designations and emoluments of Lady Medical Officers in service.

Order No. 7980-1—Med. 75-12-8, dated 12th April 1915.

The question of recruitment of Lady Medical Officers for service in the State and of the measures necessary to provide for the requirements of the Medical Department in this respect during the next five to ten years, was taken up for consideration, and the marginally noted officers were consulted on the subject

1. Mr. P. S. Achyuta Rao, late Senior Surgeon.
2. Rao Bahadur Mr. T. V. Arumugam Mudaliar.
3. Miss R Govindarajulu.
4. Miss Ayachammai.

On a careful consideration of the several proposals received, Government are of opinion that there is no need to provide for an immediate increase in the existing strength of the Gazetted Officers of the Department and that the existing practice of filling up a certain number of vacancies in the grades of Surgeons and Assistant Surgeons by appointing lady doctors having University diplomas and degrees to the extent found necessary from time to time, may, for the present, continue unaltered. They will, however, be designated Lady Medical Officers and Assistant Lady Medical Officers according as they are of the Surgeon's or Assistant Surgeon's grades respectively, as proposed by the Senior Surgeon.

2. The main difficulty in recruitment is at present, however, stated to be experienced in finding qualified ladies to take charge of minor Female Dispensaries and the opening of new Female Dispensaries for which there is great demand is greatly hindered by the absence of candidates with suitable qualifications of the lower grade. To increase the number of medical subordinates of this class, it seems necessary to grant more liberal stipends to women stipendiary medical pupils who are willing to be trained as Sub-Assistant Surgeons and offer them more attractive salaries after recruitment. With this view, the following measures are sanctioned with effect from the 1st July 1915:—

(1) Increase of the rates of scholarship to women medical pupils undergoing training as Sub-Assistant Surgeons from Rs. 9 per mensem (1st year) and Rs. 10 per mensem (subsequent years) to Rs. 12 per mensem (1st year) and Rs. 15 per mensem (subsequent years).

(2) Revision of the scale of pay of Lady Sub-Assistant Surgeons, these being graded in three classes as follows instead of in four classes as in the case of male Sub-Assistant Surgeons:—

3rd class	...	...	Rs. 40	per mensem.
2nd class	...	...	Rs. 50	"
1st class	...	...	Rs. 60	

No. 7980-1—Med. 75-12-8, dated 12th April 1915.

Promotion from one class to the next higher class will be given after approved service of five years in the lower class, subject to passing the prescribed examination qualifying for promotion.

Inspection of offices.

No. G. 10870-10918 E. A. 43-14-1, DATED 10TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 10870-10918 E. A. 43-14-1, dated 10th April 1915.

The existing arrangements for the inspection of offices are not, in the opinion of the Government, quite adequate. Certain offices are required to be periodically inspected by the presiding officer, and certain others by officers superior to him, but a large number are not at present subjected to any kind of systematic examination at all. It is true that in the ordinary course of business, the work of an office comes frequently under the scrutiny of the officer in charge, but something more than such casual check is necessary if offices are to be maintained in an efficient state. Government are accordingly pleased to direct that the Heads of Departments, Deputy Commissioners and generally all officers who have clerical subordinates working under them should thoroughly inspect their own offices not less than once a year. This may be done sometime between 1st January and 1st March every year.

2. Higher offices will continue to inspect offices subordinate to them as frequently as may be necessary.

3. The inspecting officer's attention should be directed, among other matters, to the condition of the building and furniture, the observance of the prescribed hours of attendance, the distribution of duties, the arrears of work, the proper maintenance of registers, the arrangement of the records and the regulation of expenditure on office contingencies. In order that no point of importance might be overlooked, a standard list of questions to be answered at the inspection should be prepared in respect of every office. The inspecting officer will fill in his answers and submit the form to his official superior, who will return it with his remarks. Where standard forms already exist, they should be re-examined and made exhaustive and up-to-date.

4. The inspecting officer should at the same time note the points that require action on the part of the establishment or the officer in charge as the case may be, in an inspection minute book to be maintained at every office. The remarks should be written on half margin, the other half of the page being used for recording the measures taken to carry out the orders passed. Care should be taken to remove the inspection books as little as possible from the place to which they belong.

5. The Heads of Departments are requested to submit detailed proposals as to the offices under their control which require to be periodically inspected, the officers by whom and the frequency with which the inspections should be held, and the forms of inspection questions which should be adopted.

Deputation of Officers to Foreign Countries.

No. G. 11262-310 G. M. 369-14-2 DATED 19TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 11262-310 G. M. 369-14-2, dated 19th April 1915.

With a view to encourage foreign travel, technical studies and research among the officers of Government His Highness the Maharaja is pleased to sanction the following rules:—

For the purposes of these rules, the cases in which Government assistance will be afforded will be classified under the following three heads —

I. Deputation of officers to foreign countries in the interests of the efficiency of the administration, or for the collection of information for the State, or on any other State business.

II. Deputation of officers by Government for training to qualify themselves for higher duties in due course

III. Giving suitable facilities to such officers as apply for them in order to pursue official studies for the improvement of their knowledge.

RULES UNDER I.

1. Ordinarily not more than one officer will be permitted to be on deputation at one time.

2. Such deputation of an officer shall not ordinarily exceed a period of one year exclusive of the time occupied in the journeys to and fro.

3. During the period of deputation, the officer will be allowed to draw his substantive pay besides such amounts of passage money, railway fare and daily allowance as may be fixed in each case.

4. The period of absence of an officer on deputation will be considered as on duty.

5. The officer shall submit to Government a monthly diary showing the work done. As soon as the studies are over, he should submit a report indicating fully the nature of the methods and operations which he may have been studying and including suggestions as to the possibility of applying such methods or operations to Mysore.

6. Government reserve the right of stopping the daily or other allowance if the diaries show that the time of the officer has not been properly employed.

7. The terms of deputation sanctioned under these rules will be in lieu of the provisions of the Mysore Service Regulations (Articles 55 and 56).

RULES UNDER II.

1. Government may select one or more officers, as far as funds permit and as circumstances necessitate, and send them for foreign training to fit them for higher responsibility, for a period not exceeding one year, exclusive of the period required for journeys to and fro.

2. The officer selected will be allowed full pay for six months and half pay for the subsequent period, if any. He will not be entitled to any further concession. Such absence will however be counted as service for increments and pension but not for leave.

No. G. 11262-310—G. M. 369-14-2, DATED 19TH APRIL 1915.

3. The rules regarding submission of diaries and the right of Government to withhold any portion of the pay contained in Rules 5 and 6 of Section I, will be applicable also to the cases of officers selected by Government for training.

4. Officers coming under these rules will not be given the benefit of the provisions of the third scheme.

RULES UNDER III.

1. Any officer of Government who is desirous of enlarging his knowledge and undertaking original research relating to the departments with which he is officially connected may apply to Government for such leave as he may have to his credit, through the usual channel, and for permission to do so, stating the course or courses of study contemplated by him and any examination he proposes to undergo.

2. Government may sanction to such officers not exceeding three in number in any year, advances or loans subject to the following terms:—

(a) The total amount of such advance shall not exceed either the difference between the pay which the officer is likely to draw during the period and that calculated at £400 per annum or one year's pay, whichever is less.

(b) It shall be recoverable from the officer in monthly instalments of one-fourth of his pay after his return from deputation.

(c) If necessary, such security as Government may desire should be furnished for the advance or loan.

(d) Ordinarily, no interest will be charged thereon. But Government may charge interest at a rate not exceeding 4 per cent per year if, in their opinion, the officer concerned had not made a proper use of his time during the period of study or deputation.

Statements of Works of Public Utility.

No. G. 10762-810 G. M. 360-14-1, DATED 8TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 10762-810 - G. M. 360-14-1, dated 8th April 1915.

In modification of the returns prescribed in Circular Memorandum No. 4115-20—R. 1602, dated 28th October 1895, the Deputy Commissioners are requested to submit half-yearly statements of works of public utility constructed in their districts by private individuals. The returns for the first-half of every calendar year should reach the General and Revenue Secretariat by the 1st August following and those for the second-half by the 1st February of the succeeding year.

2. The statements will be published in the *Mysore Gazette* and every Deputy Commissioner will be furnished with printed copies of the statement relating to his district for distribution to the individuals mentioned therein and to the patels of the more important villages in the district.

3. By this means while obtaining information of value, Government will be able to convey to the persons concerned their approval of the work done, in cases where more formal recognition cannot be accorded.

4. The subjoined form should be used for the preparation of the statements :—

From

District.

Taluk	Name of village	Description of work	Approximate cost	Name of person who constructed the work	Remarks
1	2	3	4	5	6

In the column of remarks will be entered the certificates of merit, if any, earned in respect of the work under G. O. No. 5443-52—L. R. 10-14-68, dated 21st December 1914, and any other information pertaining to it that might of interest.

5. In sending up the returns, Deputy Commissioners are requested to intimate on each occasion the number of copies they would require for distribution.

Reviewing the Administration Report of the Geological Department.

No. G. 10969—G. M. 192-14-6, DATED 12TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Geological Department for the year 1913-14, submitted by the State Geologist with his letter No. 580, dated the 17th September 1914.

Order No. G. 10969—G. M. 192-14-6, dated 12th April 1915.

Recorded.

2. This is the first report of the Geological Department submitted for the review of Government in its present form.

3. *Geological survey.*— The preparation of a geological map of the State which was ordered to be undertaken last year has made satisfactory progress. The revision of the preliminary survey and other field work in the major portion of the area of about 2,300 square miles comprised in Topo sheets 25, 26, 27 and 28, covering an important portion of the Shimoga Schist Belt are reported to have been finished, and the work of mapping is expected to be taken up and completed during the recess of 1914-15.

4. *Mining and prospecting.*—The number of mining leases and prospecting, exploring and collecting licenses current at the end of the year was 127 against 155 at the end of the previous year, the decrease being chiefly in respect of prospecting licenses which fell from 66 to 42.

Gold.—The most important of the mining leases was for gold, the output of which was 559,640 ozs. of an approximate value of Rs. 3,22,83,047 against 5,61,270 ozs. of the value of Rs. 3,23,78,944 during the previous year, showing a decrease in value of Rs. 95,897. The royalty realised by Government on this account was approximately Rs. 18,91,486 being 8,485 rupees less than in the year 1912-13.

Almost the whole of the above quantity was extracted from the Kolar Gold Fields. Government note with satisfaction that the outlook for the Fields remains much the same as during the previous year, and that in spite of a reduction in the supply of electric power on account of shortage of water in the Cauvery river during May and June, the output was not materially affected. Prospects on the other mines are reported to be not encouraging. The Woolagiri Mine in the Mysore District had to be closed, and operations suspended at the Siddarhalli Mine in Kadur. A good deal of prospecting and experimental work has been carried out in other places, mostly in the Shimoga District, but the results are inconclusive.

Manganese.—Mining for this mineral was very slack during the year, the total quantity of ore extracted being 13,944 tons against 23,352 tons in the previous year. The quantity exported and the royalty realised during the same periods were respectively 5,953 tons and Rs. 1,461 and 36,877 tons and Rs. 16,449.

Other minerals and metals.—Among other minerals, renewed activity is reported with regard to chrome; reports about magnesite are encouraging; mica was extracted in small quantities but its sale value has yet to be ascertained; an interesting discovery of columbite was made in one of the mica blocks; and about 10,788 lbs. of asbestos and 3,330 lbs. of corundum were exported which brought in a royalty of Rs. 8-4-0 and Rs. 1,773, respectively.

No. G. 10969—G. M. 192-14-6, DATED 12TH APRIL 1915.

A certain amount of exploratory and examination work has been done with respect to iron ore, but no definite results have yet been obtained.

Clays.—Government attach importance to the finds made of different kinds of clay suitable for flooring and roofing tiles and for the manufacture of certain varieties of porcelain, and they await with interest the results of the tests and experiments conducted by the Department.

5. *Number of persons employed in mining industries.*—The number of persons engaged in the mining industry remained almost the same being 27,027 for the calendar year 1913 against 27,088 for the previous year.

6. *Accidents.*—There was a slight decrease in the number of fatal and serious accidents, the figures for the calendar years 1913 and 1912 being as follows : –

	Number of Accidents.	Rate per 1,000 persons employed.
1913	278	10·29
1912	285	10·52

Of the 278 accidents 47 were fatal involving the loss of 112 lives, the rate of mortality working out to 4·14 per 1,000 men employed against 3·32 per 1,000 during the previous year. One single accident which occurred at Edgar's Shaft in the Mysore Mines was particularly disastrous resulting in the loss of 42 lives. The circumstances connected with this regrettable accident were duly investigated by a Special Committee appointed for the purpose, and Government in their Order No. Geol. 1407, dated the 13th December 1913, accepted the finding of the Committee that the accident was not due to negligence on the part of the employers or defect in the design or maintenance of the machinery. It is reported that due precautions have been taken against a recurrence of such accidents.

Air Blasts.—Government are pleased to note that the question of air blasts is receiving attention and that all possible precautions are being taken against dangers from this source.

7. *Compensation to miners.*—A uniform system of payment of compensation to miners in cases of accident has been eloborated in consultation with the Mining Board and is expected to come into operation on all the mines at an early date.

8. *General.*—Government have recently passed orders in which they have sanctioned a re-organisation of the department and prescribed a revised programme of work. In future reports, the Head of the Department is requested to submit a full and detailed statement of the manner in which effect is being given to the programme.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 11435-41–G. M. 371-14-1, dated 21st April 1915.

Mr. B. Narayanasamiengar, B.A., B.L., Registrar, General and Revenue Secretariat, is, in addition to his own duties, placed on Special Duty with effect from the 8th June 1915 in connection with the arrangements to be made for the reception and entertainment of Indian guests during the festivities connected with the ensuing Birthday of His Highness the Maharaja.

2. Gentlemen invited to Mysore as guests are requested to place themselves in communication with that officer for any information or assistance they may require in connection with accommodation, etc., at Mysore.

3. The Deputy Commissioner, Mysore District, the President, Mysore City Municipal Council, the Executive Engineer, Mysore Division, and the Palace Controller are requested to render all possible help to the Officer on Special Duty.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.
The President, Mysore City Municipal Council.
The Executive Engineer, Mysore Division, through the Chief Engineer of Mysore.
The Huzur Secretary to His Highness the Maharaja.

Training of Probationary Assistant Commissioners.

No. G. 11453-66—G. M. 97-14-1, DATED 22ND APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Rule VIII of the Mysore Civil Service Rules, published with Government Order No. G. 3528-75—G. M. 232-12-1, dated the 6th January 1913, prescribing the examinations to be passed and the training to be undergone by Probationary Assistant Commissioners.

Order No. G. 11453-66—G. M. 97-14-1, dated 22nd April 1915.

Under Rule VIII, Probationary Assistant Commissioners recruited to the Mysore Civil Service, are required, during the period of probation, to undergo training in Treasury work, Revenue Survey and Elementary Engineering, as well as in office work and other duties, in addition to passing the prescribed examinations. The course of practical training in Treasury work and Revenue Survey has been laid down in detail in the marginally noted orders of Government. The Deputy Commissioners of Districts are requested to arrange for the Probationers attached to their offices receiving the requisite training in these departments in conformity with the above orders.

G. O. No. R. 1031-40—G. F. 246-04-6, dated 7th August 1907.
G. O. No. R. 4552-4—L. R. 205-07-11, dated 23rd January 1908.
G. O. No. R. 7890-92—L. R. 453-09-2, dated 21st May 1910.

2. In the case of Probationary Assistant Commissioners to be appointed to special departments in the third year after their appointment, the training which is of a technical character is regulated partly by practice and partly by special orders.

3. As regards training in other branches of work, Government are pleased to issue the following supplementary instructions :—

4. While attached to a district, Probationers should, after some preliminary training in the District Office, be made to learn the different branches of work in a taluk, including the maintenance of registers and village and other accounts, field inspections, etc. They should then be made to work in the different branches of the Deputy Commissioner's office and trained in the preparation of reports, notes and drafts, collection of statistics, etc. They should be required to watch proceedings of criminal cases in the court of an experienced Sub-Divisional Officer and take notes and be present when appeals are heard by the Deputy Commissioner. They should also be asked to accompany the Deputy Commissioner or the Senior Revenue Officer in the District when he goes out on Jamabandi or any important inspection work, so that they may acquire an insight into such work. The Deputy Commissioners should also arrange to give them some training in Economic Conference work in consultation with the Secretary, Economic Conference.

5. In view of the control which Revenue Officers are expected to exercise over the maintenance of irrigation works, minor tanks, District Fund, Municipal and other works, it is highly desirable that they should possess a working knowledge of Engineering. Accordingly, they are required to undergo training in Elementary Engineering under the Civil Service Rules. The Chief Engineer is

requested to suggest for the consideration of Government at a very early date a suitable scheme of training in this branch for Probationary Assistant Commissioners. The course may be a short one ranging from 3 to 6 months and may be arranged for at the Chamarajendra Technical Institute at Mysore or at such other place as may be considered convenient.

6. A programme of training as shown in the appended form should be adopted and Government would be glad to have a brief report from the Deputy Commissioner concerned regarding the training received by each Probationary Assistant Commissioner working under him at the end of each half-year (to be submitted through the Revenue Commissioner).

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Superintendent, Mysore Revenue Survey
The Chief Engineer of Mysore
The Comptroller, Mysore Government.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Read again—

Part III (*d*) of Government Proceedings No. 8834-40—Edn. 162-09-24, dated the 1st May 1913 observing the need for providing facilities to persons already engaged in professional or other work for taking a course of practical work in particular subjects in which they may be interested.

Read—

Letter No. 9687-412, dated the 7th December 1914, from the Inspector-General of Education in Mysore requesting sanction for the proposal to hold evening classes in the Mechanical Engineering School at Bangalore for the benefit of adult workmen who generally follow their profession during day-time.

2. Demi Official letter No. 906, dated the 29th January 1915, from the same officer forwarding an extract relating to the subject from the proceedings of a meeting of the Managing Committee of the Mechanical Engineering School held on the 15th January 1915.

Order No. 3852-55—Edn. 17-14-43, dated 9th April 1915.

Government are pleased to sanction the proposal to hold evening classes in the Mechanical Engineering school in machine drawing, motor mechanics, electric wiring, carpentry, and painting and house decoration, tentatively for a period of two years.

2. The scheme is reported to cost approximately as follows:—

Recurring charges.	Rs.
(*a*) About 100 lessons at Rs. 10 each	1,000 per annum
(*b*) Contingencies	450 ,,
(*c*) Supervision allowance ...	600 ,,
(*d*) Three menials at Rs. 8 each per mensem ...	288 ,,
	2,338 or
	Rs. 2,400 per annum in round figures
Non-recurring charges.	
Models, Lanterns and Slides	4,000

The Inspector-General of Education is empowered to incur expenditure within these allotments, the charge actually incurred during the current official year not exceeding Rs. 800 under recurring, and Rs. 4,000 under non-recurring charges being met out of the lump-sum provision of Rs. 32,852 for the school in the Educational Budget.

3. Necessary provision will be made in the next and subsequent years' budgets.

4. The Inspector-General is requested to submit three months before the expiry of this sanction a report on the results of this scheme together with the recommendations of the Managing Committee of the school, and his opinion as regards the further continuance of these classes.

EDUCATION AND AGRICULTURE.

Read—

Government Order No 8143—Edn. 267-09-2, dated 17th March 1910 prescribing certain rules for the guidance of Myso State scholars in England.

Order No. 4056-4105—Edn. 308-13-6, dated 15th April 1915.

In the foregoing rules it was declared, among other matters, that these scholars will be regarded as being under the supervision and charge of the Educational Adviser, London. This Officer reports that it is quite impossible for him to exerc se any efficient control over the scholars unless he has charge of their finance, as in the case of Government of India scholars, and suggests that stipends should not be remitted to them without a declaration from him that their progress and conduct has been satisfactory. The Inspector-General of Education supports this representation and proposes that he may be authorized to arrange with the Comptroller for the payment of the scholarships in Europe by Messrs. Coutts & Co., London, after scrutiny and countersignature of the bills by the Educational Adviser.

Government approve of the procedure suggested by the Inspector-General and authorise him to take the necessary steps in the matter.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Read—

Government Order No. 3440-9—Edn. 224-09-23, dated 9th September 1913, passing orders on the recommendations of the Committee appointed for considering the revision of the curricula of Elementary Schools and for providing practical instruction in such schools.

2. Government Order No. 12049-50—Edn. 372-13, dated 1st June 1914, sanctioning a lumpsum grant of Rs. 5,000 for providing such instruction to vernacular classes in some local industry in selected schools, during the year 1914-15.

3. Letter No. 11231-492, dated 4th January 1915, from the Inspector-General of Education, reporting the details for working out the scheme of practical instruction in Elementary Schools, and submitting estimates of expenditure for the current official year.

(Printed as annexures)

Order No. 3675-78—Edn. 372-13-4, dated 1st April 1915.

The Inspector-General of Education has submitted two lists, one showing the industries to be taught in certain selected centres, and the other showing the centres where practical instruction is to be introduced during 1915.

The proposals of the Inspector-General are sanctioned for a period of three years. The Inspector-General will have discretion to sanction minor variations in the scheme as regards individual courses of study or centres, subject to intimation being sent to Government and the Comptroller in each case.

The proposal of the Inspector-General to employ professional maistries and artizans temporarily till qualified teachers become available, is approved.

C. S. BALASUNDARAM IYER,

Exd.—C. R.

No. 2675-78—Fin. 372-12-4, dated 1st April 1915.

Letter No. 11231—492, dated 4th January 1915, from the Inspector-General of Education in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture.

With reference to Government Order No. 12049-50 –Edn 372-13, dated 1st June 1914, asking me to report the details of arrangements made for working out the scheme of Practical Instruction in Elementary Schools, I have the honour to forward herewith four statements as noted in the margin indicating the lines on which action is proposed to be taken.

1. List of industries and the centres in which instruction is proposed to be given
2. List of centres.
3. Detailed estimate of costs for industrial training
4. Abstract estimate of expenditure.

Forty Centres for Elementary *Industrial* Training and forty for Elementary *Manual* Instruction have been selected. Whether both Industrial Training and Manual Instruction should be assigned to the same centre or different centres, will depend upon local conditions and needs. The total cost will be R 4,574-8-0; and the same will be met out of the allotment of Rs. 5,000 provided in the current year's budget under 18 Education (4) Government Schools, General.

In the above scheme arrangements will be made to give similar training to girls also, as far as possible. The subjects to be taught to girls include mainly the following :—

1. Cookery.
2. Sewing and tailoring.
3. Weaving and dyeing.
4. Paper cutting and artificial flower making.
5. Knitting of socks.
6. Wire work
7. Rattan and bamboo work.
8. Kitchen gardening.
9. Confectionery.

This course will extend over two or three years according to circumstances. A lump-sum is provided for special instruction to girls, which will be apportioned by me from time to time.

For Elementary Practical Instruction or Elementary Manual Training, a contingent allowance of a rupee, on an average for each school selected, is provided. But some schools may require more and some less. The amount will be definitely fixed after some experience is gained.

It is difficult to find at once, for all the schools, teachers qualified to teach industries. Professional Maistries and Artizans will be employed temporarily till teachers now under training in the Chamarajendra Technical Institute and the Mechanical Engineering School become available.

The estimates now forwarded are only approximate and are liable to be modified. I therefore propose that general sanction of Government may be accorded to the scheme now submitted, with discretion to me to introduce any alterations that the local circumstances may necessitate.

No. 3675-78—Edn. 372-13-4, dated 1st April 1915.

Reviewing the Report on Public Instruction in Mysore.

No. 4005-54 Edn. 67-14-2, dated 15th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ —

Report on Public Instruction in Mysore for 1913-14 submitted by the Inspector General of Education in Mysore with his letter No. 7056-287, dated the 29th October 1914.

Order No. 4005-54 Edn. 67-14-2, dated 15th April 1915.

1. *General Statistics.*—Education continued to make marked progress in several directions. The total number of public and private institutions increased from 4,568 to 5,134 and their strength from 156,440 to 187,730 of whom 154,319 were boys and 33,411 girls. The increase in the number and strength of private institutions is a matter for satisfaction, considering that there was a fall in the year 1912-13. The strength of the schools would have been more if plague, cholera and small pox had not prevailed during some parts of the year in the districts of Kolar, Mysore, Kadur and Hassan. There was one school to every five square miles of area and to every 1,111 persons of the population. The percentage of boys and girls under instruction to the total male and female population of school-going age were 35·7 and 7·9 respectively. Compared with the total population of the State, the percentages were 5·4 and 1·2 respectively. Comparing the progress of education among the different sections of the population the percentage of pupils of both sexes to total population was 2·4 in the case of Hindus, 8·3 in the case of Mahomedans, 11·2 in the case of native Christians, 10·9 in the case of Europeans and Eurasians, and 3·0 in the case of others.

2. *Collegiate Education.*—The equipment of the two first grade colleges for the B. A. Pass Course and for Honours Courses in certain subjects was completed during the year. The number on the rolls of all the colleges in the State increased from 433 to 570. Of this number, 12 were girls, 6 belonging to the European and 6 to the Brahmin community.

The results of the University Examinations in the case of the students of these colleges were on the whole satisfactory. It would be useful if in future reports the numbers of those who completed their courses and took their degrees each year are given.

3. *Secondary Education for Boys.*—Secondary education continued to progress as before, there being 36,236 boys in the secondary stage as against 32,949 in the year 1912-13. The number of secondary schools for boys increased from 240 to 245 of which 14 were English High Schools, 2 Kannada High schools, 147 English Middle and 82 Vernacular Middle schools. 609 candidates appeared at the public examination held in connection with the award of the Secondary School Leaving Certificates.

(*Vide* General Table II)

Out of the 45 candidates who appeared for the Matriculation examination of the Madras and Bombay Universities, 21 passed.

4. *Primary Education for Boys.*—The number of Public Primary Schools for boys increased from 2,046 to 2,272. The total number of boys in the primary stage of education rose from 73,971 to 93,972. Including the strength of the private indigenous schools the percentage of boys in the primary stage to the total male

population of school-going age was 29·83 against 24·99 in the previous year. These statistics show that primary education made marked progress during the year. As in the previous year, a special grant of one lakh of rupees was sanctioned for the expansion of primary education in the State, of which a sum of Rs. 27,372 was allotted for new schools, Rs. 14,313 for the expansion of existing schools, and Rs. 15,000 for furniture and appliances to new schools. Out of the allotment for new schools arrangements were made to start 158 primary schools in the several districts of the State. Out of the grant of Rs. 1,50,000 for the construction of new village school buildings only 40 buildings were sanctioned during the year against 77 buildings sanctioned during the previous year. The amount actually utilized during the year out of this grant has not been reported, but it is since ascertained to have been only Rs. 80,000. To facilitate increased activity in this direction the Inspector-General of Education was first empowered to sanction estimates for buildings costing not more than Rs. 500 and this limit was subsequently raised to Rs. 1,000. The services of a competent Public Works Overseer had also been placed at his disposal in this connection. It is hoped that the department will be able to utilize more fully the resources placed at its disposal by Government. It is an encouraging feature of the year that private contributions amounting to Rs. 12,250 were forthcoming for the construction and repairs of village school buildings and that 47 private buildings were handed over to the Education Department for opening new schools.

Towards the close of the year a scheme was sanctioned by Government to open 1,000 aided village schools, the residents of the villages, where such schools are started, being expected to supplement the Government grant with contributions either in kind or money so that the total emoluments of the teachers may not be less than Rs. 10 a month.

The Mysore Elementary Education Regulation, V of 1913, received His Highness' assent on the 11th October 1913, and became law during the year under review. Its provisions have since been extended to 15 selected localities. Government expect that these measures will contribute to a much larger expansion of education among all classes of the State.

5. The education of girls continued to be popular. The number of public schools for girls increased from 360 to 397 and the total number of girls under instruction from 27,431 to 33,411. The total expenditure on the education of girls during the year amounted to Rs. 2,26,996. One candidate appeared for the intermediate examination in Arts from the Maharani's College but was unsuccessful. Six girls from the same college appeared for the Secondary School Leaving Certificate Public Examination. Twenty girls passed the English Lower Secondary Examination and 48 the Kannada Lower Secondary Examination.

Since the close of the year, a scheme for re-organizing the Maharani's College and extending the existing facilities for female education has been sanctioned, and the institution of a large number of scholarships for the education of girls is also under consideration.

6. *Education of Mahomedans.*—The number of Mahomedan schools increased from 348 to 393 and the total number of Mahomedan pupils in all the schools of the State rose from 20,537 to 24,979 of whom 18,523 were boys and 6,456 girls. The percentages of Mahomedan boys and girls under instruction to the Mahomedan male and female population of school-going age respectively, were 80·4 and 31·2.

The number in English Arts Colleges rose from 5 to 12 in the English High Schools from 163 to 227, and in the English Middle Schools from 1,993 to 2,256. There has been appreciable progress all round. Nevertheless, the proportion of Mahomedan boys in the higher classes continues to be very small, in spite of the encouragement granted by Government by means of special scholarships, freeships and half freeships.

7. *Education of Backward Classes.*—It is gratifying to note that education continued to be popular among the poorer castes such as Holeyas, Madigas, Waddas and others. The number of schools for these classes increased from 120 to 174 and their strength from 3,006 to 4,521 of whom 823 were girls. To provide additional facilities for their education a Central Panchama Boarding School has been newly

established by Government at Mysore at an annual cost of Rs. 4,000. This institution combines literary with vocational instruction and promises to supply a class of educated young men who will exercise a beneficial influence on the community in course of time.

8. *Normal Instruction.*—There were three normal schools for the training of masters and two for the training of school mistresses. With the expansion of primary and secondary education in the State a need was felt last year for increased numbers of trained teachers and to meet this demand a scheme for reorganizing the Normal Schools has been recently sanctioned. When it comes into full working order it is hoped that Normal Instruction in the State will be placed on a better footing. The main features of the scheme are the conversion of the Normal School at Mysore into a Training College by the addition of Training Class for graduate teachers, the remodelling of the Training Schools at Shimoga and Kolar and the opening of a new Training School at Tumkur.

9. *Technical Education.*—The inauguration last year of a comprehensive scheme for the development of industrial and commercial education in the State yielded satisfactory results. The number of Technical schools increased from 26 to 38 o. which 27 were Industrial schools, 5 Weaving schools, 2 Engineering schools and 4 Commercial schools. The total number of pupils on the rolls of these institutions was 1,710 of whom 101 were girls. The Mechanical Engineering School and the Commercial School at Bangalore were started during the year, and the Chamarajendra Technical Institute at Mysore reorganized and provided with a workshop. There were 203 students in the Institute excluding the Engineering section and 46 of them appeared for the Madras Technical Examination, 35 of them were successful, 5 taking a first class.

The Carpentry school at Hole-Narsipur did good work in taking the boys of the local Hindustani school into the smithy class and teaching them to prepare iron hinges, hasps and staples, nuts, bolts, keys, etc. The Panchama Industrial School at Tiptur commenced well and won a silver medal for its exhibits of leather sandals, shoes, bedstraps, etc., at the Bangalore Educational Exhibition.

10. The attendance in the Industrial Schools of Sagar and Molakalmuru is not proportionate to the expenditure and unless better use is made of these institutions, it would be better to remove them to more satisfactory places.

11. A scheme for the better organization of the industrial schools outside the two cities of Bangalore and Mysore is under consideration of Government, and orders will be passed thereon during the year.

12. The strength of the Engineering section of the Chamarajenda Technical Institute was 157. The results of the examinations locally held were highly satisfactory. Sixty-nine pupils passed in various subjects in the Madras Technical Examinations.

13. There were 42 students in the Mechanical Engineering School and 35 were promoted to the 2nd year class on the results of an examination.

14. The Government Commercial School, Bangalore, had 88 pupils on its rolls. Instruction in type-writing, shorthand, book-keeping, commercial correspondence and office routine was given in the school.

15. A scheme of Technical Examinations was sanctioned and examinations under it were held during the year, for the first time. At these examinations, 50 out of the 88 students in the Government Commercial School were successful in the various subjects and five were placed in the 1st class. The results are highly satisfactory and indicate that the institution supplies a distinct want. Government will be glad if further facilities in this direction be provided by organizing a course of lectures on matters relating to trade and commerce for the benefit of those engaged or interested in these pursuits.

16. *Manual Instruction.*—The scheme for manual instruction in the State sanctioned in 1906-07, has continued to work satisfactorily. A large number of students have been trained in Wood Sloyd and Paper Sloyd, and are reported to have acquired habits of order, neatness, concentration of attention, and love of manual labour. A gratifying testimony was afforded to the usefulness of this branch of

the educational work of this State by the Bombay Government in borrowing the services of the Sloyd Supervisor of the Bangalore Circle to start work in the Dharwar Training College.

17. *Controlling Agencies.*—Mr. M. Shama Rao, M.A., held the Office of the Inspector-General of Education during the year. He went on deputation to Bombay and Poona to study the working of the Technical Institutions in those places, and on his way visited the Training College at Dharwar.

The Deputy Inspector-General of Education did commendable work in connection with the expansion of primary education. According to the revised scale which was sanctioned in December 1913, the inspection staff consisted of 25 officers, *viz.*, 2 Circle Inspectors, 9 District Inspectors of Schools, of whom one was for Hindustani schools, and 14 Assistant Inspectors of Schools, of whom two were for Hindustani schools and one for Sanskrit schools. Miss A. E. Rutledge was appointed Inspectress of Hindustani Schools and entered upon her duties in January 1914.

The work done by the Inspection staff was on the whole satisfactory. It is pleasing to note that the Revenue and other officers of Government evinced great interest in the educational activities of the State and that the village school committees rendered valuable help to the department in improving the organization and maintaining the discipline of schools in rural areas as well as in securing voluntary contributions towards the repairs and construction of school houses. In the districts of Bangalore, Mysore, Kadur, Hassan and Tumkur some private gentlemen built school-houses at their own cost or contributed liberally towards their erection by Government. Government have great pleasure in recording their appreciation of the help and co-operation thus rendered, and they trust that such assistance will be forthcoming in an increasing measure in the future.

18. The thanks of Government are due to Mr. M. Shama Rao, the Inspector-General of Education, for his able administration of the department during the year. The Government of India conferred the title of Rao Bahadur on Mr. M. Shama Rao on the 1st of January 1914.

READ—

Correspondence ending with letter No. 16783-789, dated the 15th June 1914, from the Inspector-General of Education in Mysore, submitting his proposals in the matter of publishing the results of the Mysore Secondary School-Leaving Certificate Public Examinations.

2. Letter No. 14259-627, dated the 19th February 1915, from the same officer, submitting a copy of the resolutions passed by the Syndicate of the University of Madras on the question of the admission of the holders of the Secondary School-Leaving Certificates to University Courses of Study, and requesting sanction to the inclusion of Elementary Mathematics as one of the compulsory subjects for the Public Examination. (Printed as annexure to this order.)

Order No. 4227—Edn. 8-13-15, dated 21st April 1915.

The Inspector-General of Education has, in anticipation of sanction, included Elementary Mathematics as a compulsory subject for the examination of this year. His action is approved.

2. Clause (4) of Rule V of the Rules for the award of the Secondary School-Leaving Certificates published under Notification No. 5791—Edn. 8-13-4, dated the 3rd December 1913, will be modified so as to include Elementary Mathematics as a compulsory subject. An amendment to this effect will be published in the Gazette.

3. The admission of students into the State Colleges will be regulated by the instructions conveyed to the Principals in accordance with the resolutions of the Syndicate.

4. Government further direct that the marks as moderated under the system suggested in those resolutions should be published in the Gazette, along with a remark of eligibility for public service in the case of such candidates as have secured after moderation, marks not below the State average in English and Vernacular and in at least one of the optional subjects, provided that their progress in school has also been satisfactory.

ANNEXURE.

Letter No. 14259—627, dated 19th February 1915, from the Inspector-General of Education in Mysore, to the Secretary to Government of His Highness the Maharaja, Department of Education and Agriculture, Bangalore.

With reference to your D. O. No. 829 –Edn 18 14, dated 26th October 1914, and in continuation of my D. O. No. 780, dated 5th January 1915, I have the honor to submit herewith a copy of letter No 896 of the 13th instant, from the Registrar of the University of Madras, enclosing a copy of the resolutions passed by the Syndicate at its meeting of the 9th instant, on the question of the admission of the holders of the Secondary School-Leaving Certificates to University Courses of Study.

I. According to the rules of the Madras Secondary School-Leaving Certificate Scheme, Elementary Mathematics is one of the "Compulsory" subjects for the Public Examination, whereas it is not one of the subjects of the Public Examination under the Mysore Secondary School-Leaving Certificate Scheme. The Mysore Board for the Award of the Secondary School-Leaving Certificates however, resolved, at its meeting of the 7th December 1914 that "Elementary Mathematics be included among the subjects for the Public Examination A copy of the resolution is herein enclosed. I have, therefore, in anticipation of kind approval, taken action to include that subject in the Public Examination of this year, so that Mysore pupils seeking admission to the Colleges affiliated to the University of Madras, within or without the State, may not labour under any disadvantage in the next academical year. I have also herewith submitted a copy of the notification sent for publication in the official Gazette I beg that Government may be pleased to approve of my action and order the inclusion of Elementary Mathematics among the compulsory subjects for the Public Examination Para V (1) of Government Notification No 579 Edn 8-13-4, dated 3rd December 1913, may be accordingly modified, English Essay, Vernacular Essay and Elementary Mathematics being respectively A, B and C.

II. All such candidates as satisfy the conditions laid down by the University will be declared eligible for admission to Colleges. And all others whose "Final marks as modified according to the resolutions of the Syndicate, are not below the State average in English and Vernacular and at least in one of the optional subjects, provided the candidates' progress in school in other subjects is fair, may be declared eligible for Public Service, the Board having discretion to introduce any modifications that may become necessary from time to time

---

Letter No. 896, dated 13th February 1915, from the Registrar, University of Madras, to the Inspector-General of Education in Mysore

I have the honor to forward herewith a copy of resolution passed by the Syndicate at its meeting held on the 9th instant, on the question of the admission of holders of Secondary School-Leaving Certificates to University Courses of Study under Regulation 166 (*a*).

I have to request, in accordance with Resolution 5, that you will be so good as to arrange for the entry, on each School-Leaving Certificates issued by you, of the final marks of the students after moderation in accordance with the method laid down in Resolutions 2 and 3 (*b*) (ii), so that an examination of any certificate will indicate at once, without the necessity for arithmetical calculation whether or not the holder is eligible for admission to an affiliated College under the provisions of these resolutions.

You will observe that, though these provisions will this year have the force of recommendations only, Principals of Colleges will be required to follow them as closely as possible and to report any deviations therefrom. It will therefore be of infinite assistance to them if the request now made for the entry of the final moderated marks upon each certificate is complied with.

UNIVERSITY OF MADRAS.

Resolutions of the Syndicate passed at its meeting held on February 9, 1915, on the question of issuing rules and directions in connection with the admission of students to affiliated Colleges, under Regulation 166 (*a*).

1. That the recommendation of the Senate that no holder of a completed Secondary School-Leaving Certificate be admitted to a University Course of Study, or registered as a Matriculate, unless he has obtained a minimum percentage of marks in such subjects as may be specified by the Syndicate, be accepted.

2. That the marks obtained by a holder of a Secondary School-Leaving Certificate should, before being made the basis of admission to an affiliated College, be moderated as follows:—

> The individual mark gained by him for the last year at school in each subject of Groups A and C of the Secondary School-Leaving Certificate Scheme should be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark of his class for the last year at school. The figure thus obtained should be added to the individual mark gained by him at the Public Examination at the total should then be divided by two.

3. (*a*) That admission to University Courses should be restricted to those holders of completed Secondary School-Leaving Certificates, whose final marks as moderated above are above the Presidency or State average in the Final Examination.

(i) by 15 marks (of which 5 marks shall be in English) in the subjects of Group A taken together.

(ii) by 5 marks in each of any two of the subjects in Group C.

(*b*) That any students who has failed to qualify for admission to a University Course of Study by reason of deficiency in any subject or subjects should be required to undergo a supplementary course at school in all subjects and to appear again at the Public Examination in the subject or subjects in which he failed to qualify, and his eligibility for admission should then be determined by the marks gained by him after moderation as follows :—

(i) in the case of the subjects in which he failed to qualify for admission, as in para 2 above, his latest School and Public Examination marks being taken

(ii) in the case of the subjects in which he previously qualified for admission, by multiplying the individual mark obtained by him at school during the supplementary year by the average mark of the school at the Public Examination of that year and dividing the result by the average mark of his class for the same year at school.

4 That the selection of candidates for admission to University Courses of Study should be made by the Principals of affiliated Colleges from among those eligible under the rules 2 and 3 and that for the guidance of Principals the Registrar be directed to issue a circular of recommendations similar to those of previous years, in which there should be a further recommendation that any marked deficiency in the subjects of Group B on the part of any candidate otherwise eligible for admission to a University Course of Study should be considered a disqualification, until such deficiency had been removed as the result of a supplementary course at school

5. That the several Directors of Public Instruction be requested to arrange, if possible, for the final marks as moderated according to the foregoing rules being shown on each certificate issued

6. That Resolutions 2 and 3 above be communicated to the Principals of affiliated Colleges with an intimation that for the year 1915 they may be considered not as rules and directions issued under Regulation 166 (*a*), but as recommendations which, however, ought to be observed as strictly as possible in making admissions to the colleges for the ensuing academical year, and that the certificates of all students admitted contrary to these recommendations during the year must be submitted to the Syndicate for inspection, together with a full statement of the special grounds upon which such students were admitted.

Also that Principals of Colleges be further informed that it is the intention of the Syndicate that after the year 1915-16 these recommendations shall come into force as express rules and directions and that no student admitted other than in accordance therewith will be eligible for registration as a Matriculate of the University.

No. 4375-423—Edn. 2-14-149, dated 27th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

Read—

Letter No. 11421—505, dated 8th January 1915, from the Inspector-General of Education in Mysore, stating that communications from Mysore stipendiary students residing in foreign countries are sometimes addressed to him, sometimes to other Heads of Departments and occasionally to Government, and requesting that it may be made a rule that all communications by foreign scholars in matters concerning their scholarships, courses of study, etc., should be addressed to him and that, if they are addressed to other officers, such communications may be transferred to his office for action.

Order No. 4375-423—Edn. 2-14-149, dated 27th April 1915.

Under the rules laid down in Government Order No. 763-813—Edn. 400-13-1, dated 22nd October 1914, for the award of foreign scholarships, it is the Inspector-General of Education to whom the applications for scholarships have to be addressed, and he has also to make arrangements for the payment of the amounts of scholarships, etc., from time to time.

The Government are accordingly pleased to direct that all communications from the foreign scholarship-holders relating to their courses of study and the payment of their scholarships and allied matters, should hereafter be invariably addressed to the Inspector-General of Education. Whenever such communications are addressed by the scholars to the other Heads of Departments, they should be transferred to the office of the Inspector-General of Education for action.

The Inspector-General of Education is requested to communicate these orders to the present foreign scholarship-holders* for information and guidance.

Supply of Agricultural Implements on the Hire Purchase System.

No. 3913-62—A. & I. 73-14-2, DATED 12TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 1261-73—Agri. 133-12-2, dated the 9th August 1913, sanctioning the continuance of the Implement Depot attached to the Agricultural Department for a further period of ten years, and requesting the Director of Agriculture to submit a scheme for making the depot of the utmost practical utility

READ—

2. Government Order No. 9184-96—Agri. 34-13-4, dated the 29th May 1914, increasing the permanent advance held by the Director of Agriculture for conducting the depot to Rs. 15,000 and reserving orders in regard to the supply of implements from the depot on the Instalment System.

3. Unofficial note of the Director of Agriculture in Mysore on the subject.

Order No. 3913-62—A. & I. 73-14-2, dated 12th April 1915.

Government consider that the usefulness of the depot can be greatly enhanced and the distribution of improved implements made more extensive if arrangements are made to supply them on credit.

2. Under existing rules, a raiyat who cannot afford to pay at once for an implement required by him has first to take a takavi loan from the revenue authorities and then buy the implement from the depot. This procedure is roundabout, and there is reason to believe that it has not worked smoothly and with facility.

To avoid this inconvenience, it has been suggested that the Agricultural Depot may be authorized to supply implements to those applying for them, after satisfying itself about their solvency, and that the value of the implements may be intimated to the Revenue Department to be treated as a takavi loan sanctioned to the raiyat concerned and collected accordingly by that department.

It is however desirable that the authorities sanctioning the supply of implements should also be held responsible for the due recovery of the value and that the summary procedure sanctioned by the Land Revenue Code should be resorted to only in cases where direct recovery is impossible. Such a system will also tend to greater caution being exercised by the sanctioning authorities. Government are therefore of opinion that an arrangement similar to the one sanctioned in their Order No. G. 2097-145—G. M. 55-12-239, dated the 2nd September 1913, for the supply of machinery by the Industries and Commerce Department will afford the best solution, and are accordingly pleased to sanction the rules appended to this order, for regulating the sale of Agricultural Implements on the hire-purchase system. The rules will also be published in the Gazette under a separate notification, and will be treated as supplement to the rules already issued under Section 194 of the Land Revenue Code.

No. 3913-62—A. & I. 73-14-2, dated 12th April 1915.

RULES FOR THE SALE OF AGRICULTURAL IMPLEMENTS ON THE HIRE-PURCHASE SYSTEM.

In order to popularise the use of improved agricultural implements in the State they will be sold to raiyats on credit from the Implement Depot and their value recovered in easy instalments as hereinafter prescribed.

2. The value of implements sold to any one raiyat or landholder under these rules and outstanding against him at any one time shall not exceed Rs. 2,000.

3. The Director of Agriculture shall be competent to sanction the sale of implements under these rules, when the total cost of the implements sold to any one person does not exceed Rs. 1,000. In other cases, the previous sanction of Government should be applied for and obtained before the implement or implements are issued.

4. The rate of interest charged shall be 5 per cent per annum.

5. Applications for the supply of agricultural implements should be made in writing to the Director of Agriculture in Form No. 1 annexed to these rules.

6. No application for the supply of implements shall be granted until after the applicant has executed an agreement in Form No. 2 annexed hereto.

7. No application shall be considered unless it is accompanied by a deposit of ¼th of the value of the implements.

8. The period of payment of hire instalments will be three years in the case of implements costing Rs. 100 and less and five years in all other cases.

9. If from causes beyond the control of the hirer the payment of any instalment become unduly burdensome to him, the payment of this and all subsequent instalments may, notwithstanding anything contained in these rules, be suspended by the Director for a period of one instalments. Simple interest at 5 per cent per annum shall be charged on all suspended instalments for the period of such suspension.

10. All sums falling due under these rules shall be recoverable as arrears of land revenue, and a stipulation to this effect shall be inserted in every agreement executed by a hirer.

11. All implements supplied under these rules shall remain the property of the Mysore Government, till the hirer pays up all the instalments due under the agreement entered into by him. They should further be maintained in good working order to the satisfaction of the Director of Agriculture during such period.

12. If, at any time, the Director is satisfied that all or any of the conditions of the agreement have been violated by the hirer or that he is not maintaining the implements in good working order he may, *after recording in writing the grounds of his decision*, pass an order directing the recovery forthwith of all future instalments with costs, as an arrear of land revenue. On receipt of a certified copy of such an order, the Deputy Commissioner to whom it is communicated shall forthwith proceed to recover from such person or persons any sum that may remain due together with any interest payable thereon and costs, as an arrear of land revenue, provided that with the concurrence of the Director of Agriculture, such officer may, at his discretion, so recover any sum less than the whole amount of the balance due without prejudice to his right to recover the remainder of such balance at any subsequent time.

13. The Director shall keep a register of implements supplied under these rules in a form which he will settle in consultation with the Comptroller. This register should clearly show the stage in which each case (of the supply of implements) stands at any particular time.

14. Every case of supply of implements under these rules should be reported to the Comptroller with full particulars. A statement showing the supply of implement sanctioned under these rules shall be submitted once a quarter for the information of Government.

15. In all matters not specially provided for by these rules, the rules under Section 194, Land Revenue Code, already issued shall, *mutatis mutandis*, apply.

FORM NO. 1.

APPLICATION FOR THE SUPPLY OF AGRICULTURAL IMPLEMENTS ON THE HIRE-PURCHASE SYSTEM.

1. Name of Applicant.
2. Father's name.

FORM NO. 2.

HIRE-PURCHASE AGREEMENT.

An agreement made this day.....of 191.....between the Director of Agriculture on behalf of the Government of Mysore (hereinafter called "the Director") of the one part, and.....of .....(hereinafter called the "Hirer") of the other part, whereby it is agreed as follows :—

(1) The Director agrees to let on hire to the Hirer and the Hirer agrees to take from the Director the implement or implements hereunder mentioned.

(2) The Director hereby acknowledges the receipt of Rs.....from the Hirer being the deposit of 25% of the value of the implement or implements above referred to.

(3) The Hirer undertakes to pay the remaining sum of Rs.....in.....equal annual instalments, the first instalment being payable on.....and the succeeding instalments on the corresponding dates of the succeeding years.

(4) That until the payment of the last instalment as aforesaid or in the matter hereinafter following, the said implement or implements shall remain the absolute property of Government but on and after the payment of the said last instalment, the same shall become the absolute property of the Hirer.

(5) That if the Hirer makes default in the punctual payment of any instalment as aforesaid, the Director may suspend payment of the said instalment and the succeeding instalments, if any, for a period of one year from the date on which the said instalments shall ordinarily fall due; but the amount or amounts payment of which is thus suspended shall carry simple interest at 5% per annum from the date of suspension till the date of payment.

(6) That during the period of the hire the Hirer shall take all reasonable care of the said implement or implements and maintain them in good working order to the satisfaction of the Director and the Hirer shall render himself liable to any loss or damage which the Government of Mysore may suffer in consequence of his failure to do so.

(7) If the Hirer fail to observe and perform all or any of the conditions of this agreement that should be observed and performed by him, the Director shall be at liberty to recover forthwith all the instalments remaining then due in respect of this agreement.

(8) All sums falling due under this agreement shall be recoverable from the Hirer as an arrear of land revenue.

In witness whereof.....

(Description of the implement.)

Scheme for the Improvement of Experimental Cultivation at the Sunkal Tank Farm.

No. 3978-84—A. & I. 210-14-1, dated 13th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

EDUCATION AND AGRICULTURE.

Read—

Government Proceedings No. 4840-76—Agri. 137-07-2, dated the 16th January 1909, passing orders on the programme of experimental work to be carried out by Mr. Krumbiegel, Economic Botanist and Superintendent, Government Gardens.

2. Letter No. 1059, dated the 29th January 1914, from Mr. Krumbiegel, submitting a detailed report as regards the initial work done and his suggestions in connection with the improvement of the experimental cultivation at the Sunkal Tank Farm.

(Printed in extenso with enclosures I, III to V as annexure.)

3. Correspondence ending with this office letter to the Comptroller to Government, No. E. & A. 126—Agri. 16-14-4, dated the 8th September 1914, directing that, pending sanction to the estimates of expenditure relating to the Farm during 1914-15, the pay bills of the establishment may be passed.

4. Government Order No. 2777-78—Agri. 16-14, dated 8th February 1915, sanctioning an expenditure of Rs. 9,784 during the year 1914-15.

Order No. 3978-84—A. & I. 210-14-1, dated 13th April 1915.

When appointing Mr. Krumbiegel as Superintendent, Government Gardens, Government laid it down, as one of his duties, the preparation of a programme of work with reference to Horticultural and Agricultural experiments in the State. He accordingly submitted a programme to Government, who, in their order of the 16th January 1909 read above, directed that he should confine his attention (1) to popularizing fruit culture, (2) to the experimental cultivation of industrial plants, tubers and flowers, and (3) to the establishment of a seed depot, paying particular attention to horticultural experiments. The bed of the breached Sunkal Tank near the Lal-Bagh was selected for the experimental work and every year separate estimates have been sanctioned for carrying on the work. While the budget estimates for 1913-14 were under consideration, Government called for a report on the details of the experiments made till then and their results as well as a statement showing the expenditure incurred on the Farm since the commencement, the income it had yielded each year and the capital outlay that it would be necessary to incur during the next three or five years, in order to make the Farm self-supporting.

Mr. Krumbiegel has, with his letter No. 1059, dated the 29th January 1915, submitted a detailed report showing the quantity of work done, the items of initial work remaining to be done, and the establishment and other charges necessary for carrying on experimental cultivation in future.

2. It is seen from the present report that much of the preliminary work by way of making the ground fit for cultivation has been completed. The supply of sewage water has, however, not been continuous or satisfactory, and the facilities for the distribution of water within the Farm are not yet adequate. Nevertheless the experimental cultivation of various kinds of plants and vegetables has been carried on, some new crops have been introduced and seeds distributed to the advantage of the cultivating classes. Cultural experiments have also been carried out and attempts have been made to collect several common local weeds and develop them into regular crops for purposes of green manuring and also to grow improved foreign varieties of plantains and cocoanuts on the Farm.

3. Government observe that the net cost of the Farm up to the end of June 1914 amounted to Rs. 27,271, and that with the capital outlay still required to improve irrigation facilities and to build a go-down the net outlay will rise to about

No. 3978-84—A. & I. 210-14-1, dated 13th April 1915.

Rs. 39,800, out of which Rs. 29,600 will have been spent on works of permanent utility. Government consider therefore that unless the receipts from the Farm are sufficient to cover the working expenses, a reasonable rental of at least Rs. 20 per acre on the area included in the Farm, and interest at 4 per cent per annum on the amount spent hitherto on it, the working of the Farm cannot be said to be successful.

They recognise that a portion of the work on the Farm is experimental in character and cannot be expected to give any immediate or tangible return and Rs. 2,754 out of the total proposed recurring expenditure of Rs. 9,754 per annum will be regarded as expenditure on experimental work.

4. Mr. Krumbiegel assures Government that he will raise the receipts of the Farm to Rs. 12,000 within two or three years if his proposals are sanctioned in their entirety.

They consist of two parts:—

A—Works necessary for the improvement of the Farm.

	Work	Cost Rs
1.	Construction of a go-down	5,500
2.	Construction of an Irish Bridge	780
3.	Construction of a well 25' diameter	1,200
4.	Planting Hariah roots	600
5.	The construction of a reservoir to hold the sewage water and the provision of facilities to lift the water from the same and laying out of distribution channels	7,000

B—Recurring Charges.

Establishment.

		Average cost per annum. Rs
1.	Farm Manager 80—5—100 average cost 95 per mensem ...	1,140
2.	Mestri (1) 20—2—30	330
3.	Malis 10 at Rs. 8	960
4.	Ploughmen 3 at Rs. 12	432
5.	Watchmen 2 at Rs. 8	192
	Total ..	3,054

Supplies and Services.

Cooly labour	...	2,400
Up-keep of bullocks	..	1,000
Manure	...	500
Seeds and plants	..	1,500
Construction and repairs	...	800
Contingencies	...	500
Total	...	6,700
Grand Total	...	9,754

Of the improvement works item (1) is necessary to prevent waste and is sanctioned. Items 2 and 3 have been already finished. Item 4 is sanctioned but its cost will be met out of the ordinary working charges.

The construction of a reservoir, the provision of lifting arrangements and the laying out of distribution channels at a cost of Rs. 7,000 are also sanctioned. They should be executed by the Public Works Department, in consultation with Mr. Krumbiegel. The cost on this account should be met by reappropriation in the Public Works Department budget.

The proposal about establishment and the charges for supplies and services are temporarily sanctioned with effect from 1st April 1915 on the distinct understanding that Mr. Krumbiegel would so regulate the work on the Farm as to make it self-supporting for the year 1916-17, and so as to realise receipts amounting to at least Rs. 12,000 from the year 1917-18. The extra cost of Rs. 2,800 to be incurred

in pursuance of this order during the current year over the budget provision of Rs. 9,784 will be treated as an additional grant to the current year's budget.

The establishment herein sanctioned should not be continued beyond 1918-19, without fresh sanction.

5. The improvements above sanctioned will, however, be of no avail unless a steady and sufficient supply of sewage water is assured for the Farm. The irrigation of the gardens close to the City, with crude sewage water should be immediately stopped both in the interests of sanitation and for securing a proper supply to the Farm. The President of the Bangalore City Municipality is accordingly requested to take necessary steps without delay for preventing any further interference with the drain and the flow of the sewage therein. Separate orders will issue as regards the laying of pipes for the main drain.

6. Mr. Krumbiegel considers that much of the Sunkal land being low ground is not suited for fruit culture. As there is enough work to do in other directions, action on this part of the programme may be taken up later. The Superintendent should separately submit proposals for a fruit nursery elsewhere.

7. The Superintendent should, along with his annual Administration Report submit in future a *pro forma* statement showing the capital outlay up to date, the working expenses during the year, the receipts during the year, the interest earned on the capital outlay, the rental on the lands and the profits, if any.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Economic Botanist and Superintendent, Government Gardens.
The Comptroller to the Government of Mysore.
The Chief Engineer in Mysore for information and issue of necessary instructions to Sanitary Engineer.
The Sanitary Commissioner in Mysore.
The President, Bangalore City Municipality.
The Deputy Commissioner, Bangalore District.
The Secretary, Economic Conference.

Exd.—C. R.

No. 3978-84—A. & I. 210-14-1, dated 13th April 1915.

No. 1059, Enclosures 7, Office of the Economic Botanist with the Government of Mysore, Government Botanic Gardens, Lal Bagh, Bangalore (India), dated 29th January – 4th February 1914

Dear Mr. Balasundaram Iyer,

As requested in your D. O. No 7, dated 11th September 1913 I now send you all statements shewing original or initial work done at the Sankal Tank Farm, as also original work to be done and cultivation work proposed so far as it relates to paying crops

From the Dewan's remarks communicated in the above D. O it is evident that Government is under a serious misapprehension as to the condition under which work had to be done and the nature of the work itself.

It is clearly presumed that (*a*) the land was ready for cultivation, (*b*) water and sewage given and were free. Neither, however, is the case.

The whole area was rugged and uneven tankbed, cut up by many channels on all sides and the newly formed main storm water drain does not follow the original natural main channel on account of the latter's irregular course.

The enormous masses of soil thrown out from the new drain had to be carried away to various distances to fill in these old hollows, pits and irregular channels Remaining high parts had to be levelled down to irrigation level and in all this work the soil had to be very carefully sorted out so that all the bad clay and mhorrum only was thrown in the deeper pits and the small quantity of good loam used for the top lay and the filling of shallow ditches.

In the levelling of the higher parts too it was not enough to merely cut away the protruding ground as this would have left the plot a pure surface of clay useless for cultivation it was therefore necessary to go below the required level and refill the surface with the good soil originally scraped off.

The whole tank area has comparatively thin crust of arable soil and unless this early was made uniform it could not serve the purpose of experimental or any cultivation. The ground now is so prepared, it is of a consistency similar to the low grounds used by Tiglars round Bangalore and with the completion of proper check and surface drains has become a valuable property.

We have spent on this Rs. 7,697-12-0 less than Rs. 100 per acre. The rate fixed by the various Agricultural Departments in India when taking over ready fields and clearing them of hedges old boundaries, etc., for formation of their Departmental Farms is Rs. 120 to 150.

So much for the required preparation of the land. Now as to water and sewage Till we dug a well last year there was no water. Sewage we do *not* get *when it is required*, because all along the upper channel from the culvert on the Lal-Bagh road to the Bamboo Bazaar there are some 53 holes made by Tiglars by which they divert the sewage to their own wells and grounds On the other hand, immediately when rain falls and neither the Tiglars nor we are in want of the sewage then it overruns our fields. The septic tank being 4' or 5' below the surface of our fields and there being no means of lifting and distributing it, the sewage cannot be passed through it but comes by a diversion direct on to the Farm in a crude state. The thousands of rupees so far spent on the tank and the partial main sewer are therefore not only a sheer waste of money but the effect of this incompleted state on our Farm is one of hindrance to work intended and immense damage to cultivation work already undertaken.

I have brought this state of affairs to the notice of the Sanitary Engineer, the Superintending Engineer, the President of the Municipality and Government themselves but so far nothing has been done to remedy matters.

While, with my own staff and from the funds sanctioned for farm work, I have done everything by way of construction and ground-work on the farm, I cannot interfere with the actual drainage system and these things should be done by the Public Works Department.

So much then for free sewage and water.

For expenditure and work done you will kindly look at Statement I attached. This shows that, after deducting reappropriation and amounts lapsed, the actual expenditure on the farm is Rs. 25,821-3-11, since its beginning.

As the annual budget provision had to suffice both for original as well as cultivation work though I submitted estimates for initial works separately, and as no cultivation could be done until the ground is prepared, all the works shewn in Statement II were met from the grant, and the cost of the construction, earthwork, value of trees planted out or in pots, implements, livestock, etc., amounts to Rs. 24,168-4-3. Deducting this from the total expenditure it leaves Rs. 1,656-9-8 for actual cultivation of crops. The financial result of that cultiuation is an income of Rs. 3,540-2-2 or an actual profit of Rs. 1,883-8-6.

The net results must not, however, be gauged merely by the above financial profit. The staff besides the preparatory work shewn have done much by way of turfing embankments, carting in manure, good soil, etc., sowing green crops and ploughing them in, all of which work has added to the improvement and value of the land.

Again in addition to this and to the cultivation of those vegetable crops that gave an income, the staff have in between the preparatory earthwork, carried on the cultivation of a good many crops of an experimental nature of which the harvest has been distributed at or below cost price In this way, various kinds of vegetables have been introduced and seeds distributed both locally and in the districts: potatoes, tomatoes, beans asparagus, maize, tobacco, are a few examples. Of new crops may

be mentioned, soya beans, ground beans, salt bushes, rhodes grass, etc. Several common local weeds have been collected and are being developed into regular crops both for green manure and food purposes.

Of the trees growing, the plantains are not the local kinds but are good kinds imported from other parts of India and also from the Philippines, Jamaica and other places.

The cocoanuts planted are from Ceylon, the Malayan States, etc.

The introduction of such improved kinds will have its beneficial effect on the better productiveness of the country in general and must not be measured by the few rupees we may make by the sale of the seeds.

Cultural experiments have also been carried on and details recorded but inasmuch as the ground has not been fully fit and owing to want of sewage water, the crops have in varying degrees suffered or have been damaged or interfered with by stormwater before we had any system of drainage, the records cannot be taken as conclusive. They serve meanwhile to teach our inexperienced staff in being exact and taking correct records. Much valuable information has, however, been gained and will be incorporated when I get proper assistance to relieve me of the ever increasing routine work and detail supervision, so that a bulletin on the various economic plants and products can be written.

In connection with the experimental work, I must also here mention that apart from the absolute necessity of uniform soil and reliable supply of sewage and water and perfect control of the surface drainage the work requires continuous scientific supervision. The plants dealt with vary immensely in kind and cultural requirement, many of them entirely unknown here and they have to be grown under conditions quite different to those of their native habit at. The work is therefore infinitely more complicated than that of an ordinary Agricultural Experiment Station where the kinds dealt with are few and generally well known. I had therefore provided in my original estimate a Farm Manager (or Controller of Experiments) on Rs. 75 to Rs. 100 (it should be Rs. 150—200) but Government direct that "a Mestri on Rs. 50 or even Rs. 35 is sufficient." This has put me in the greatest difficulty; for duty to, and knowledge of, the nature of the work do not permit me, accept this while discipline does not permit me to contradict superior power. So long as the staff was chiefly occupied with the initial earthwork and construction it was all right. I now, however, sincerely request Government to reconsider this point.

If the sewage supply and distribution was completed and in working order and the surface drains finished I would have no hesitation in putting down the income as equal to the expenditure but I fear that drains and other construction must come out of the maintenance fund and so I have in Statement III only shewn a few of the remunerative crops which shew a gradually increased income. I have not shewn any income we may get from experimental and intermediate crops, but if the Sanitary Department will complete the sewage arrangements and sanction is accorded to the estimate, Statement IV, and the Establishment Statement V there is every prospect of bringing the income up to the maintenance expenses even next year. Already the income for this year is Rs. 2,300 and will come to Rs. 4,500 by the end of the year. I hope to do a good deal of the surface drains from this year's funds and also if possible the planting of the Hariali plots south of the main channel. This plot was recently offered to several of the Tiglars displaced by the Cubbon Park Extension but though I offered it free of rent or any charges none of them would have it.

The Go-down (item I in Statement IV) is very urgent for potatoes and vegetables — for want of such room we have lost large quantities of potatoes during the last three years.

Thus it will be seen that:

(1) the expenditure incurred was chiefly on construction and laying out of the Farm;

(2) the sewage arrangements are left incomplete and useless for cultivation in this present condition and do more harm than good;

(3) the comparatively small amount spent on cultivation has been profitable, and

(4) if construction works are completed and that at least a technically trained Farm Manager is sanctioned there is every prospect not only of making the Farm self-supporting but also of doing a great deal of experimental work.

Staff of the Registrar of Co-operative Societies

No. 4001-2- A. & I. 83-14-19, DATED 15TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

READ—

Government Proceedings No. 896-945—B 56-12-7, dated the 31st October 1914, revising the establishment under the control of the Registrar of Co-operative Societies in Mysore.

2. Correspondence ending with letter No. 1271, dated the 14th December 1914, from the Registrar, submitting two statements, one showing the allocation of hands under the revised scale and the other showing the work entrusted to the Inspectors and his Office Assistant and also forwarding a copy of his office gradation list

3. Letter No 1569, dated the 25th January 1915, from the Registrar, submitting certain modified proposals in the matter.

Order No. 4001-2—A. & I. 83-14-19, dated 15th April 1915.

The Registrar's proposals to fill up appointments under the revised scale are approved, except those relating to N. Ramabhadraiya and M. N. Narasimhachar, who do not possess sufficient qualifications for employment as clerks on Rs. 30-3-45. The Registrar is requested to appoint duly qualified men for these places and make a report to Government in the matter. The staff as revised and sanctioned is shown in the annexed statement.

2. The Registrar has the status of a Deputy Commissioner under Government Order No. Fl. 2263-73—B. 18-12-1, dated the 23rd September 1912, and will therefore have power to make appointments on his own authority only up to Rs. 40 except in the case of appointments made to the *pro rata* scale in pursuance of paragraph 3 of the Order of 31st October 1914 read above.

3. The Registrar's proposal to keep one of the Senior Inspectors for work in the office is objectionable, but the arrangement is temporarily sanctioned. It should be discontinued by the end of April 1915 and a report submitted to Government in the matter.

4. The allocation of work proposed for the other Inspectors and the headquarters selected for each are approved. Government understand that these Inspectors are treated as provincial officers for purposes of mileage for marches of less than 20 miles. This is irregular and should be discontinued now that the areas of their work have been defined. The Registrar may change the headquarters and the areas from time to time, informing the Government and the Comptroller of his action without delay.

5. The arrangements ordered in paragraph 1 will take retrospective effect from 31st October 1914.

6. Separate orders will issue as regards the work of the Assistant.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Registrar of Co-operative Societies in Mysore.
The Comptroller to Government.

Reviewing the Report on the Working of the Co-operative Society.

No. 4159-4208—A. & I. 9-14-8, DATED 17TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

DEPARTMENT OF EDUCATION AND AGRICULTURE.

READ—

Report on the Administration of the Mysore Co-operative Societies' Regulation, No. III of 1905, during the year 1913-14.

Order No. 4159-4208—A. & I. 9-14-8, dated 17th April 1915.

General progress of the movement during the year.—Government have read the report with much interest, and are pleased to note that the co-operative system made great advance during the year under review. In addition to the Provincial Co-operative Conference, nine local conferences were held. Two hundered and eleven societies were registered during the year and 24 wound up. The number of societies increased by 55 per cent, their membership by 65, and the working capital by 66. The total amount of deposits received was Rs. 11·5 lakhs against Rs. 6·28 lakhs in the previous year, and the average number of members per society 76 against 72.

Out of the total number of 530 societies that were working on the 30th June 1914, 11 were Central Societies with limited liability, 36 were agricultural limited societies, 374 agricultural unlimited, 87 non-agricultural limited and 22 non-agricultural unlimited.

Gross transactions.—The gross transactions of all the societies amounted to Rs. 96,28,522 and the net profits to Rs. 1,18,604 against Rs. 59,52,081 and Rs. 62,520 respectively in the previous year.

Loans.—The total amount of loans granted by the societies amounted to Rs. 30,74,764, out of which about one-third, *i.e.*, Rs. 11,06,866 was granted on personal security and about one-half, *i.e.*, Rs. 15,98,920 was for productive purposes.

The classification of loans according to the purposes for which they were granted was not done in the case of about a fifth of the total amount.

The net saving of interest to the members consequent on the cheaper credit afforded by the Co-operative Societies is estimated to have been Rs. 1,38,000.

Special features of the year.—The special features of the year were the attraction of small deposits from school children and the starting of two Co-operative Societies in Bangalore for the help of Municipal employees in the Bangalore City. The Society at Yedarur, Kolar District, organised a cattle show, and arranged for a demonstration of the advantages of transplanting single paddy seedlings, of the use of manures and also of improved methods of sugar-cane crushing. It is also noteworthy that among the societies started during the year, is one at Yelladabagi, Tumkur District, which has for its object the irrigation of the lands of its members.

A large number of unions were also registered during the year.

Stores and Productive Societies.—The working of the Stores and the Productive Societies has not, however, been satisfactory though there were no doubt a few exceptions like the Malleswaram and Basavangudi Stores, the Komerahalli Weaving Society and the Lakshmi Sahaya Nidhi, Mysore. It would be desirable and useful to study their methods of organisation and working in detail and suggest methods of improvement. Small leaflets of hints and suggestions might be printed and supplied to such societies and their members.

The Hole-Narsipur Vasavamba Poshita Anyonya Sahaya Sangha, which is a buying society formed by retail dealers, in piece goods seems capable of expansion and affords an example of how small trades can benefit by co-operation.

No. 4159-4208—A. & I. 9-14-8, DATED 17TH APRIL 1915.

Government observe that the progress of the societies has hitherto been mainly in the line providing for credit transactions. Though perhaps this is inevitable in the beginning, it is very desirable that the growth of Co-operative Socities for helping trade and simple industries should be encouraged. The attention of the Registrar will be invited to this *desideratum*, and Government trust that his efforts in this direction will result in a substantial increase of such societies in future.

Building Societies.—Government note that the working of the Bangalore City Building Society has not been very successful, considering the great demand for houses, the high rents that prevail in the City, and the large number of sites remaining to be built upon. Apparently the society has only been serving as a long term credit society.

Government will be glad if the Registrar investigates the field for co-operative building in Mysore and Bangalore Cities thoroughly and educates the public in the proper lines of organization and working of such societies.

Reserve Fund and Resources.—It is gratifying to note that the Reserve Funds of the several societies rose from Rs. 30,600 to Rs. 56,240 during the year, and that the Bangalore Central Co-operative Bank was able to render all the financial assistance sought by the societies.

Litigation.—Including the 15 suits pending disposal from the previous year, the Registrar had to deal with 175 suits for the recovery of sums due to the Societies. Eighty-one of them were decreed and 64 struck off or withdrawn. The decision of arbitrators was resorted to in only 4 cases. The number pending disposal at the end of the year was 26.

Audit and inspection.—A fair beginning was made by the newly formed unions in inspection work and 29 societies were thus inspected during the year.

The work of audit and inspection was not quite satisfactory and adequate. The accounts of 400 societies were audited.

The Registrar has explained that this was due to the insufficiency of his staff. Government have recently sanctioned a substantial addition to the staff and they trust that in future audit and inspection will receive the necessary amount of attention. Steps should also be taken to see that audit reports or brief reviews thereof are published in the co-operative bulletin or are otherwise made available for the information of those interested in the progress of the Co-operative Societies.

Government consider that audit and inspection work would be facilitated if the Inspectors are given definite charges and their headquarters located within their charge, and that the work and responsibility of the Assistant Registrar require to be more clearly defined. The Assistant and the Inspectors should also be instructed to tour out more largely and on a proper pre-arranged plan.

Government further desire to lay emphasis on the necessity for paying attention to consolidation in the centres where the movement has taken some root *pari passu* with the numerical expansion of societies.

The relations between the Bangalore Central Co-operative Bank, the unions and individual societies also require careful regulation, and should receive proper attention.

Non-official agency.—His Highness the Maharaja was pleased to confer the title of "Loka Hitotsuka" on Mr. D. Appu Rao, Secretary of the Bangalore City Co-operative Bank, in recognition of his valuable services to the Bank and to the movement in general.

Government note with regret the death during the year of two very useful honorary organisers, who had associated themselves with the work almost from its commencement in the State.

In conclusion, Government desire to congratulate Mr. Narayana Iyengar on the good work done and substantial progress that has been achieved during the year.

READ—

Government Order No. R. 7154-202—Agri. 4-13-9, dated 13th March 1914, approving of the main principles enunciated by the Agricultural Committee of the Economic Conference for the grant of loans for starting Dairy Farms in the State, and calling for a set of rules to regulate the grant of loans for that purpose.

2. Letter No. 325, dated 1st August 1914, from the Secretary to the Mysore Economic Conference, submitting two alternate drafts one under the General Rules issued under the Land Improvement Loans Regulation and Section 194 of the Land Revenue Code and the other under the Takavi Loans Rules issued under the Government Order quoted above, and stating that the former draft seems suitable and may be adopted.

Order No. 4323-38—Agri. 17-14-2, dated 26th April 1915.

Government agree with the opinion of the Committee of the Economic Conference that dairy farming is an industry which deserves to be fostered by the grant of some aid in advance of money and other facilities, and are accordingly pleased to sanction the appended rules for the grant of loans for starting and improving Dairy Farms. The rules will be published in the *gazette* under a separate notification.

2. Government hope that the facilities afforded by these rules will be taken advantage of, and that a strong impetus will be given to an industry of great importance alike from the Agricultural, Economic and Public Health points of view.

Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Economic Conference.
The Revenue Commissioner in Mysore.
The Excise Commissioner in Mysore.
The Comptroller, Mysore Government.
The Director of Agriculture in Mysore.
The Military Secretary to His Highness the Maharaja.
The Deputy Commissioners of Districts and Presidents of Municipalities.
The President, Bangalore City Municipal Council.
The President, Mysore City Municipal Council, through the Deputy Commissioner of Mysore District.

Exd.—C. R.

No. 4323-38--Agri. 17-14-2, dated 26th April 1915.

RULES.

The Government may grant loans for starting or improving Dairy Farms in Mysore on proper security up to a limit of Rs. 5,000 in each case.

2. (1) Sufficient grounds for grazing purposes or for growing fodder may be leased out from assessed or unassessed waste lands and such portions of sheudi vanams (date groves) and Amrut Mahal kavals as can be spared by the Departments concerned, to persons undertaking to start Dairy Farms.

(2) Suitable sites up to 5 acres in each case may also be granted for the location of the buildings for the Dairy, a reasonable price being levied therefor.

Note.—The selection of the grazing grounds and the building sites required by each applicant should be made under the advice and directions of the Deputy Commissioner of the District or the President of the Municipality concerned, who will give the applicants all possible facilities.

3. The rate of interest charged on loans granted under these rules shall be 5 per cent per annum.

The Government may, if they deem fit, reduce the rate in special cases.

4. The loan shall be repayable in fixed annual payments, discharging both principal and interest. The period allowed for the repayment of the entire loan shall not exceed ten years.

5. In every case in which a loan is granted under these rules the borrowers shall execute an agreement mortgaging as a first charge the Dairy Farm with all the lands and buildings appurtenant thereto, and the cattle and livestock maintained therefor, for the amount due. And no loan shall be granted unless additional security is offered in the shape of other immovable property the value of which is at least equal to the amount of the loan applied for.

6. Applications for loans shall be made to the Deputy Commissioner of the District wherein the farm is proposed to be established.

The Deputy Commissioner shall make enquiries into the *bona fides* of the application and the value of the security offered and forward the papers together with his opinion to the Secretary to the Mysore Economic Conference. The latter officer shall refer the matter to the Agricultural Committee of the Economic Conference, who shall, in consultation with the Diary Farming Sub-Committee, record their opinion whether the industry can be successfully worked by the applicant taking into consideration the locality proposed and the personal qualifications of the applicant and other circumstances of the case. The entire case shall then be forwarded for the orders of Government by the Secretary to the Mysore Economic Conference.

7. Every person to whom a loan is granted for starting a Dairy Farm should agree to start the concern within one year from the date of disbursement of the loan or the first instalment thereof and to bring it into full working order to the satisfaction of Government within a period of three years from that date; failing which the lands leased out to him shall be liable to be immediately resumed, and the entire loan recovered *at once*.

8. In all other matters relating to the disbursement, repayment and recovery of the loan, not expressly provided for in these rules, the provisions of the Rules issued under Notification No. R. 4319—Agri. 91-08-4, dated 2nd January 1909, shall apply.

9. Every Dairy Farm assisted by Government should keep regular *accounts which together with the farm and its appliances* shall be open to inspection from time to time by officers appointed by Government for the purpose.

10. A special report on the general working of the dairies and the financial results should be annually submitted by the Proprietor of each such farm, to the Deputy Commissioner of the District concerned, before the 31st July succeeding, who should pass it on to the Secretary, Economic Conference, with his remarks.

READ—

Official Memorandum, Camp No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, directing, among other things, the formation of Town and Taluk Progress Committees and defining their functions.

Order No. 4450-4500—A. & I. 17-14-39, dated 28th April 1915.

In paragraphs 23 to 27 of the Official Memorandum read above were prescribed certain tentative rules defining the formation, composition and functions of Taluk and Town Progress Committees. Since the issue of that order, Progress Committees have been formed for 59 Taluks, 3 Towns and 1 City and have started work. The experience that has been gained so far indicates the need for explaining in greater detail what the aims and objects of these Committees should be, and for modifying in certain respects the rules about their composition. The rules and suggestions accompanying this order are therefore issued in supersession of the directions contained in paragraphs 23 to 27 of the official memorandum under reference and will come into effect from the date of this order.

The Deputy Commissioners and Presidents of District Committees are requested to take necessary action to reconstitute the Committees according to these rules as early as possible. The report for the period ending the 31st March 1915 will, however, be drawn up according to the directions laid down in the memorandum of the 14th June 1913.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Economic Conference.
The Deputy Commissioners and Presidents of District Committees.
The Presidents of City Municipalities and other Municipalities.
The Comptroller to Government.
The other Heads of Departments and Secretaries to Government.

Bad.—C. R.

No. 4450-4500—A. & I. 17-14-39, dated 28th April 1915.

RULES AND SUGGESTIONS FOR CARRYING ON THE WORK OF PROGRESS COMMITTEES.

---

1. Introductory.—A Progress Committee will be ordinarily appointed for a taluk including the headquarter town.

In the case of any town or city with sufficient economic interests of its own to require continuous attention, a separate Town or City Progress Committee may be formed.

Every Progress Committee shall be called a Taluk, Town or City Progress Committee according to the area to which it pertains.

2. Formation of Committees.—The formation of Progress Committees will be ordinarily left to the initiative of the representative people of the area concerned.

2. A sum of not less than Rs. 100 should be collected by voluntary subscription before a Committee can be formed.

3. An application for sanction to the formation of the Committee should be made to the Amildar by the representatives of the locality and should be submitted to Government by him through the Deputy Commissioner and the Secretary, Economic Conference.

In the case of Progress Committees for District Headquarter Towns and the Cities of Bangalore and Mysore, an application should be made by the representatives of the people to the Deputy Commissioner or the President, Municipal Council, as the case may be, who shall forward it to Government, through the Secretary, Economic Conference.

3. Objects and Work of the Committee.—The chief aim of a Progress Committee is to develop the material prosperity of the area concerned and to collect and maintain correct statistics of its economic condition.

For this purpose the duties of the Committee will be—

(1) to serve as a thinking and organizing centre;

(2) to examine the local economic needs and wants and prepare a statement of the more important ones in the order of their urgency;

(3) to examine each defect and each need, collect information, consult experts and Government Departments concerned and frame practical working-schemes for remedying or supplying each; (The investigation of each item should be pursued until a remedy is found or a decision come to. Collecting and spreading information on any subject, careful study, discussion, investigation, etc., if zealously pursued, cannot fail to lead to the growth of sound ideas and yield practical results.)

(4) to organise the collective resources and co-operation of the people in order to carry out large improvements, supply important wants and remove any great defects or disabilities of a taluk or town, for which schemes may have been prepared as per clause 3;

(5) to arrange for spreading a knowledge of new ideas and improved methods in agriculture, manufactures, etc., suggested by experts and to help in reducing them to practice with the assistance of suitable agencies and organisers spread over the taluk;

(6) to encourage investigation and stimulate work in all occupations and professions through the agency of representative persons best qualified to develop each;

(7) to help to multiply the occupations of the people;

(8) to train young men in industrial pursuits, and equip people engaged in the various occupations with information, skill, discipline and capacity for hard work and continuous application with a view to increase their efficiency and earning power;

No. 4450-4500—A. & I. 17-14-39, dated 28th April 1915.

(9) to promote capacity for co-operation and harmonious working for common objects;
(10) to collect, compile and maintain essential statistics of production—both agricultural produce and manufactured products—and of other information of economic importance to the area;
(11) to organize demonstrations, exhibitions and conferences; and
(12) to organize committees, associations, societies, leagues, clubs, etc., for special objects.

4. Composition of the Committees, etc.—The Taluk Progress Committee shall consist of not less than five and not more than twelve members including the Amildar and the Special Sub-Registrar, if there is one. The members of the Committee shall hold office for one year but will be eligible for re-nomination.

The Progress Committee shall appoint an Executive Committee consisting of not more than five members including the Amildar and the Sub-Registrar. It will be the duty of the Executive Committee to carry on the work of the Progress Committee during the intervals between the meetings.

A Secretary may be appointed, if necessary, from among the members to act in that capacity both to the Progress Committee and the Executive Committee.

The members should be chosen so as to represent the several *hoblis* and towns and also any special commercial or industrial interests in the taluk. They should be chosen from among the most intelligent, practical and disinterested workers available in the locality and should, if possible, be selected by the representatives of the people. Hobli representatives may be selected by the Village Improvement Committees.

Only persons who undertake to give their time and service free and work earnestly to promote the objects of the Committee should be appointed members.

The Amildar will ordinarily be the Chairman of the Taluk Progress Committee.

A non-official Vice-Chairman may be appointed wherever the Committees desire it.

2. Proposals for the nomination of each Committee should be sent up to the Secretary, Economic Conference, by the 1st March each year.

3. In the case of Progress Committees formed for District Headquarter Towns and the Cities of Bangalore and Mysore, the Committees should include the Deputy Commissioner and the President of the City Municipal Council, respectively, and the Municipal Vice-President. The former will be the Chairman and the latter the Secretary to the Committee, unless otherwise specially decided. Two to three members may be elected from among the non-official Municipal Councillors and the remaining number selected from among leading citizens, care being taken that all important interests connected with education, industries, trade, etc., are properly represented.

The rules framed for Taluk Progress Committees will also apply *mutatis mutandis* to the Town or City Progress Committees.

These Committees will also have the privilege of making representations to the Municipal Councils in the area on the following subjects:—

(1) Municipal Finance.
(2) Public Health.
(3) Water-supply.
(4) Town Planning and Town Improvements.
(5) Education.
(6) Other matters of importance.

5. Programmes and Working Year.—The working year for the Progress Committees shall be the twelve months ending the 31st March every year.

Programmes.—The work of the Committees will usually fall under one or other of the following heads:—

(1) Education.
(2) Agriculture.

(3) Industries and Manufactures.

(4) Trade and Commerce.

(5) Joint-stock Enterprise, Banking and Co-operation.

(6) Organization and Business Training.

(7) General and Miscellaneous.

A list of items of work which may usefully receive attention under each of these heads is attached as Appendix A. Additional subjects may be suggested for inclusion in the list according to the requirements and opportionities of each Committee.

Out of the list the Committee should select, with reference to the needs of the locality, not less than a dozen important items for special attention during the year.

Copies of the programme finally adopted should be sent for information to the President of the District Committee and to the Secretary, Economic Conference.

6. Funds.—As the necessary agency to be employed and the magnitude of the operations to be undertaken will depend chiefly on the funds collected and on the number of workers available, every endeavour should be made to collect annually as large a sum of money as possible by subscriptions, donations and contributions through local agents, Village Improvement Committees, and by means of endowments, etc.

2. The sources from which funds may be derived are : —

(i) Voluntary individual subscriptions and donations from leading people in the taluk.

(ii) Contributions from Village Improvement Committees and villages.

(iii) Collections at jatras, cattle fairs, festivals, etc., and

(iv) Grants from Government.

A sum of Rs. 2 to 5 per village, per annum, will give not less than Rs. 500 for each taluk.

If a sum of not less than Rs. 100 is collected from sources (i) and (ii) a grant of Rs. 100 will be made by Government once a year.

3. The funds will be administered by the Committee subject to the general approval of the President of the District Committee.

4. The funds collected may, among other objects, be utilised for the following purposes :—

(i) Popularising and helping to introduce improved appliances for agriculture and industries ;

(ii) Supply of manure and seeds duly recommended ;

(iii) Organizing demonstrations, exhibitions, competitions, conferences and lectures to lead to useful results ;

(iv) Collecting and spreading useful information of economic interest by publishing handbooks, bulletins and leaflets ;

(v) Printing essential statistics and other important information about the locality ;

(vi) Making arrangements to give higher education and training in industrial, commercial or professional pursuits to young men and women of the locality, by opening special schools, employing teachers or by giving scholarships for study abroad and

(viii) generally for any other purposes calculated to advance the objects of the Committee (*vide* para 3 above and Appendix A).

5. The Committee shall prepare an annual budget for all ordinary receipts and expenditure.

6. All accounts should be properly written up and the receipts and expenditure should be audited once a quarter.

No. 4450-4500-A. & I. 17-14-39, dated 28th April 1915.

A statement of receipts and expenditure should be regularly read at each monthly meeting of the Committee and recorded as part of the proceedings.

The funds may be deposited in the Government Savings Bank or with a local Co-operative Society as may be approved by the Committee.

8. An auditor or auditors shall be appointed every year by the members at the first monthly meeting, usually in April, whose duty it shall be to audit and examine the books, vouchers and accounts of the Progress Committee and to certify to the correctness of the accounts with reference to initial documents both as regards receipts and expenditure.

7. Committee Meetings.—Each Committee should ordinarily meet not less than once a month on a date previously fixed. Timely notice of such meetings with a statement of business should be sent to the members, say, a week beforehand, and they should be encouraged to come to the meetings fully prepared with their own suggestions or ideas upon the subjects included in the agenda. Meetings may be held occasionally at places in the taluk other than the taluk headquarters.

Except when otherwise decided by the Committee the meetings may be open to the public.

2. Members who are unable to attend a meeting should ordinarily intimate the fact beforehand to the Chairman or Secretary.

Any member absent from three consecutive meetings without sufficient reason is liable to forfeit his seat on the Committee.

If the Chairman and the Vice-Chairman are both unavoidably absent at any meeting, the members present may elect one of their own members to preside.

3. The proceedings of the meetings should be regularly recorded in a book kept for the purpose and signed by the Chairman. They should be read over at the next meeting and confirmed.

At every monthly meeting, the work done during the previous month should be examined and the work for the next month should be defined and distributed among the members.

A brief report of work done each month should be submitted to the President of the District Committee and to the Secretary, Economic Conference, in the form given in Appendix B.

The meetings of the Executive Committee for giving practical effect to the proposals and wishes of the General Committee may be held more often and in a less formal manner.

8. Agencies.—Besides its own members, the Committee should gather round itself a large number of individual organizers and workers, one or more in each town or village, to translate into action the ideas and suggestions of the Committee.

(Every member of the Committee should help in this direction by enlisting the services of active workers outside the Committee.)

The Committee should invite and avail itself of the voluntary co-operation of Village Improvement Committees for all these objects.

2. A list of items of work which may be undertaken by individual workers is appended. The list is intended to be suggestive and may be added to from time to time. (*Vide* Appendix C.)

When any item of work is entrusted to a Village Improvement Committee or any individual worker, a brief report of progress made should be obtained from the Committee or individual not less often than once in two months.

3. In order to keep the Taluk Progress Committee in touch with the work of the Village Improvement Committees, the Amildar may arrange to place before the Committee for information the monthly reports received by him from the Village Improvement Committees.

9. Annual Report.—Each Committee should prepare a report of the work done during the year and have it passed at its meeting in March. It should be submitted to the President of the District Committee before the 15th April following. Some of the main points to be dealt with in the report are outlined in Appendix D.

No. 4450-4500—A. & I. 17-14-39, DATED 28TH APRIL 1915.

The President of the District Committee should, on receipt of the annual reports of the Progress Committees, submit by the 30th April, a brief review of work done for the whole district.

10. Annual Conferences.—The Progress Committee may organize an annual conference at any convenient centre within the taluk, at which all matters of economic interest relating to the taluk and the work of Village Improvement Committees may be discussed.

Detailed suggestions as regards the organisation of these conferences and the work to be done at them will issue separately.

Appendix A.

ESSENTIAL ITEMS OF WORK SUGGESTED FOR TALUK PROGRESS COMMITTEES.

I. EDUCATION.

1. (*a*) Maintaining essential statistics regarding the state of Education in the taluk including full particulars of all schools and other educational agencies existing in the taluk.

(*b*) Laying down certain standards of educational development to be worked up to in the near future.

2. Preparing a list of educational wants of the taluk including a list of villages where schools are needed, in the order of their urgency and importance.

3. Improving the efficiency and equipment of schools, including provision of school gardens.

4. Increasing the strength of schools and improving the regular attendance at schools.

5. Encouraging the education of adults by opening night schools and arranging for weekly or bi-weekly classes and in other ways.

6. Providing Reading Rooms and Libraries and increasing the circulation of newspapers, and utilising *bhajane-ma* where they exist as centres of instruction and recreation.

7. Forming an educational fund for the taluk for (1) giving young persons of the taluk higher general and technical education including agricultural and commercial education in centres outside the taluk or (2) by importing teachers from outside.

8. Organising games and other forms of physical exercise in schools and villages generally.

9. Organising lectures and *kathas* to inspire people with higher ideals and spread correct statistical information about the outer world.

10. Forming a Taluk Educational Association of teachers to improve the efficiency of teachers, and teaching.

11. Taking stock of progress once a year by study of statistics and comparing with progressive countries and centres outside the State.

II. Agriculture.

1. (*a*) Maintaining essential statistics about the state of agriculture and agricultural production. (*b*) Preparing a correct estimate every year of the area, outturn and total value of (1) food and fodder crops, (2) industrial crops, raised in the taluk and making comparison with the figures of previous years and of other parts of the State.

2. Popularising the large landed estate scheme and extending cultivation.

3. Popularising the use of better implements and machinery recommended by experts.

4. Popularising improved methods of cultivation recommended by experts.

5. Developing the cultivation of sugar-cane, mulberry, cotton, tobacco and other commercial crops.

6. Encouraging the selection and use of good seed and creating agencies and facilities for the supply of such seed to the raiyats.

7. Improving manure supply by—

(*a*) Encouraging the use of oil cakes and green manure and the better preservation of farm yard manure.

(*b*) Using manurial silt.

(*c*) Raising honge plantations.

8. Extension of fruit culture.

9. Extension of vegetable cultivation.

10. Extending the cultivation of fodder crops.

11. Taking needful steps to raise topes, plantations, etc.

12. Persuading people to devote greater attention to the improvement of live-stock.

13. Spreading among villagers a knowledge of the essentials of (*a*) tank construction, management and maintenance, (*b*) economical use and distribution of water, and (*c*) digging and construction of wells and the use of water lifts and pumps.

14. Encouraging raiyats to visit Agricultural Farms and demonstrations and special short vernacular courses of instruction given by the Agricultural Department.

15. Inducing bodies of agriculturists to travel to and visit other parts of the State and British India to see improved methods and agricultural practices.

16. Taking stock of progress at least once a year and by a study of statistics and other particulars satisfying themselves that a steady increase is maintained in the total agricultural produce of the taluk.

Note.—All agricultural activities of the year should lead to this essential result.

B. Sericulture.

1. Persuading people to adopt improved methods of rearing worms.
2. Encouraging people to grow mulberry trees.
3. Encouraging people to adopt improved methods of reeling.
4. Collection and maintenance of correct statistics of area under cultivation and estimates of production
5. Taking stock, once a year, of the growth of the industry.

III Industries and Manufactures.

1. Maintaining essential statistics and detailed information about the existing industries and manufactures of the taluk, showing the capital invested and the number engaged in them.
2. Preparing a correct estimate of the industrial products and manufactures for each year.
3. Taking steps in consultation with experts and leading men engaged in such industries to improve the existing industries and preparing necessary schemes therefor
4. Increasing the number of occupations of the people. (At least six rural industries might be selected for special attention in the taluk.)
5. Studying the resources of the taluk Investigating the scope for starting new industries and introducing power plants.
6. Improving the efficiency of workers by giving them vocational training and otherwise
7. Preparing a list of the subsidiary occupations now followed by people and introducing them into places where agricultural business is slack
8. Preparing a list of new subsidiary industries which might be usefully introduced for giving employment to raiyats when agricultural operations are slack.
9. Maintaining a list of the more important manufacturers and producers in the taluk
10. Forming manufacturers' associations where necessary

IV Trade and Commerce.

1. Preparing a list of the chief centres of trade of the taluk.
2. Preparing a fair estimate of the quantity and value of the chief articles of export and import for each year and for the last five years.
3. Preparing of a list of wholesale merchants in the taluk, local and outsiders.
4. Studying the existing conditions for marketing the agricultural produce and industrial products with a view to remedying any defects
5. Providing ample postal and telegraph facilities.
6. Introducing the use of standard weights and measures.
7. Studying the existing communications and means of transport and suggesting means to improve them.
8. Forming trade and commercial associations.
9. Organising a bureau of information, commercial museum, commercial travellers, agents and canvassers.

Note.—Bureau of information and commercial museum may be associated with local Reading Rooms.

10. Encouraging merchants and other business men to travel abroad.
11. Improving standards of commercial morality and standardising good commercial practices

V. Joint-Stock Enterprise, Banking, Co-operation, etc.

1. Spreading among the people a knowledge of the principles of Joint-Stock Enterprise and other organised methods of modern commerce and the benefits to be derived therefrom.
2. Persuading the people to invest their surplus in sound Joint-Stock concerns.
3. Forming Joint-Stock Companies for starting new industries or improving old ones.
4. Forming Joint-Stock Companies for trading purposes.
5. (*a*) Studying the existing Banking facilities in the taluk.
   (*b*) Preparing a list of Joint-Stock Banks and private bankers.
6. Persuading merchants and local banks to have connections with the Mysore Bank and other similar institutions.
7. Preparing a list of Co-operative Societies in the taluk and the volume of business done by them.
8. Extending the sphere of action of the existing societies and increasing deposits therein.
9. Preparing a list of 12 villages where Co-operative Societies are to be started during the year.

VI. Organisation and Business Training.

1. Organising co-operators and workers for conference work in the taluk.
2. Collecting funds for committee work.
3. Forming associations for special purposes such as Sericultural associations, sugarcane growers' associations, etc.
4. Organising conferences and exhibitions, fairs, jatras, cattle shows, etc
5. Improving the general efficiency of the people by teaching business habits of the West.
6. Arranging for lectures on the several subjects connected with the programme.

VII. General and Miscellaneous.

1. Collecting and compiling essential statistics.
2. Making a list of persons in the taluk who have the aptitude, wealth or influence for doing public work and getting them to undertake and do work.
3. Maintaining a list of useful endowments made in the taluk.
4. Thinking and adopting measures to recognise and appreciate works of public utility when done by private persons.
5. Providing facilities for commercial and other travellers by arranging for hotels, conveyances and other conveniences at all big business centres.
6. Classification of the population of all towns and big villages according to professions and occupations.

Appendix B.

STATEMENT OF WORK DONE BY..... ..... TALUK / TOWN
PROGRESS COMMITTEE IN THE
MONTH OF..... 191

(To be sent immediately after each monthly meeting).

1. Attendance.

	Date of meeting	Number of members present	No. of Members absent
Progress Committee			
Executive Committee			

Number and names of members absent for three consecutive meetings under report.	

2. Brief abstract of work done at the meeting under.

1. Education.	
2. Agriculture.	
3. Industries and Manufacture.	
4. Trade and Commerce.	
5. Joint-Stock Enterprise, Banking and Co-operation.	
6. Organization and Business habits.	
7. General and Miscellaneous.	

3. Date of next meeting.

4. Funds.

Collected		Spent		Balance.	Objects on which money was spent during the month.
By subscription and donations from private sources.	By Government Grant.	Up to the beginning of last month.	During last month.	...	

5. Programme for the current quarter.

Agency... 1. Progress Committee. 2. Executive Committee. 3. Individuals.	Work undertaken

6. Progress reported during the month.

Agency... 1. Progress Committee. 2. Executive Committee. 3. Individuals.	Work undertaken

Date.....

Chairman,

Taluk / Town Progress Committee.

Appendix C.

ITEMS OF WORK SUGGESTED FOR INDIVIDUAL WORKERS

I Education

1 Improving regularity of attendance of boys and girls at school
2 Increasing the number of boys and girls going to school
3 Persuading adults to attend Night Schools, Improvement Schools, Continuation Schools
4 Increasing newspaper circulation by personally subscribing for one newspaper at least
5 Forming Reading Rooms
6. Granting or obtaining useful articles of furniture to the school
7 Forming school gardens
8 Providing play grounds and accessories
9 Giving scholarships to deserving boys and girls to pursue higher education
10. Building a school or contributing towards the cost of a building
11 Persuading villagers to send their girls to boys' schools where there are no separate girls' schools.
12. Persuading parents to give higher or technical training to their boys
13. Organising *Bhajane mane*s (particularly among weavers, etc)

II Agriculture

1 Introducing improved implements of agriculture, such as, iron ploughs, Disc harrows and Dod-gunte, etc
2. Ploughing dry fields immediately after harvest
3. Preserving manure on approved lines
4 Growing green crops for manure
5 Adopting single seedling transplantation system.
6 Adopting salt water method for seed selection
7 Using better varieties of seed
8 Using drills for sowing
9. Sinking subsidiary wells for irrigation
10 Using honge cake for sugar-cane cultivation.
11. Introducing power-plants where conditions are favorable.
12. Maintaining correct farm accounts.
13. Adopting improved furnaces for boiling jaggery.
14 Introducing fruit-culture where conditions are favorable
15. Raising fuel plantations and honge plantations
16. Preserving fodder, growing fodder crops.

II. (b) Sericulture

1. Extending mulberry cultivation
2. Adopting improved methods of rearing.
3. Arranging for the supply of disease-free eggs.
4. Using fresh water in reeling and renewing water in basins as often as possible.
5. Helping in the development of Sericultural Associations.

III. Industries and Manufactures

1. Introducing fly-shuttle looms wherever plain cloths are woven.
2. Studying the resources of the taluk and investigating the scope for new industries.
3. Inducing people to start carpentry or smithy shops at each important place in the taluk.

IV. Trade and Commerce.

1. Persuading persons engaged in commercial business to send their boys to Commercial School.
2. Organising joint-sale of the local produce and trying to eliminate the small middle-man.
3. Attempting to have a Post Office for every big village.
4. Trying to have a cart-track connecting each big village with the main road.

V. Joint-stock Enterprise, Banking and Co-operation.

1. Increasing deposits in societies.
2. Extending the sphere of action of societies.
3. Increasing the number of members.
4. Purchasing and selling wholesale.
5. Persuading people to start Joint-stock Concerns.
6. Persuading capitalists to invest their surplus in sound Joint-Stock Concerns

VI Organisation and Business Training.

1. Working as an organiser for Conference work.
2. Organising associations for special purposes.
3. Persuading persons of means and leisure to help Conference work.
4. Helping in raising funds.
5. Maintaining proper business accounts.
6. Visiting important centres of business to improve his own knowledge of business.
7. Spreading among the people new and sound ideas acquired as the result of such visit.

VII. General and Miscellaneous.

1. Collecting statistics and estimates of production in his village.
2. Preparing a list of economic wants and needs for his village, arranged in order of urgency and importance.

Appendix D.

ANNUAL REPORT OF TALUK PROGRESS COMMITTEES.

(MAIN HEADS UNDER WHICH REPORT MAY BE DRAWN UP.)

1. Composition of the Committee; changes during the year.
2. Meetings. Number held. Number of members present.
3. Account of receipts and expenditure. Result of audit.
4. Programme adopted and work done.
5. Agency employed; Committee members.
   - Village Improvement Committees
   - Organisers
   - Individual workers
   - Members
6. Details of work done, improved methods adopted and results achieved.
   - (1) *Education.*
     - (*a*) New schools started.
     - (*b*) Increase in literacy.
     - (*c*) Increase of Reading Rooms and Newspaper circulation.
     - (*d*) Adult education.
     - (*e*) Other matters.
   - (2) *Agriculture.*
     - (*a*) Increase or decrease in extent of crops and outturn in the taluk or area.
     - (*b*) New improvements introduced and results achieved.
   - (3) *Industries and Manufactures.*
     - (*a*) New industries started or machinery introduced with scope for further development.
     - (*b*) Estimate of industrial products and manufactures for the year.
     - (*c*) To what extent people are prepared to invest their funds in industrial enterprises.
     - (*d*) What aid is required from Government.
   - (4) *Trade and Commerce.*
     - (*a*) Export and import for the year.
     - (*b*) Associations formed and work done.
     - (*c*) Facilities created during the year.
   - (5) *Joint-Stock Enterprise, Banking and Co-operation.*
     - (*a*) Joint-stock companies formed during the year.
     - (*b*) New banks or societies started.
     - (*c*) Increase in the share capital or deposits.
     - (*d*) Any collective work done during the year.

(6) *Organisation and Business training*

(*a*) Number of workers secured and work done by them.

(*b*) Associations formed.

(*c*) Conferences and Exhibitions organised.

(*d*) Details of lectures organised.

(7) *General and Miscellaneous.*

(*a*) Statistics collected and compiled

(*b*) Provision of facilities for commercial and other travellers.

(*c*) Miscellaneous.

7. Programme for the next year

8. Endowments deserving special mention and honorary workers who have done special work.

9 Difficulties experienced in the working and suggestions for improvement.

Report of the Department of Industries and Commerce.

No. 4545-93—G. M. 155-14-4, DATED 30TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

DEPARTMENTS OF EDUCATION AND AGRICULTURE.

READ—

Report on the working of the Department of Industries and Commerce for the year 1913-14, received with the Director's letter No. 750, dated 9th September 1914.

Order No. 4545-93—G. M 155-14-4, dated 30th April 1915.

Recorded.

2. During the year under review, rules were sanctioned by Government in their Order No. G. 2097-145—G. M. 55-12-239, dated 2nd September 1913, to regulate the grant of the loans for agricultural and industrial purposes, and the supply of machinery on the hire-purchase system. Twenty-five applications under these rules were sanctioned during the year, involving advances by Government aggregating Rs. 90,534.

A sum of Rs. 71,750 was advanced as loan, and the balance towards the cost of the machinery supplied on the hire-purchase system.

3. *Manufacture of Jaggory.*—Government appreciate the important advance made in the manufacture of jaggory by the erection of a maggasse-burning furnance which effects a great saving in the cost of fuel. For one reason and another, however, the installations have not been yet a financial success and until they are worked continuously for at least one season and at a profit, Government cannot consider that all the main problems have been solved and that the extended adoption of these appliances can be put before the ryots as a definite recommendation. Government would also like that there should be greater co-operation between the Department of Industries and Commerce and the Department of Agriculture in regard to this branch of work.

4. *Weaving.*—To facilitate the operations of the Department in regard to both experimental and propogandist or educational work connected with the weaving industry, separate budget estimates were sanctioned in January 1914 for the Experimental Weaving Factory, Bangalore.

The net expenditure sanctioned therein was Rs. 8,415, but the actual net expenditure is reported to amount to Rs. 17,298.

The Director reports that this includes the value of raw materials and finished goods in stock at the end of the year, and outstandings not yet realized. The exact amounts are not however stated.

The Director is requested to submit along with the reports of future years a statement exhibiting the total value of the various kinds of raw materials and finished goods in hand, and of the outstandings not realized before the end of the year.

Considerable progress is reported to have been achieved in the experiments connected with the adaptation of jacquard machines to native hand looms and to fly-shuttle looms, and steps have been taken to popularise the improved methods among the weaving population.

Government are glad to note the progress achieved in the introduction of fly shuttle slays and of the improved methods in villages, and they observe that there is considerable field for further work in this direction.

No. 4545-93—G. M. 155-14-4, DATED 30TH APRIL 1915.

5. *Channapatna Industrial School.*—During the year, the Channapatna Industrial School was transferred to the control of the Industries and Commerce Department from that of the Education Department. Instruction in blacksmith's work and wire-drawing has now been discontinued, and attention is concentrated on carpentry and the manufacture of lacquered toys. The progress of the school is not, however, quite satisfactory.

As regards the Silk Filature the expectations raised at the time of framing the budget have not been fully realised, and Government await with interest the proposals promised for the expansion of this work in the State.

6. *Erection of Machinery.*—Twenty-six installations costing Rs. 1,44,000 approximately, are reported to have been completed up to the end of the year, and 13 installations involving a total outlay of Rs. 96,000 were in hand at the end of the year.

The purposes for which machinery has been installed cover a wide field including irrigation pumps, oil mills, sugar-cane plants, saw mill, silk twisting, printing presses, cotton ginning and workshop appliances. Five of the completed installations costing Rs. 38,662 and two of those pending completion, costing Rs. 42,200 were financed by the owners themselves, and five of the completed installations costing Rs. 55,000 are Government concerns.

Sixteen of the completed installations, and 11 of those in hand were taken up with the help of Government under the rules sanctioned in the Government Order of 2nd September 1913 affording a clear indication of the utility of the rules.

7. *Bulletins.*—The Department issued several bulletins on industrial subjects and three pamphlets on the external trade of Mysore.

8. *General.*—On the whole, the year has been one of substantial progress, and the thanks of Government are due to Mr. Chatterton for the enthusiastic manner in which he has developed the work of the Department.

9. Government note with appreciation the good work reported to have been done by Messrs. G. Subbaswamy Aiyar and B. Sitharamachar.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Director of Industries and Commerce.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Distribution of the Work of the Public Works Department and the Secretariat.

No. 610-638—3398-3426, DATED 13TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. 610-638—3398-3426, dated 13th April 1915.

In modification of the schedule attached to Government Order No. 682-6—4437-41, dated the 30th May 1913, the accompanying memorandum is issued showing the distribution of the work of the Public Works Department and the Secretariat between the Chief Engineer and the Deputy Chief Engineer.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Dept.

To—The Secretary to Government, General and Revenue Departments.
The Revenue Commissioner in Mysore.
The Superintending Engineers of Circles.
The Superintending Engineer, Cauvery Reservoir Works.
The Executive Engineer, Irrigation Division.
The Comptroller, Public Works Branch.
The Comptroller of Mysore.
The Heads of Departments.

Exd.—C. R.

No. 610-638—3398-3426, DATED 13TH APRIL 1915.

MEMORANDUM.

Subject to modifications which may be considered necessary from time to time the work in the Public Works Secretariat is distributed as indicated below :—

Subjects to be dealt with and disposed of by the Chief Engineer and Secretary	Subjects to be dealt with and disposed of by the Deputy Chief Engineer and Joint Secretary
1. Roads and buildings in general. 2. Establishment questions (in consultation with the Deputy Chief Engineer). 3. Departmental reports. 4. Questions relating to— (1) Department of Electrical Engineering and Cauvery Power Scheme. (2) Cauvery Reservoir Scheme. (3) Water-supply, Drainage, Sanitation, and (4) Telephones. 5. Public Works Budget (in consultation with the Deputy Chief Engineer). 6. Questions involving principle and relating to departmental organization and discipline (in consultation with the Deputy Chief Engineer). 7. Acquisition of lands required for purposes other than irrigation. 8. Rents of buildings. 9. Miscellaneous account matters (other than irrigation). 10. Check inspection of offices and works of the Public Works Officers in general. 11. All other questions of the department not specifically mentioned in this memorandum.	I. Irrigation works—Construction and Administration. (1) Irrigation projects and questions connected therewith. (2) Irrigation accounts. (3) Levy of water rates. (4) Acquisition of lands for irrigation works. (5) Questions relating to raiyats' contribution towards irrigation works. II. Buildings of architectural importance, town improvements, health resorts, etc., Bangalore City improvements, including Lal-Bagh, Cubbon Park, etc., and Mysore City Improvement Scheme. III. Famine programmes, famine relief works, etc. IV. Check inspection of offices and works (in consultation with the Chief Engineer) to enforce strict observance of existing orders. Final orders to issue with the approval of the Chief Engineer. V. Compilation and revision of departmental codes, rules and orders issued from time to time, and initiation of new compilations. VI. Miscellaneous :—Stores, Indents, Cash, Insurance, short leave to subordinates and officials.

Note.—While on tour, both the Chief Engineer and the Deputy Chief Engineer will inspect all Public Works, the above distribution notwithstanding.

Marhamat Establishment.

No. C65-75—3576-86, DATED 17TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

(1) Government Proceedings No. R 8464-74—L. R. 193-13-2, dated the 28th April 1914, sanctioning the revision of the Marhamat establishment under the Deputy Commissioners.

(2) Note dated the 9th November 1914, by the Secretary to Government, Public Works Department, stating, with reference to paragraph 1 (111) of the Government Order quoted above, that the number of taluks and sub-taluks being 77, there should be a corresponding number of Tank Inspectors and that to each District Office an additional peon on Rs. 7 might also be given.

Order No. 665-75—3576-86, dated 17th April 1915.

The Government Order dated the 28th April 1914, sanctioning the revision of the Marhamat establishment, allows only 67 Tank Inspectors for 68 taluks and 9 sub-taluks in the State. But, for a successful working of the new scheme, it is necessary that each taluk and sub-taluk should have a Tank Inspector as recommended by the Deputy Commissioners. The want of a suitable agency to carry out tank works in the Malnad is impeding the progress of the Marhamat scheme. Government are therefore pleased to sanction the entertainment of ten additional Tank Inspectors on Rs. 20 plus 10 (horse allowance) each, tentatively for a period of two years from 1st July 1915. They may be distributed for the present as shown below:—

District	Taluk	Number of Tank Inspectors
Tumkur	Turuvekere	1
Mysore	Seringapatam	1
	Yedatore	1
	Heggaddevankote	1
Kadur	Koppa	1
	Mudgere	1
	Narasimharajapura	1
Shimoga	Sagar	1
	Nagar	1
	Sorab	1 (extra)

2. The entertainment of one additional peon on Rs. 7 to each of the District Offices, is also sanctioned.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, P. W. Branch, through the Financial Secretary.
The Secretary to Government, General and Revenue Departments.

Accounts Establishment.

No. 288-89—C. P. S., DATED 29TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Government Proceedings No. 248-51—C. P. S., dated the 30th June 1911, sanctioning the reorganization of the establishment employed on the Cauvery Power Scheme.

2. Letter No. 3261—C. P. S. 721, dated the 26th November 1914, from the Comptroller, Public Works Branch, submitting the Report of Inspection of the Accounts of the Electrical Department.

3. Correspondence ending with the Chief Electrical Engineer's letter No. 20, dated the 15th January 1915, explaining the necessity for additional accounts establishment to the office of the Superintendents, Bangalore and Mysore Power and Lighting; and Note No. 22—C. P. S., dated the 19th February 1915, from the Secretary to Government, Public Works Department, recommending sanction to the additional establishment proposed by the Chief Electrical Engineer.

Order No. 288-89—C. P. S., dated 29th April 1915.

One of the suggestions made by the Deputy Comptroller in his report of inspection of the accounts of the Electrical Department is the decentralisation of the accounts in that department, as the existing system of maintaining revenue accounts is defective. It is explained that, with the present sanctioned staff, the Superintendents of Bangalore and Mysore Power and Lighting are not in a position to maintain correct statements of demand, collection and balance as the number of Power and Lighting installations has considerably increased. Without supplementing the existing establishment the defects pointed out cannot be removed. The Comptroller has therefore supported the application of the Chief Electrical Engineer for additional hands.

2. Government are satisfied that there is necessity for the addition proposed and are pleased to sanction the entertainment of the marginally noted accounts establishment for the Superintendents, Bangalore and Mysore Power and Lighting.

Superintendent's office, Bangalore—
1 Accountant on Rs. 50—4—70.
2 Assistant Accountants on Rs. 30—3—45 each.
Superintendent's office, Mysore—
1 Accountant on Rs. 50—4—70.

3. Owing to the reduction of work in the Chief Electrical Engineer's office, the number of Assistant Accountants in that office should be reduced by one on Rs. 30—3—45.

4. The Comptroller, Public Works Branch, will arrange to post at once the additional establishment required, and the one withdrawn from the Chief Electrical Engineer's office may be transferred to the office of the Superintendent, Bangalore Power and Lighting.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. D.

To—The Chief Electrical Engineer.
The Comptroller, Public Works Branch (through the Financial Secretary to Government with file and two spare copies).

No. 786-803 - 3982-99, DATED 29TH APRIL 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Letter No. 4286—B. 976, dated the 19th January 1915, from the Comptroller, Public Works and Railway Branch, forwarding a manuscript copy of the Finance Accounts of the Public Works Department, for the year 1913-14.

Order No. 786-803—3982-99, dated 29th April 1915.

Recorded.

2. As observed by the Comptroller, the irregularities noticed in paragraphs 71 to 75 and 78 to 80 of the memorandum on the Finance Accounts, in respect of Suspense Balances and Works Accounts, call for notice. The officers concerned are directed to take the necessary action to adjust the outstanding items finally without further loss of time, especially those which are outstanding for more than a year. The discrepancies pointed out should be duly remedied, proper explanation being given where this has not already been done. The result of the action taken should be reported to the Comptroller within three months.

3. The following omissions and deviations are also brought to notice in the Comptroller's memorandum :—

(1) No reports as to whether the surplus articles of stock were in good and serviceable condition have been received from the Executive Engineers of Bangalore, Tumkur, Hassan and Shimoga Divisions.

(2) None of the Divisions, except those of Water-Supply and Stores, Mysore and Shimoga, have furnished the report as to whether any action was taken for the disposal of the surplus stock.

(3) The report of stock-taking was not submitted by the Mysore, Tumkur, Cauvery Reservoir Works and the Water-Supply and Stores Divisions. From the Mysore Division, no counting certificates have been received since June 1911.

(4) The Superintending Engineer, Cauvery Reservoir Works, has failed to furnish particulars regarding materials at site of works and the Executive Engineer, Shimoga Division, to verify the materials by actual counting. The Executive Engineer, Bangalore Division, has also not furnished certificate of counting for the materials at the site of the new tank under construction across the Maralwadi stream at Mavatur.

(5) The Superintending Engineer, Cauvery Reservoir Works, has not also furnished the statement of advances, overpayments and arrears.

(5) The Executive Engineer, Shimoga Division, exceeded the sanctioned limit for advances and the Executive Engineer, No. IV Akkihebbal Division, incurred expenditure on stock before obtaining sanction to a stock limit.

(7) In certain cases, materials were paid for by the Executive Engineers of Tumkur, Mysore, Hassan and Shimoga Divisions a year before they were required.

4. Such irregularities could have been avoided if a little care and attention had been devoted to the matter. They should not be allowed to recur in future.

5. The Comptroller is requested to arrange for the submission of the Finance Accounts by the prescribed date in future, *i.e.*, the 15th November, and in print, if possible.

KARPUR SHRINIVAS RAO,
Secy. to Govt., P. W. Dept.

To—All Executive Engineers of Divisions.
The Assistant Engineer, Headquarters Range, Mysore City.
The Superintending Engineer, Cauvery Reservoir Works.
The Superintending Engineers of Northern and Southern Circles.
The Deputy Commissioners of Bangalore and Mysore Districts.
The Comptroller, Public Works and Railway Branch.

Training of Carriage Examiners.

No. 3063-64—Ry. F. 209-14-15, dated 21st April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Note No. 433, dated 27th February 1915, from the Secretary for Railways, submitting for approval a scheme proposed by the L o and Carriage Superintendent for the training of Carriage Examiners in the State Railway Workshops for employment on the open lines to be worked by the State.

Order No. 3063-64—Ry. F. 209-14-15, dated 21st April 1915.

The proposal for the training of Carriage Examiners as detailed in the accompanying memo is approved.

E. A. S. BELL,
Secy. for Rys., Govt. of Mysore.

To—The Comptroller, Public Works and Railway Branch.
The Engineer-in-Chief, State Railway Construction Department.

MEMO.

Probationary Train Examiners.

A limited number of youths of not less than 16 years of age who have had a fair education and who can read and write English well will be trained at the Mysore State Railway Workshops as Carriage Examiners. While under training they will be designated Probationary Train Examiners.

The training will last over a period of three years and the course will include practical instruction in construction and repair of carraige and wagon underframes, running gear, break gear and line pit work.

Probationers will receive wages amounting to Rs. 6 per month.

They will be subject to all rules and regulations of Workshops.

Before any probationer is passed out of the Workshops as a Train Examiner, he will be required to undergo an oral and written test examination in his work. Any probationer not obtaining 60 per cent of the marks allowed will be considered as having failed in the examination. He will be permitted to appear again for it but not before the expiration of 6 months from the date of the last examination. No probationer will be allowed to appear more than three times for the examination.

On a probationer passing the test examination, he will be appointed as an Assistant Train Examiner at a commencing salary of not less than Rs. 30 per month.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Note No. 462, dated 18th March 1915, from the Secretary for Railways, Government of Mysore, submitting the results of the competitive examination held for the selection of Traffic Probationers for the Railway Department.

2. Note No 501, dated 12th April 1915, from the Secretary for Railways, soliciting orders whether the appointments should be treated as pensionable

---

Order No. 3107-13—Ry. F. 53E-14-15, dated 28th April 1915.

The Government of His Highness the Maharaja are pleased to sanction the appointment of the following candidates as Traffic Probationers in the Mysore State Railway Department with effect from the date they report themselves to the Secretary for Railways:—

(1) Mr. S. K. Rajagopala Iyer, B.A.
(2) „ K. Gundappa, B.A.
(3) „ H. Rangachar, B.A.

2. The Probationers will draw a starting salary of Rs. 100 corresponding to the pay of Sub-Assistant Engineers in the Public Works Department and their subsequent pay will be regulated on a scale similar to that of the Public Works Department up to the grade of Executive Engineer. The appointments are pensionable. The candidates now appointed will be on probation in the first instance from two to three years and will be placed under training.

3. The charges during the current year should be met by reappropriation.

LOCAL FUNDS

SECTION 1—LOCAL BOARDS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1915.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	7688—L B 164-13-31 ...	5	Dy. Comr., Chitaldrug	Observes that the construction of the proposed drains to lead off the stagnant water near the stand pipes to the main drains in the Harihar Municipality in connection with remedying the defects in the drainage system referred to in the Deputy Sanitary Commissioner's notes of inspection in November 1913, is not for the reason stated likely to effect more than a partial remedy and suggests therefore that the attention of the Municipal Council may be drawn to this aspect of the case for adopting suitable measures to remedy the defect.
2	7693-7—L B 189-14-19 ...	6	President, Dist. Board, Bangalore, Rev. Comr., Comptr., Sany. Comr., and Ch. Engr.	Allots during the current year a sum of Rs. 16,000 for the Bangalore District, out of the special grant of one lakh of rupees sanctioned for sinking wells in the rural parts
3	7735-8—L B 105-14-5 ...	7	President, Dist Board, Mysore, Comptroller, Comptr., P. W. & Ry Branch, and Ch. Engr.	Raises the grant under A. Public Works in the current year's District Fund Budget of the Mysore District, by Rs. 615, by corresponding reduction under B. Public Works for carrying out certain works in connection with the water-supply to Belagola Union, Seringapatam Taluk, and requests the Chief Engineer to raise the District Fund portion of the Civil Budget accordingly.
4	7741—L B 97-14-5 ...	7	Compiler, *Mysore Gazette*	Notifies the constitution of the village of Arehalli in the Belur Taluk into a Union with effect from the 1st July 1915.
5	7742—L B ...	7	President, Dist. Board, Hassan	Forwards copy of the above.
6	7749-52—L B 97-14-6 ...	7	President, Dist. Board, Hassan, Comptroller, Revenue Commissioner, and Sany. Comr.	Sanctions the proposals to constitute Arehalli village, in the Belur Taluk, into a Union and to the introduction of house tax therein with effect from 1st July 1915.
7	7753-4—L B 25-14-8 ...	8	President, Dist. Board, Hassan, and Comptr.	Sanctions the execution of a non-budgetted work, constructing a cattle pound at Siragavara, Manjarabad Taluk, at a cost of Rs. 400 in lieu of the one provided for Agalahalli in the same taluk.
8	7755-6—L B 225-14-2 ...	8	Do ...	Sanctions the increase of pay of the sweeper employed at Gorur in the Hassan Taluk, from Rs. 5 to Rs. 6 a month with effect from 1st July 1915.
9	7758-9—L B 164-14-4 ...	8	President, Dist. Board, Mysore, and Comptr.	Sanctions with effect from 1st July 1915, the increase of pay of the peon of the inspection lodge at Basral in the Mandya Taluk, from Rs. 4 to Rs. 5 a month.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
10	7760—L B 213-14-2 ...	8	President, Dist. Board, Kadur District	States that Government will have no objection to sanction permanently the enhanced mileage allotments for eight District Fund roads temporarily sanctioned for the Kadur District, in the Government Order of the 24th April 1914, if the Board points out how in their present financial condition, the extra charge can be met out of their income and that, however, the said allotments are allowed for the year 1915-16.

Serial No	Proceedings: Number	Date	To whom sent	Subject and Order
1	7887-8—L B 113-14-6 ...	9	President, Dist Board, Mysore, and Comptr.	Sanctions the continuance till the end of June 1915, of the temporary establishment on Rs. 15 per mensem for the collection of tolls on the Madapur-Kaltyur road, T.-Narsipu Taluk.
12	7885-6—L B 19-14-23 ..	9	President, Dist Board, Bangalore, and Comptr.	Sanctions the execution of certain urgent repairs to the damaged tunnel and causeway on Yelekyathanahalli-Niduvanda Railway feeder road at a cost of Rs. 112.
13	8068-70—L B 226-14-2 ...	14	President, Dist. Board, Hassan, Comptr. and Ch. Engr.	Sanctions the following proposals made by the President — (1) The Board to undertake the maintenance of the rest-house building constructed near a temple at Kondajji in the Hassan Taluk, by Mr. Appanna Iyengar, at an estimated cost of Rs. 2,000-0-0 for the use of pilgrims and others halting at the place, and (2) to entertain a caretaker for the rest-house on Rs. 5 a month from 1st July 1915, for which due provision has been made in the draft budget for 1915-16.
14	8082-7—L B 49-14 ...	14	Revenue Commissioner, President, Dist. Board, Tumkur, Sanitary Commissioner, I.-G. of Police, Director of Agriculture, and Secy.. Economic Conference	Records the report on the cattle show held at Gubbi in connection with the annual Jatra of Sri Channabasaveswaraswami in February 1915.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
15	8240—L B 101 14-6 ...	22	Compiler, *Mysore Gazette*	Notifies the nomination by the mining Board of Dr. L. P. Stokes, First Assistant Medical Officer as a temporary non-official member of the Sanitary Board, Kolar Gold Fields, during the absence of Dr. J. D. O. Donnell, Chief Medical Officer on leave.
16	8250—L B 218-14-2 ...	22	President, Dist Board, Shimoga	Declines for the reason stated sanction to the proposal of the District Board to contribute a sum of Rs. 400, being half the cost of providing the Chamarajendra Memorial Hall at Shimoga with suitable furniture.

Serial No.	Proceedings Number	Date	To whom sent	Subject and Order
17	8278—L B 175-14-4 ...	24	President, Dist. Board, Kadur Dt.	Directs for the reason stated that the District Board should continue the maintenance of Sollebyle-Balehole road, referred to in the President's letter No. 393, dated 5th March 1915.
18	8354—L B 112-14-8 ...	28	Compiler, *Mysore Gazette*	Notifies that the election of Mr. Chennamallappasetty, Sub-Registrar, Malvalli, in place of Mr. S. A. Subrahmanya Iyer transferred, as Vice-President of the Taluk Board thereof is confirmed.
19	8355—L B ..	28	President, Dist. Board, Mysore	Forwards copy of the above.
20	8371-2—L B 229-14-2 ...	29	Dy. Comr. and President, Dist. Board, Mysore, and Comptr.	Sanctions the retirement from service of Nasiruddin, Local Fund clerk of the President's Office, with effect from the 17th April 1915.
